FLORIDA LAND AND WATER ADJUDICATORY COMMISSION

NOTICE OF RECEIPT OF PETITION CAPITAL REGION COMMUNITY DEVELOPMENT DISTRICT

On February 2, 2007, the Florida Land and Water Adjudicatory Commission ("FLWAC" or "Commission") received a petition to adopt an amendment to Rule Chapter 42CC-1, Florida Administrative Code (F.A.C.), to amend the boundary of the Capital Region Community Development District (the "District"). A revision to the petition was submitted on February 14, and March 15, 2007. The Commission will follow the requirements of Chapter 42-1, F.A.C., as amended, and Chapter 190, Florida Statutes (F.S.), as amended, in ruling on this petition, as revised.

SUMMARY OF CONTENTS OF PETITION: The petition, as revised, was filed by the Capital Region Community Development District (the "District") with its registered office located at 123 South Calhoun Street, Tallahassee, Florida 32301. The petition proposes to modify the land area presently serviced by the District by amending its boundary to remove approximately 1,081.55 acres from the District located within the City of Tallahassee and unincorporated Leon County, Florida. The District currently covers approximately 3,286.94 acres of land and after amendment the District will encompass approximately 2,205.39 acres. There are 2 parcels of land located within the proposed contracted boundaries of the District that are to be excluded from the District. The parcels are owned by the Board of Trustees Internal Improvement Trust Fund, 3900 Commonwealth Boulevard, Tallahassee, Florida 32399. Petitioner has obtained written consent to amend the boundaries of the District from the owners of 100% of the real property located within the contraction parcel.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition, as revised, to establish the District. The complete text of the SERC is contained as Exhibit 10 to the petition, as revised. The requirements for a SERC are found in Section 120.541(2), F.S. A SERC must contain (a) a good faith estimate of the number of individuals and entities likely to be required to comply with the rule, together with a description of

the types of individuals likely to be affected by the rule; (b) a good faith estimate of the costs to the agency, and to any other state and local government entities, of implementing and enforcing the proposed rule, and any anticipated effect on state or local revenues; (c) a good faith estimate of the transactional costs likely to be incurred by individuals and entities, including local governmental entities, required to comply with the requirements of the rule; (d) an analysis of the impact on small businesses as defined by Section 288.703, F.S., and an analysis of the impact on small counties and small cities as defined by Section 120.52, F.S.; (e) any additional information that the agency determines may be useful; and (f) any good faith written proposal submitted under section (a) and either a statement adopting the alternative or a statement rejecting the alternative in favor of the proposed rule. Addressing section (a), the District, the State of Florida, the City of Tallahassee, and Leon County are principal entities that are likely to be required to comply with the rule. In addition, current and future property owners will be affected by the establishment of the proposed District. Under section (b), FLWAC and the State of Florida will incur administrative costs. The City of Tallahassee and Leon County will incur costs resulting from the initial review and on-going costs resulting from the on-going administration of the District. There is a \$15,000 filing fee paid to the City of Tallahassee and Leon County to offset any costs it may incur. Adoption of the proposed rule to approve the formation of the District will not have an adverse impact on State and local revenues. Addressing section (c), the District may levy non-ad valorem special assessments on properties within its boundaries to finance infrastructure that the District funds and to defray the costs of operating and maintaining the infrastructure and associated community facilities. The District may issue notes, bonds, or other indebtedness to fund its improvement program. Prospective future land owners would be required to pay off such indebtedness over time in the form of non-ad valorem special assessments or other rates, fees or charges. The District may also impose an annual levy for the operation and maintenance of the District. Under section (d), approval of the petition, as revised, to establish the District will have no impact or a positive impact on small businesses. The petition, as revised, to establish the District will not have an impact on small cities or small counties as defined by Section 120.52(17), F.S., as the City of Tallahassee and Leon County are not defined as a small city or small county. Under section (e), the analysis provided in the SERC was based on a straightforward application of economic theory. Input was received from the developer's engineer and other professionals associated with the developer.

SUMMARY OF CONTENTS OF PETITION: The petition, filed by The St. Joe Company, requests the Commission establish a community development district located entirely within the incorporated limits of the City of Port St. Joe, in Gulf County, Florida. The land area proposed to be served by the District comprises approximately 1,812.999 acres. A general location map is contained as Exhibit 1 to the petition to establish the District. The proposed infrastructure plan consists of roadways; landscaping, irrigation and entrance features; recreation; stormwater management; and potable water and sanitary sewer.

SUMMARY OF ESTIMATED REGULATORY COSTS: The statement of estimated regulatory costs (SERC) supports the petition to establish the District. The complete text of the SERC is contained as Exhibit 8 to the petition. The requirements for a SERC are found in Section 120.541(2), F.S. The City of Port St. Joe has a population of 3,644 and is therefore defined as a "small" city according to Section 120.52, F.S. The petition to establish the District will not unduly burden the City of Port St. Joe by the development of land within the District and any impact will be mitigated by the additional tax, shared and other revenues available to the City to provide municipal services.
