NOTICE OF PROPOSED MODIFICATION TO TRANSMISSION LINE CERTIFICATION

Florida Power & Light Company has filed request number TA88-06A to authorize a modification to the Crane-Bridge-Plumousus 230 kV Transmission Line Corridor certified on September 7, 1989. This request for modification has been received by the Department of Environmental Protection, under the Transmission Line Siting Act, pursuant to Section 403.5315(2), F.S. The modification, which FPL is pursuing at the request of Florida Atlantic University and the developers of the Scripps Research Park, would allow relocation of approximately 3,500 feet of the existing right-of-way 460 feet to the east to a right-of-way to be

provided by Florida Atlantic University within its campus. The new right-of-way would be within the originally certified corridor. However, the original certified corridor shrank to the existing right-of-way housing the Crane-Bridge-Plumosus line and the Plumosus-Riviera 138 kV line as required by Section 403.522(10), Florida Statutes. As such, a modification is necessary to relocate the right of way as requested. The modification will pass through or affect the following local governmental jurisdictions: Palm Beach County and the Town of Jupiter.

A copy of the Request for Modification may be obtained from: Hamilton S. Oven, P.E., Transmission Line Siting Coordinator, Department of Environmental Protection, 2600 Blair Stone Road, MS 48, Tallahassee, Florida 32399-2400, (850)245-8002. Copies of the modification are also available at: Tim Gray, DEP Southeast District, 400 North Congress Avenue, Suite 200, West Palm Beach, FL 33401, (561)681-6600. Parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Persons who are not already parties to the certification proceeding and whose substantial interests are affected by the proposed modification and who object to it must file their objections in writing, within 30 days of publication of this notice. Objections must be filed in writing with: the Department of Environmental Protection, Office of General Counsel, 3900 Commonwealth Dr., Tallahassee, Florida 32399, during normal business hours. A copy of such objection must be served on all parties. Persons who fail to have the objection filed with (received by) the Department within the prescribed time period will have waived their right to object.

FISH AND WILDLIFE CONSERVATION COMMISSION

AVAILABILITY OF DRAFT MANAGEMENT PLAN

The Florida Fish and Wildlife Conservation Commission at its June 2006 meeting determined that reclassifying the Florida manatee (*Trichechus manatus latirostris*) from endangered status to threatened status was warranted, and directed the development of a management plan. Reclassification will not occur until the reclassification rules in the proposed plan are approved by the Commission. A draft management plan for the Florida manatee has been prepared, and the Commission is now requesting written comments regarding conservation recommendations and expected economic, social, environmental and ecological impacts of implementing the management plan. Copies of the draft management plan are available at <http://www.myfwc.com> or can be requested from Manatee Management Plan, 620 South Meridian Street, Mail Station 6A, Tallahassee, Florida 32399-1600.

Written comments should be addressed to the above address, or submitted to the following email address: manatee_plan@myFWC.com. Comments will be accepted until 5:00 p.m., January 11, 2007.
