DEPARTMENT OF COMMUNITY AFFAIRS

Notice of Funding Availability

FOR LOCAL UPDATE OF CENSUS ADDRESSES (LUCA) FLORIDA DEPARTMENT OF COMMUNITY AFFAIRS

The Florida Department of Community Affairs (DCA) announces technical assistance grant funding in the amount of \$789,880 to assist Florida's incorporated cities and counties in an effort to encourage and facilitate participation in the U.S. Census Bureau's LUCA Program.

In August 2007, Florida's cities and counties will be invited by the U.S. Census Bureau to update the Bureau's official master address file that will be used to deliver the 2010 Census forms. It is essential that this master address file contain all addresses where Floridians reside. In this way the 2010 Census will reflect a complete and accurate count in Florida ensuring that cities and counties receive their fair share of state and federal funds. Our fast-growing and diverse state presents special challenges for the Census Bureau address list and an undercount could cost millions in lost federal revenue over the next decade.

Cities and counties may use the available technical assistance funds to help defer a variety of expenses related to the review and update of addresses within their jurisdiction(s). Technical assistance grants will vary in amount by county, with city grant awards controlled to the county caps. Grant amounts will be based on 0.30 per capita less inmates, as reflected by April 1, 2006 county population estimates, and the county will be bound by a minimum grant award of \$7,500 and a maximum of \$30,000. Grant requests should be based on the individual or consolidated jurisdiction's maximum award level as shown in the worksheet at <http://LUCA.FLCensus.gov/tag/tag.htm>.

Eligible expenses shall include, but not be limited to, technology (purchase, lease or upgrade of computer-related equipment and software); overtime pay for full-time workers and salaries for temporary workers; and contractual agreements with other Florida governmental entities (regional planning councils, state universities, community colleges, or other cities or counties).

To apply for state technical assistance funding, local governments must complete an application form which is available at <http://LUCA.FLCensus.gov/tag/tag.htm>. Applicants must submit five original signed applications to the Florida Department of Community Affairs, by 5:00 p.m. (EDT), on Friday, July 13, 2007. Applications received after the published deadline shall be deemed late and will not be considered by the Department of Community Affairs.

Grant applications and awards are from the State of Florida only and do not substitute for U.S. Census Bureau LUCA registration. Applicants must register with the U.S. Census Bureau as a LUCA participant to ensure final receipt of funds.

The applications will be ranked and priority consideration will be given to the following factors: the LUCA participation option selected; whether or not the application includes all local government jurisdictions (all incorporated and unincorporated areas) within a county's boundaries or a subset thereof; whether or not the county is considered "fiscally constrained" as defined by Section 218.67(1), Florida Statutes; whether or not the county was included in major federal disaster declarations in at least 2 different 12-month periods beginning June 1, 2004; whether the 2005 county per capita

personal income is below the state level; and whether or not the entire county area has experienced a population growth rate between April 1, 2000 and April 1, 2006 that exceeds the state.

Applicants will receive scores based on a competitive scoring system. Grant awards will be determined based on the number of applications received and available funding.

Grant awards will be announced no later than August 1, 2007. The Florida Department of Community Affairs will be responsible for executing award agreements, monitoring the funding and processing payments to local governments.

Because revenue sharing formulas, as well as federal and state grant awards, rely on census data, local governments are encouraged to take steps to ensure that the 2010 Census accurately reflects population and household income levels. The funds being offered under this NOFA will assist with that process. More information on the Florida LUCA Technical Assistance Grant program is located at <http://LUCA.FLCensus.gov/tag/flluca-brochure.pdf>.

For additional information, please contact via phone at (850)922-1450 or toll free at 1(877)435-5822, or via email at LUCA@FLCensus.gov.

Applications should be mailed or hand-delivered to:

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

The Department of Environmental Protection (Department) gives notice of its intent to issue a variance (File No. 0151551-009) to CF Industries, Inc. (CF), Post Office Box 1549, Wauchula, Florida 33873 under Section 378.212, Florida Statutes (F.S.) from the provision of subsection 62C-16.0095(3), Florida Administrative Code (F.A.C.), which requires that the 1999 Florida Land Use, Cover and Forms Classification System (FLUCCS) be used to describe vegetation and land uses in Notices of Disturbance (NODs). The variance will only be applicable to the processing timeframe of the South Pasture Mine Phase IIB reclamation parcel application that was received by the Department on April 23, 2007.

The South Pasture Mine is located immediately south of State Road 62 in Hardee County, Florida. Mandatory reclamation parcel Phase IIB is located within the limits of the South Pasture Mine property in Sections 22, 23, 26, 27, 28, 34, and 35, Township 33 South, Range 23 East, Sections 23, 24, 25, 26, 35, and 36, Township 33 South, Range 24 East, and Sections 19 and 30, Township 33 South, Range 25 East in the Peace River Watershed, Class III waters.

Under subsection 62C-16.0095(3), F.A.C., the 1999 FLUCCS is to be used to describe vegetation and land uses in NODs for mandatory reclamation parcels. CF's current conceptual reclamation plan (CFI-SP-CPA) uses the 1976 FLUCCS, which differs slightly from the 1999 FLUCCS that is required. Use of the 1999 FLUCCS in the Phase IIB NOD would necessitate revision of the conceptual reclamation plan for the South Pasture Mine in order to maintain nomenclatural consistency with regard to land use across the mine site. As revision of the conceptual reclamation plan can be a lengthy process, CF has requested a variance from the provision of subsection 62C-16.0095(3), F.A.C., which requires that the 1999 FLUCCS be used to describe vegetation and land uses in NODs. CF is preparing an update to the conceptual reclamation plan for its South Pasture Mine and will be required to use the 1999 FLUCCS when that application is submitted. The update to the South Pasture Mine conceptual reclamation plan is expected to be submitted by the middle of 2008.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Florida Department of Environmental Protection, Bureau of Mine Reclamation, 2051 East Dirac Drive, Tallahassee, Florida 32310-3760, Telephone: (850)488-8217.

Under this intent to issue, this variance is hereby granted subject to the applicant's compliance with any requirement in this intent to publish notice of this intent in a newspaper of general circulation and to provide proof of such publication in accordance with Section 50.051, F.S. This action is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., as

provided below. If a sufficient petition for an administrative hearing is timely filed, this intent to issue automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. When proof of publication is provided, if required by this intent, and if a sufficient petition is not timely filed, the variance will be issued as a ministerial action. Because an administrative hearing may result in the reversal or substantial modification of this action, the applicant is advised not to commence construction or other activities until the deadlines noted below for filing a petition for an administrative hearing or request for an extension of time have expired and until the variance has been executed and delivered. Mediation is not available.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention

will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 378.212, F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information:

- (a) The name and address of each agency affected and each agency's file or identification number, if known;
- (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination;
- (c) A statement of when and how the petitioner received notice of the agency decision;
- (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;
- (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action;
- (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; and

- (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to issue a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S., which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.

FISH AND WILDLIFE CONSERVATION COMMISSION

Request for Written Comments on Biological Status

The Florida Fish and Wildlife Conservation Commission was petitioned to evaluate the status of the peregrine falcon (*Falco peregrinus*). The Commission hereby requests written information and data on the biological status of the peregrine falcon pursuant to Rule 68A-27.0012, F.A.C. The Commission is specifically requesting information on: population size and

trends; distribution and range; threats to the species; published population viability models; and specific aspects of the species' life history that may influence the range-wide and Florida-specific status of the species. In accordance with Rule 68A-27.0012, F.A.C., information on the management needs and the socio/economic impacts of the listing will be sought at a future date, in preparation for the drafting of a species-specific management plan. Information and data should be sent to: Dr. James A. Rodgers, Jr., Florida Fish and Wildlife Conservation Commission, 4005 South Main Street, Gainesville, FL 32601 or e-mail to peregrine@myfwc.com. Responses will be accepted until 5:00 p.m., July 31, 2007.
