DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled "Official Notices."

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance (0076455-010-EV-VR) to Mosaic Fertilizer, LLC (Mosaic) Ft. Meade Mine, Post Office Box 2000, Mulberry, Florida 33860-1100, under Section 403.201(1)(a), Florida Statutes, (F.S.), from the provisions of subsection 62-302.530(31), Florida Administrative Code (F.A.C.), which provides minimum standards for dissolved oxygen levels in surface waters. This variance will apply to dissolved oxygen levels in the hypolimnion (the deepest layer) in the man-made lake proposed in Environmental Resource Permit application No. 0076455-009.

On January 15, 2008, Mosaic applied for an Environmental Resource Permit to mine 339 acres within a 589.6 acre project site at the Fort Meade Mine in Polk County, Florida. The proposed project will result in a man-made lake of approximately 278 acres. The man-made lake will not exceed 35 feet + 1 foot below normal water elevation (NWL). On January 15, 2008, Mosaic Ft. Meade Mine submitted a petition for a variance from the provisions of subsection 62-302.530(31), F.A.C., which provide minimum standards for dissolved oxygen levels in surface waters. The variance will be permanent.

The dissolved oxygen levels in the hypolimnion of the man-made lake are expected to drop below the mandatory minimum of 5.0 mg/L at times. The low dissolved oxygen levels in the hypolimnion of the man-made lake, is not expected to result in any on-site or off-site impacts. Oxygen levels in the upper layers of the man-made lake are expected to meet the requirements of Rule 62-302.530, F.A.C., and be adequate to support healthy fish populations. Once reclamation is completed, this man-made lake will be connected to reclaimed and/or preserved wetlands and streams. Water exiting the man-made lake is expected to meet the requirements for dissolved oxygen and other water quality criteria of Rule 62-302.530, F.A.C. There is no practicable means known or available to achieve the required dissolved oxygen levels within the man-made lake. Therefore, the Department intends to grant a variance pursuant to Section 403.201(1)(a), F.S., for dissolved oxygen within the hypolimnion in the proposed man-made lake.

Under this intent to grant, this variance is hereby granted subject to the applicant's compliance with any requirement in this intent to publish notice of this intent in a newspaper of general circulation and to provide proof of such publication in accordance with Section 50.051, F.S. This action is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., as provided below. If a sufficient petition for an administrative hearing is timely filed, this intent to issue automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. When proof of publication is provided, if required by this intent, and if a sufficient petition is not timely filed, the variance will be issued as a ministerial action. Because an administrative hearing may result in the reversal or substantial modification of this action, the applicant is advised not to commence construction or other activities until the deadlines noted below for filing a petition for an administrative hearing or request for an extension of time have expired and until the variance has been executed and delivered. Mediation is not available.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 403.201, F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) a statement of when and how the petitioner received notice of the agency decision; (d) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to issue a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S., which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of

the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure, Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance (File No. 0076455-011-EV-VR) to Mosaic Fertilizer, LLC (Mosaic) Ft. Meade Mine, Post Office Box 2000, Mulberry, Florida 33860-1100, under Sections 378.212, Florida Statutes, (F.S.), from the provisions of paragraph 62C-16.0051(6)(a), Florida Administrative Code (F.A.C.), which provides that at least 25% of the high-water surface area of each water body other than streams shall consist of an annual zone of water fluctuation to encourage emergent and transition zone vegetation. This variance will apply to the design of the man-made lake proposed in Environmental Resource Permit No. 0076455-009.

On January 15, 2008, Mosaic applied for an Environmental Resource Permit to mine 339 acres at the Fort Meade Polk County Mine within an area previously disturbed by mining operations. The proposed project known as the S-1 CSA will result in a man-made lake approximately 278 acres that will not exceed 35 feet \pm 1 foot below normal water elevation (NWL), with 13.3% of the edge reclaimed as littoral zone. On January 15, 2008, Mosaic Ft. Meade Mine submitted a petition for a variance, under Section 378.212, F.S., from the provisions of paragraph 62C-16.0051(6)(a), F.A.C. The variance will be permanent.

To encourage the development of new technology that will improve the quality of restored lands, the Department intends to grant a variance pursuant to Section 378.212, F.S., from the provisions of paragraph 62C-16.0051(6)(a), F.A.C. The technique that Mosaic is proposing is to design and construct the reclaimed lake at the Fort Meade Polk/Hardee County Mine so that the littoral zone vegetation is concentrated in several broad, shallow areas including the inlets and outlet of the man-made lake. The location of the littoral zone vegetation component in several broad, shallow shelves including the inlets and outlet of the man-made lake is not expected to result in any on-site or off-site impacts. Except for this variance, the man-made lake is expected to meet the requirements of Rule 62C-16.0051, F.A.C., and be adequate to support healthy fish populations.

Under this intent to grant, this variance is hereby granted subject to the applicant's compliance with any requirement in this intent to publish notice of this intent in a newspaper of general circulation and to provide proof of such publication in accordance with Section 50.051, F.S. This action is final and

effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., as provided below. If a sufficient petition for an administrative hearing is timely filed, this intent to grant automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. When proof of publication is provided, if required by this intent, and if a sufficient petition is not timely filed, the variance will be issued as a ministerial action. Because an administrative hearing may result in the reversal or substantial modification of this action, the applicant is advised not to commence construction or other activities until the deadlines noted below for filing a petition for an administrative hearing or request for an extension of time have expired and until the variance has been executed and delivered. Mediation is not available.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 378.212(3), F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of

receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) a statement of when and how the petitioner received notice of the agency decision; (d) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to grant a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S., which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the: Florida Rules of Appellate Procedure with the Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable

filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.

The Department of Environmental Protection (Department) gives notice of its intent to grant four separate and distinct variances under Section 403.201, Florida Statutes (F.S.), to the Avis Budget Group, Inc., whose corporate address is 6 Sylvan Way, Parsippany, New Jersey 07054. The four rental car facilities in Miami-Dade County, located at 2330 N. W. 37th Avenue, Miami (OGC File No. 08-2321), 2318 Collins Avenue, South Miami Beach (OGC File No. 08-2323), 6101 N. W. 74th Avenue, Miami (OGC File No. 08-2327), and 3901 N. W. 28th Street, Miami (OGC File No 08-2328), have requested and the Department intends to grant four separate and distinct variances from compliance with the requirement for continued operation and maintenance of the facility's Stage II vapor recovery system required under Rule 62-252.400, Florida Administrative Code (F.A.C.). The Avis Budget Group, Inc. Rental Car Fueling facilities maintain 100% of their motor vehicle fleet equipped with onboard refueling vapor recovery (ORVR) systems. The design recovery of a vehicle's ORVR system is 95% efficient which is equivalent to the Stage II vapor recovery system's required efficiency under Rule 62-252.400, F.A.C. The Department's files on these matters are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department's Division of Air Resource Management, Office of Policy Analysis and Program Management, 111 S. Magnolia Drive, Suite 23, Tallahassee, Florida 32301, (850)921-9556.

A person whose substantial interests are affected by the Department's actions may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S., on any of the above referenced variance requests. The petition must contain the information set forth below and must be filed (received by the clerk) in the Department's Office of General Counsel at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. The petition must identify the individual intent to grant variance which is being petitioned.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice.

Petitions by the applicant or any of the parties listed below must be filed within twenty-one (21) days of receipt of this written notice. Petitions by other persons must be filed within twenty-one (21) days of publication of the notice or receipt of the written notice, whichever occurs first. The petitioner shall mail a copy of the petition to the applicant at the Avis Budget Group's corporate address indicated above at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

The Department of Environmental Protection (Department) gives notice of its intent to grant two separate and distinct variances under Section 403.201, Florida Statutes (F.S.), to the Avis Budget Group, Inc., whose corporate address is 6 Sylvan Way, Parsippany, New Jersey 07054. The two rental car facilities in Broward County, located at 2371 S. W. 36th Street, Fort Lauderdale (OGC File No. 08-2325) and 6301 N. Powerline Road, Fort Lauderdale (OGC File No 08-2329), have requested and the Department intends to grant two separate and distinct variances from compliance with the requirement for continued operation and maintenance of the facility's Stage II vapor recovery system required under Rule 62-252.400, Florida Administrative Code (F.A.C.). Magnolia Drive, Suite 23, Tallahassee, Florida 32301, (850)921-9556.

A person whose substantial interests are affected by the Department's actions may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S., on any of the above referenced variance requests. The petition must contain the information set forth below and must be filed (received by the clerk) in the Department's Office of General Counsel at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. The petition must identify the individual intent to grant variance which is being petitioned.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice.

Petitions by other persons must be filed within twenty-one (21) days of publication of the notice or receipt of the written notice, whichever occurs first. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests or will be affected by the agency determination; (c) A statement of

when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action.

The Department of Environmental Protection (Department) gives notice of its intent to grant three separate and distinct variances under Section 403.201, Florida Statutes (F.S.), to the Avis Budget Group, Inc., whose corporate address is 6 Sylvan Way, Parsippany, New Jersey 07054. The three rental car facilities in Palm Beach County, located at 2500 Belvedere Road, West Palm Beach (OGC File No. 08-2326), 1 N. W. Yamato Way, Boca Raton (OGC File No. 08-2324) and Palm Beach International Airport, West Palm Beach (OGC File No 08-2320), have requested and the Department intends to grant three separate and distinct variances from compliance with the requirement for continued operation and maintenance of the facility's Stage II vapor recovery system required under Rule 62-252.400, Florida Administrative Code (F.A.C.). The Avis Budget Group, Inc. Rental Car Fueling facilities maintain 100% of their motor vehicle fleet equipped with onboard refueling vapor recovery (ORVR) systems. The design recovery of a vehicle's ORVR system is 95% efficient which is equivalent to the Stage II vapor recovery system's required efficiency under Rule 62-252.400, F.A.C. The Department's files on these matters are available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department's Division of Air Resource Management, Office of Policy Analysis and Program Management, 111 S. Magnolia Drive, Suite 23, Tallahassee, Florida 32301, (850)921-9556.

A person whose substantial interests are affected by the Department's actions may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S., on any of the above referenced variance requests. The petition must contain the information set forth below and must be filed (received by the clerk) in the Department's Office of General

Counsel at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000. The petition must identify the individual intent to grant variance which is being petitioned.

Mediation under Section 120.573, F.S., is not available.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department's final action may be different from the position taken by it in this notice.

Petitions by the applicant or any of the parties listed below must be filed within twenty-one (21) days of receipt of this written notice. Petitions by other persons must be filed within twenty-one (21) days of publication of the notice or receipt of the written notice, whichever occurs first. The petitioner shall mail a copy of the petition to the applicant at the Avis Budget Group's corporate address indicated above at the time of filing. The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another party) will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action; (f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) A statement of the relief sought by the petitioner, stating precisely the action the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for

administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.
