The Board of Medicine hereby gives notice that it has received a Petition for Declaratory Statement filed on behalf of Garrett Gause, M.D., on August 21, 2008. The Petitioner seeks the Board's opinion as to whether the direct supervision protocol set forth in Section 458.347(3), F.S., applies only to electrologists, and does not apply to physician assistants or advanced registered nurse practitioners performing appropriately delegated laser or light-based hair removal. The Board will consider this petition at its meeting scheduled for October 4, 2008, in Orlando, Florida.

A copy of the petition may be obtained by writing: Larry G. McPherson, Jr., Executive Director, Board of Medicine, 4052 Bald Cypress Way, Bin #C03, Tallahassee, Florida 32399-3253.

**NOTICE TO CONSTRUCTION MANAGERS**

Florida State University announces that construction management services will be required for the project listed below:

Project No.: FS-211

Project and Location: College of Education Multipurpose Teaching Facility for Florida State University at the Southwest Campus Tallahassee, Florida

The project involves construction of a new indoor tennis practice facility and will be built on the University's Southwest Campus adjacent to the new FSU Morcom Aquatics Center. The completed facility will house (4)-(6) NCAA/USTA compliant practice courts with support spaces and may, also, operate to provide for competition in times of inclement weather. It is anticipated that the facility will share some site amenities, such as parking, access drives, and stormwater facilities with the Aquatics Center. Construction materials and methods are anticipated to facilitate training and competition for highly competitive events and will likely include covered or enclosed long span construction, natural ventilation, and indirect lighting, while promoting identity of the facility as a part of Florida State University. Commensurate with the University's goal to support environmentally responsible construction, this project will seek LEED certification. Construction is anticipated to begin March 2009 and be complete by January 2010.

The estimated construction cost is \$3,900,000.00.
