LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION

On July 5, 2007, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to establish the Bexley Community Development District I (the "District"). The Commission will follow the requirements of Chapter 42-1, Florida Administrative Code (F.A.C.), as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition.

SUMMARY OF CONTENTS OF PETITION: The petition, filed by NNP-Bexley, Ltd., requests the Commission to establish a community development district located entirely within unincorporated Pasco County, Florida. The land area proposed to be served by the District comprises approximately 2,528.306 acres. A general location map is contained as Exhibit 1 to the petition to establish the District. There is no real property located within the external boundaries of the proposed District to be excluded from the District. The Petitioner has obtained written consent to establish the District from the landowners of 100% of the real property located within the proposed District. The proposed infrastructure plan consists of district roads and street lighting, county owned off-site roadways, state owned off-site roadways, water and wastewater, irrigation system, surface water management, landscaping and security walls, and park and recreational facilities.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 7 to the petition. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.; (e) any additional information that the agency determines may be

useful; and (f) any good faith written proposal submitted under Section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing Section (a), the District, the State of Florida and its residents, Pasco County and its residents, current property owners of lands within the boundaries of the proposed District and future property owners are the principal entities that are likely to be required to comply with the rule. Under Section (b), FLWAC and the State of Florida will incur administrative costs. Pasco County may incur costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to Pasco County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing Section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under Section (d), approval of the petition to establish the District will have no impact or a positive impact on small businesses. The petition to establish the District will not have an impact on small counties as Pasco County is not a small county as defined by Section 120.52, F.S. Under Section (e), certain data utilized in the report was provided by the developer/petitioner and represents the best information available at the time. Other data was provided by Rizzetta & Company and was based on observations, analysis and experience with private development and other Districts in various stages of existence. A LOCAL HEARING WILL BE HELD AT THE TIME, DATE AND PLACE SHOWN BELOW:

DATE AND TIME: Monday, October 8, 2007, 10:00 a.m.
 PLACE: Dade City Council Chambers, Council Chambers, 37420 Meridian Avenue, Dade City, Florida

Any person requiring a special accommodation to participate in the hearing because of a disability should contact: Susan E. **NOTICE OF FUNDING AVAILABILITY (NOFA)
MY SAFE FLORIDA HOME PROGRAM
FLORIDA DEPARTMENT OF FINANCIAL SERVICES
LOCAL GOVERNMENT GRANTS**

(State FY 07 DFS Grant Funding Availability)

The Florida Department of Financial Services (DFS), My Safe Florida Home program (MSFH), announces the release of a Notice of Funding Availability (NOFA) for Local Governments within the State of Florida. The purpose of this NOFA is to enable Florida citizens, through their local governments, to receive wind mitigation services including free wind inspections and mitigation assistance with their homes. The MSFH program is partnering with local governments to meet the program's goal(s), which are delineated as follows: Section 215.5586, Florida Statutes, mandates that the Department will complete up to 400,000 free home inspections and provide grants to 35,000 qualified homeowners by June 2009. The partnership with local governments will help residents living in single family site built owner-occupied residences that are homesteaded, have an insured value of less than \$300,000 (unless the homeowner qualifies as low-income), were permitted to be built prior to March 1, 2002 and have undergone a wind inspection (which will be provided free to the homeowner).

This NOFA will be available effective September 10, 2007 and expire October 26, 2007. Eligible applicants include all political sub-divisions of the State of Florida.

- A. The total funds available for grants under this NOFA are \$20,000,000 and eligible applicants may submit a grant proposal for up to \$1,000,000.
- B. The priority focus of the grant funds shall be to provide free home wind inspections and/or grant funds for mitigation improvements to qualified homeowners within the local jurisdiction.

A. Wind Inspections:

- Wind inspections must be performed by qualified inspectors who have passed the MSFH inspection course provided through the University of Florida. This may be accomplished either through training of local government personnel or through contracting with a department-approved wind inspection firm doing business within the region in which the local government is located.

- Grant funds are to be used to assist homeowners within the local jurisdiction in hardening their homes as documented in the wind inspection report with priority given to protecting openings (windows, doors and garage doors) and to the bracing of gable ends in the roof.

B. MSFH Program:

- Grant amount is limited to up to \$5,000 per homeowner residence, either for direct grants to qualifying low-income homeowners whose income is less than 80% of AMI (Area Medium Income) or matching grants to homeowners above this income threshold, with no jurisdiction receiving more than \$1,000,000 in grant funds. Actual grants awarded may be less than \$1,000,000.
- Cost effectiveness of past program performance will be considered in the scoring and ranking for existing programs.
- At a minimum, each grant proposal must include the following:

The Department seeks proposal from Local Governments to become grant recipients to accomplish the mission of MSFH in the Local Government's jurisdiction. The proposal must include:

1. A description of how the proposer intends to implement the required inspection element of the program.
2. A description of the focus of hardening homes, such as a shutter only program or a roof strengthening program with detail on all improvements the proposer plans to accomplish.
3. A description of households to be served, whether low-income, non low-income or some combination.
4. A description of funds being used as match for MSFH grant funds, unless serving low-income households where no match is required. Preference will be given to local governments that can commit to match resources with MSFH in order to expand capacity.
5. Preference will be given to those proposals which demonstrate a grant administration capacity and previous experience with housing re-hab grants.

6. Preference will be given to those local governments which demonstrate effective current programs.

Grant Proposals must be received at the following location no later than 4:30 p.m. (EST), October 26, 2007. It is the proposer's responsibility to ensure receipt of Grant Proposals via mail, overnight delivery, hand delivery, or other means at the address and room number listed below by the time and date stated above:
