SUMMARY: The petition, filed by Seville LLC, requests the Commission establish a community development district located entirely within unincorporated Hernando County, Florida. The land area proposed to be served by the District comprises approximately 1,036.71 acres. The proposed land area is generally located in Northern Hernando County, with its Northern boundary comprised of the Hernando County/Citrus County Line. The proposed District is further located West of US 98 and East of US 19. There are 83 parcels of real property located within the external boundaries of the proposed District which are to be excluded from the District. The Petitioner has obtained written consent to establish the District from the landowners of 100% of the real property located within the proposed District. The proposed infrastructure plan consists of roads, paving and street lighting; water and wastewater; stormwater management; and, an irrigation system.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 8 to the petition. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the District, Hernando County, and certain state agencies are the principal entities that are likely to be required to comply with the rule. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur administrative costs. Hernando County will incur costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to Hernando County to offset any costs it may incur. Adoption of the proposed rule to approve the

formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition to establish the District will have no impact or a positive impact on small businesses. Hernando County has a population of 130,802 according to the Census 2000 conducted by the United States Census Bureau and is therefore not defined as a "small" county according to Section 120.52, Florida Statutes. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the Petitioner's engineer and other professionals associated with the Petitioner.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

These changes are in response to comments received from the Joint Administrative Procedures Committee.

The rule incorporates by reference the Florida Medicaid Early Intervention Services Coverage and Limitations Handbook, August 2007. The following changes were made to the handbook.

Page 1-4, ITDS Enrollment Criteria. We added clarification that the ITDS coursework required by the Department of Health applies to all providers. The last sentence in the second paragraph now reads, "In addition to the education and work experience requirements, all providers must complete the ITDS coursework and competencies as required by the Department of Health, CMS Early Steps state office."

We provided the full title of the Individualized Family Support Plan prior to the abbreviation IFSP. The third paragraph now reads, "The ITDS provides early intervention services under the support and direction of the Individualized Family Support Plan (IFSP) team, including a licensed physician or other health care professional acting within his scope of practice."

Page 1-5, A Complete Medicaid Enrollment Application Package. We revised the first bullet to read, "Copy of all appropriate Florida professional or paraprofessional licenses or a copy of the Department of Health, CMS Early Steps Infant Toddler Developmental Specialist certificate." We added the following note, "See page 1-3 for the list of professional licenses and page 1-4 for the type of paraprofessional license that qualify an individual to enroll as an early intervention provider."

Page 2-3, Criteria of Eligibility by Testing. We changed the heading to read, "Criteria for Eligibility by Testing." In the first sentence, we changed "standardized tests" to "standardized instruments." We deleted the second sentence that the tests be "thorough, efficient, objectively scored, reliable, valid, culturally fair and have a broad developmental focus."

Page 2-8, Provider Requirements. We revised the note to read, "See Chapter 1 in this handbook for the types of professional licenses that qualify an individual to enroll as a professional early intervention services provider."

Page 2-9, Description of an Initial or Follow-up Interdisciplinary Psychosocial and Developmental Evaluation. In the last paragraph, second sentence, we replaced the abbreviation, EIS, with the full title, "early intervention services."

Page 3-2, Government and Private Non-Profit Agencies. We included the dates of the OMB circulars. The second paragraph now reads, "An agency determines the cost of providing the service in accordance with the Office of Management and Budget Circular A-87 (Revised 5/4/95, As

Further Amended 8/29/97) for public agencies, and Circular A-122 (Revised May 10, 2004), for private non-profit agencies.”

59G-4.085(3) incorporates by reference AHCA-Med Serv Form 020. We made a technical change to the title of the form by correcting the word “formally” to “formerly.”

65C-13.023 Background Screening Requirements
Pre-service Training.

(1) The department shall conduct background screenings for all persons considered by the department for initial licensure or re-licensure as an out-of-home caregiver and all adult household members pursuant to Section 409.175, F.S. These screenings shall be completed before an applicant shall be licensed as an out-of-home caregiver and before any children are placed in the home. Exemptions from disqualification may be granted to potential licensed out-of-home caregivers for crimes or offenses covered by Sections 435.07(1) and (2), F.S., and according to the guidelines established under Sections 435.07(3) and (4), F.S. Failure to comply with any requirement for good moral character and background screening as described in this rule may be grounds for denial, suspension or revocation of an application or license. The supervising agency or the department has the discretion to request background screening for other individuals if there is reasonable belief that:

(a) The person may be a household member; or

(b) His or her presence in the foster home may adversely affect the health, safety and welfare of the children in the home; or

(c) The person has or may have unsupervised contact with the children.

(2) These screenings shall, at a minimum, include fingerprinting; statewide criminal and juvenile records checks through the Florida Department of Law Enforcement; federal criminal records checks through the Federal Bureau of Investigation; local criminal record checks through local law enforcement agencies, and may include records of any responses to the home by law enforcement that did not result in criminal charges. Records checks through the department's Statewide Automated Child Welfare Information System (SACWIS) regarding child abuse and neglect investigations and civil court records checks regarding domestic violence complaints and orders of protection must also be included. If the applicant or any other adult household member has resided in any other state over the past five years, requests for abuse and neglect histories must be made of those states, and the results of such requests included with the application packet. Only abuse and neglect reports in which the person being considered for licensure was named as the "caregiver responsible" for the abuse or neglect may be used for initial licensing decisions. If the person applying is or was a licensee of the department and was named in any capacity in three or more reports during a five year period, regardless of classification, those reports may be reviewed by the department for their relevancy as it relates to the licensing decision. All reports in which the person seeking licensure or re-licensure was named as the "caregiver responsible" must be considered for licensing purposes. For homes being considered

for licensure for longer than one year under Section 409.175(6)(j), F.S., all abuse reports with any findings shall be considered.

(3) Each applicant and adult household member being screened shall sign an "Affidavit of Good Moral Character", CF 1649, ~~May~~ January 2007, incorporated by reference and available at www.dcf.state.fl.us/publications/, and a "Release of Information", CF-FSP 5090, March 2007, incorporated by reference and available at www.dcf.state.fl.us/publications/. Failure to comply with any requirement for good moral character and background screening as described in this rule may be grounds for denial, suspension or revocation of an application or license.

(4) Each applicant and adult household member being screened under this section shall provide all the names, under which he or she has been known.

(5) For children between the ages of twelve and eighteen, the background screening shall be limited to statewide criminal and juvenile records name checks through the Florida Department of Law Enforcement and does not require fingerprinting. Screening of young adults age 18 through 22 who are receiving services through Chapter 65C-31, F.A.C., and who have had no break in service provision are not required to be screened. A youth receiving services under Chapter 65C-31, F.A.C., ~~who wishes to baby sit may be screened by name check through the Florida Department of Law~~ may not baby-sit foster children.

(6) The background screenings under this section shall ensure that no out-of-home caregiver licensed by the department and no person residing in a family foster home has been found guilty of, regardless of adjudication, or entered a plea of nolo contendere or guilty to any offense prohibited under Section 435.04, F.S., or similar statutes of another jurisdiction at any time. When the individual who is being screened is a former dependent child under 23 years of age and the security background screening reveals a disqualifying offense which was committed during or prior to the time that the child was dependent, that offense shall not automatically affect the licensure of the out-of-home caregivers. Exemptions for disqualifying offenses may be sought under Section 435.07, F.S.

(7) All records obtained, as a part of the background screening, shall be considered in the process of determining whether to issue a foster care license or if there is a current license, whether the license should be revoked. Such records shall include findings of delinquency; any misdemeanor or felony criminal arrests resulting in a plea of nolo contendere or conviction; any criminal traffic offenses resulting in a plea of nolo contendere or conviction, and any civil cases of domestic violence and orders for protection. Crimes perpetrated in other states that are misdemeanors in that state but would be felonies listed under Section 435.04, F.S., if committed in Florida shall be considered as disqualifying offenses by the department for licensing decisions.

(8) Persons who are currently licensed as out-of-home caregivers and any adult household members shall be re-screened at least annually as a part of the application for re-licensing. Annual screening for re-licensure shall be limited to a local criminal records check, an abuse and neglect record check clearance through the Statewide Automated Child Welfare Information System (~~SACWIS~~), and may include records of any responses to the home by law enforcement that did not result in criminal charges, and any 911 calls to the home. The state criminal records checks shall be completed every five years through the Florida Department of Law Enforcement. Abuse and neglect reports in which the applicant was named in any capacity in three institutional reports, regardless of classification over the past five years shall be reviewed for relevancy related to the licensing decision and may be used in determining whether to renew or revoke the person's license. All reports with any findings may be considered for the purposes of re-licensing a home for more than one year under Section 409.175(6)(j), F.S.

(9) The cost of all background screening activities shall be borne by the supervising or lead agency.

65C-13.024 Pre-service Training. Initial Licensing Procedures.

(1) All prospective out-of-home caregivers shall successfully complete a department approved parent preparation training as a condition of licensure.

(2) Pre-service training shall meet the requirements of Section 409.175(14)(b), F.S., and shall include training for out of home caregivers on decision-making related to the balance of normalcy for children in care and their safety. As a prerequisite to licensure, potential licensed out-of-home caregivers who have swimming pools or whose homes are adjacent to bodies of water unprotected by a barrier of at least four feet will be required to complete a basic water safety course administered by the American Red Cross, YMCA or a trainer certified in water safety training. This requirement does not apply to homes with wading pools, which are temporary and portable pools with a depth of less than two feet. Standing water shall not remain in wading pools when not in use.

(3) Each pre-service class shall be led by a certified child protection professional according to Section 402.40(7), F.S., who has a bachelor's degree or a master's degree from an accredited college or university, and should include a licensed out-of-home caregiver as a co-facilitator. In addition, a young adult formerly in foster care must be invited to participate in

one or more sessions of the training to ensure that prospective out-of-home caregivers may benefit from the former foster youth perspective.

(4) The certified child protection professional trainer is responsible for ensuring that the pre-service curriculum is presented and discussed and that copies of all handouts and reading materials are provided to the participants.

(5) Individualized training may be completed with the approval of the lead agency. If individualized training is done, the certified trainer is responsible for complying with the requirements set forth for pre-service training in Section 409.175(14)(b), F.S.

(6) Prospective foster and adoptive parents may elect to attend pre-service training as defined in subsection (2) of this section, offered by any licensed child placing agency. Agencies are expected to work cooperatively with each other and prospective licensed out-of-home caregivers to ensure the ongoing availability of pre-service training for all prospective out-of-home caregivers.

(7) Exemptions to the pre-service training may be made for individuals who have successfully completed pre-service training equivalent to the pre-service training offered by the local supervising agency, provided the training was completed within the last five years and the individual(s) provide(s) proof of successful completion. If there have been changes or updates in the curriculum, the individual must take those portions of the course only. Supervising agencies may request any information regarding the curriculum completed for the purposes of making a recommendation to the department. The department shall review the curriculum content and consider the recommendation of the supervising agency in determining whether the individual may be exempt from attending the pre-service training offered by the supervising or child placing agency.

(8) When an individual successfully completes pre-service training but does not continue the licensing process, the supervising agency staff shall document the reason(s) the process was discontinued. Previously completed pre-service training may be accepted towards licensure for up to five years from the date of verified curriculum completion. Previously licensed out-of-home caregivers who have a break in service of less than one year, but who completed pre-service less than four years prior to requesting renewal may be licensed without completing pre-service.

65C-13.031 Terms of a License, Capacity, Placement and Waivers.

(1) It is unlawful for any person to make a willful or intentional misstatement on any license application or other document filed in connection with an application for a license. An applicant who makes such willful or intentional misstatements shall have his or her license denied or revoked.

(2) The ~~district or~~ regional licensing authority shall request in writing, any additional information legally required for the purposes of making a licensing determination, within ten working days of receipt of an application packet and either grant or deny an initial license application within ten working days of receipt of a complete application packet.

~~(3) Because the safety and welfare of children are obviously impacted, the Department of Children and Families has broad discretion with regard to licensing family foster homes under Section 409.175, F.S. The responsibilities of the department pose issues not involved in professional or business licenses issued by other agencies, therefore, a license issued under this section is not a professional license; does not create a property right in the recipient and is not an entitlement. A license to provide out-of-home care is a public trust and a privilege.~~

~~(3)~~(4) Initial licenses shall only be issued to persons who have met all licensing requirements.

~~(4)~~(5) A license is issued to specific caregivers for a specific location and is not transferable to any other person or location. Offices, conference rooms and other non home-like settings are not appropriate for licensing or placement of children in care.

~~(5)~~(6) The license shall reflect the name of the licensee, the licensee's physical address, city and county, the name of the supervising agency and the license number along with its beginning and expiration dates. The approved capacity and any limitations placed on the licensed out-of-home caregiver shall be displayed. An initial license is valid for one year from the date of issuance unless the license is revoked or voluntarily relinquished.

~~(6)~~(7) A license for renewal shall be issued for longer than one year but no longer than three years providing that the applicant has:

(a) Maintained a license with the department for three consecutive years;

(b) Is in good standing with the supervising agency and the department;

(c) Has not been the subject perpetrator of an abuse or neglect report with some indicators or verified findings of maltreatment.

~~(7)~~(8) The department reserves the right to reduce a licensure period at any time. When the department determines that a reduction in the licensure period is warranted, it shall promptly notify the supervising agency and the applicant in writing, identifying the reasons for the reduction in the licensure period, the statutory authority for this action and the applicant's right of appeal pursuant to Chapter 120, F.S.

~~(8)~~(9) Authorized licensing staff of the department or supervising agency may make unannounced inspections of a licensed foster home. The inspection may include examination of all rooms and areas on the property and interviews of all household members.

~~(9)(40)~~ All licenses shall be signed by the ~~district or~~ regional administrator or designee in upper level management.

~~(10)(11)~~ Provisional License.

(a) Provisional licenses shall not be issued without the submission of a written plan to the licensing authority identifying the deficiencies and time frames for correcting the deficiencies prior to the expiration of the provisional license.

(b) No license shall be issued if there is a failure to comply with background screening requirements of Rule 65C-13.022, F.A.C.

(c) In rare instances, the department may issue a provisional license to an applicant who is unable to fully conform to the licensing requirements, but who is believed to be able to meet the licensing requirements in matters that do not involve immediate danger to children or jeopardize their safety. Before a provisional license may be issued, a corrective action plan shall be developed by the applicant and the supervising agency and be submitted with the application packet.

(d) Under no circumstances shall new or additional children be placed in a foster home which has been issued a provisional license.

(e) A provisional license may be issued for a period of up to one year but shall not be re-issued as a continued provisional license.

(f) A provisional license may be suspended if periodic inspection made by the supervising agency indicates insufficient progress has been made toward corrective action plan compliance.

~~(11)(12)~~ License Modifications.

(a) Modifications shall be made to a license at the request of the licensed out-of-home caregiver or as a result of corrective measures.

(b) Modifications which alter information set forth on the existing license shall result in the issuance of a new license. This new license shall be titled "Amended License" and shall expire on the same date as on the existing license.

(c) If a request for modification occurs within ninety days of the expiration of the license, the supervising agency may choose to conduct all activities consistent with re-licensure. The new license shall be valid for one year from the new date of issuance.

(d) A licensed out-of-home caregiver that relocates within a ~~district or~~ region shall retain the same license number.

~~(12)(13)~~ Record Confidentiality. Any information made confidential by Section 409.175(16), F.S., shall be exempt from release unless otherwise ordered by the court. This confidentiality also applies to records maintained by community-based care providers pursuant to Section 119.011(2), F.S.

~~(13)(14)~~ File Retention.

(a) The department ~~and~~ or lead agency shall maintain a central file in the ~~district or~~ region for every family foster home licensed. **NOTICE OF INTENT TO GRANT A WATER QUALITY
 CRITERIA EXEMPTION**

The facility is owned by the Tampa Bay Electric Company 113, 702 North Franklin Street, Tampa, Florida 33602. The exemption is for the permitted discharge of treated industrial wastewater to Class G-II ground water. The exemption is granted for the duration of TEC's wastewater Permit Number FLA0170147, and made a part of the wastewater permit. The applicant in conjunction with the wastewater Permit Number FLA0170147 must petition for any future exemptions.

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, Florida Statutes. The petition must contain the information set forth below and must be filed (received) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within 21 days of publication of this notice. The petitioner must mail a copy of the petition to the applicant Mr. Stanley M. Kroh, Environmental Health & Safety, P. O. Box 111, Tampa, Florida 33601-0111, at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, Florida Statutes, or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, Florida Administrative Code.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

(a) The name, address, and telephone number of each petitioner; the name, address, and telephone number of the petitioner's representative, if any; the Department case or identification number and the county in which the subject matter or activity is located;

(b) A statement of when and how each petitioner received notice of the Department action;

(c) A statement of how each petitioner's substantial interests are affected by the Department action;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A statement of facts that the petitioner contends warrants reversal or modification of the Department action;

(f) A concise statement of the ultimate facts alleged, as well as the rules and statutes which entitle the petitioner to relief; and

(g) Demand for relief (sought by the petitioner, stating precisely the action that the petitioner wants the Department to take).

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, Florida Administrative Code.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department's Tallahassee Office, 2600 Blair Stone Road, Room 232B, Tallahassee, Florida 32399-2400; telephone David James at (850)245-8648.
