DEPARTMENT OF JUVENILE JUSTICE

The Florida Department of Juvenile Justice has posted a revised draft of the existing Probation and Community Corrections Handbook for review and comment at: http://www.djj.state.fl.us/policies_procedures/manualreview.html (note this is a new web page). This proposed revision to the existing Probation and Community Corrections Handbook is designed to assist probation staff (state and provider) in complying with juvenile laws and procedures, enhance public safety and provide quality services to youth and their families that come into contact with the Department of Juvenile Justice via an arrest of the youth, or through some other referral process. The purpose of the manual is to articulate the department’s policy regarding services provided to those youth and to ensure implementation of the policy contained therein. This revision to the existing handbook is being posted for a 20 calendar day review and comment period from the date of publication of this notice in the Florida Administrative Weekly. The closure date for submission of comments on this handbook is July 7, 2006. PLEASE NOTE: Comments should be directed only to the underline and strike-through portions of the handbook as these changes were made after the initial approval of the document. Comments should be sent to the person identified on the above Website.

The Florida Department of Juvenile Justice has posted a draft of the 2006 Health Care Manual for review and comment at: http://www.djj.state.fl.us/policies_procedures/manualreview.html. PLEASE NOTE that an earlier notice published in the Florida Administrative Weekly on June 2, 2006 indicated that the above referenced manual would be available on the Department’s website on June 2, 2006. Due to unexpected delays, the Health Care Manual will not be available for review and comment until June 9, 2006 (date of this publication).

The 2006 Health Care Manual, is a document that addresses the comprehensive physical health care of youth who are in the custody of a detention center and/or residential commitment Program. Due to the unique nature of health care, the manual has been written to address the various health care needs of these youth in accordance with national standards, as well as the requirements of the Florida Department of Juvenile Justice. The goal is that youth in the care and custody of the Department will receive a continuum of services that reflect the complex needs of this population. A second goal is that health care providers, direct care staff and management at all levels will understand that the health care provided to these youth must be in accordance with current clinical guidelines and at a level commensurate with the services they would

receive in the community. The manual is being posted for a single 20 working day review and comment period. The amended closure date for submission of comments on the manual is July 7, 2006. Comments should be sent to the person identified on the above Website utilizing the Matrix of Comments.

The Florida Department of Juvenile Justice has posted a revision to an existing policy for review and comment on MyFlorida.com at: http://www.djj.state.fl.us/policies_procedures/policyreview.html (note new Web page). The Direct Care Staff Training Policy (FDJJ 1510, department-wide policy type B) establishes a statewide framework for the Department of Juvenile Justice to implement procedures governing the certification, pre-service, and in-service training of direct care staff. It is applicable to all direct care staff as defined in this policy, within all state and contracted programs, facilities, and probation units. Training requirements are established in order to: 1) ensure that all direct care staff are performing at a minimum standardized level of competency, 2) maintain a safe and secure environment for staff and youth, 3) enhance treatment program effectiveness, and 4) provide greater protection to the public through an improved level of services to the youth in our care. This policy is posted for a single 20 working day review and comment period, with the closure date for submission of comments on this policy of July 7, 2006. Responses to comments received will be posted during the review period to the extent possible, but no later than 10 working days after the end of the review period on the above Website.
