**NOTICE TO PROFESSIONAL CONSULTANTS**

The University of South Florida announces that Professional Consulting Services in the disciplines of civil, transit, traffic, LEED, mechanical, electrical and telecommunications

engineering for campus infrastructure systems master planning (capacity, generation and distribution) will be required for the project listed below:

PROJECT NUMBER: 513

PROJECT AND LOCATION: 2010 Tampa Campus Master Plan Update, University of South Florida, Tampa, Florida.

PROJECT DESCRIPTION:

This project consists of providing services to support the University's campus planning staff in updating the University of South Florida Tampa Campus 10 Year Master Plan. The University's Campus Planning Staff shall perform the overall Master Planning for the 2010 Campus Master Plan and the professional consulting services to be provided in response to this F.A.W. Ad, shall provide services, as required, to support the University's planning, including confirmation of the accommodation of the projected facilities program in terms of future campus transportation and infrastructure system capacity, generation and distribution needs, both on-campus and off-campus. The services will include:

Systems included in the required services include: transit, traffic, parking, pedestrian, bikeway, stormwater, chilled/hot water, potable water, sanitary sewer, solid waste, electrical, and telecommunications. Added emphasis is on Sustainability and Transportation Demand Management. The scope of work will include a Data Collection and Analysis document, and draft and final revisions to the Goals, Objectives, Policies, and Graphics.

Development of a final comprehensive 2010 Tampa Campus Master Plan Update document which fulfills statutory requirements, including determination of impacts to the LOS of services/systems/roadways. The 10 Year Master Plan will be updated in accordance with Section 1013.30, Florida Statute, and Rule Chapter 6C-21, Florida Administrative Code and proposed rewrite, Chapter 21, F.S. The required Elements include Future Land Use, Transportation, Housing, General Infrastructure, Utilities, Conservation, Recreation and Open Space, Intergovernmental Coordination, and Capital Improvements. Optional elements may be included. The successful consultant team must demonstrate experience in sustainable campus planning, including resolution of pedestrian, bike, parking, transit, and traffic issues, as well as familiarity with statutory and administrative rule requirements.

The Consultant team must demonstrate the ability to assess the impacts of university facilities development on campus and public facilities/services. The University is seeking consultants with experience in campus master planning, sustainability, local government comprehensive planning and concurrency management within the specified disciplines.

The selected applicant firm shall provide comprehensive consulting services for the referenced project. Potentially, regional campuses may be added to the scope at a later time. The applicant may provide all or part of the required services in-house or utilize Sub-Consultants, as required, which shall be

identified on the USF PQS form, to meet project scope requirements. Selection of finalists for interview will be made on the basis of professional qualifications of the proposed professional services team members, including experience and ability to meet the project requirements and the goals and objectives of the University's strategic plan, past experience; design ability; volume of work; and distance from project. The distance factor for this project shall provide a maximum of a one point difference in scoring location between in-state and out-of-state applicants. As part of the University of South Florida's strategic plan, USF made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and inclusiveness. The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services. The selected firm will be required to provide computer-generated drawings according to the standards of the University of South Florida. Blanket professional liability insurance will not be required for this project. Project development, including professional services, is contingent upon availability of funds. Additional Campus Master Plan Update services for the University of South Florida campuses and additional Master Plan related services may be added to the contract scope for this project subject to the availability of funds and need.

The plans and specifications for the University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

#### NOTICE TO ARCHITECTS

Architect – USF Continuing Service Provider

#### NOTICE TO PROFESSIONAL CONSULTANTS

The University of South Florida announces that continuing professional services are required for the following discipline: Architecture (Up to 2) (Sarasota-Manatee Campus with ability to include other campuses as required).

#### PROJECT DESCRIPTION:

Projects included in the scope of this Agreement will be specific projects for renovations, alterations, new construction and additions that have a basic construction budget estimated to be \$1,000,000 or less, or studies for which the fee for professional services is \$100,000 or less. Continuing Service contracts for these projects provide that the consultant will be available on an as-needed basis for an initial contract period of one (1) year with an Owner's option to renew for one (1) additional year at a time up to a total of two (2) additional years. This selection is based upon Architectural services only. Engineering services (mechanical, electrical, structural and civil) required for specific projects shall be provided as part of basic services through the selected Architect(s) based upon project need. Use of USF continuing service engineers by the selected Architect(s) shall be encouraged. The consultant(s) receiving the award may not have an exclusive contract to perform services for these projects. The University may have additional continuing service professionals under contract during the same time period. Blanket professional liability insurance shall be required for the contract. Services required to be provided under the Continuing Services Contracts include the development of record drawings by the Continuing Service Consultant for projects designed by that consultant to reflect as-built conditions to facilitate the University's space management program.

#### INSTRUCTIONS:

#### **REGIONAL TRANSPORTATION AUTHORITIES**

##### **INVITATION TO BID NO. 09-005 – DANIA**

##### **BEACH PARK-N-RIDE WEST LOT PARKING GARAGE**

The South Florida Regional Transportation Authority (SFRTA), an agency of the State of Florida, operates Tri-Rail, a seventy-two (72) mile commuter railroad with eighteen (18) stations in Miami-Dade, Broward, and Palm Beach Counties.

THE PURPOSE of this Invitation to Bid (ITB) is to obtain the Design-Build services of a Contractor for a new 3-level precast parking garage with approximately 430 spaces located at the South East corner of Griffin Road and Ravenswood Road in Dania Beach, Florida. The project will include demolition, paving, drainage, lighting, and scaping, specific bus, taxi and vehicular circulation on the ground level, and architectural compatibility with the surrounding complex as the primary components of the project. Conceptual site development plans including geotechnical data, and a boundary and topographic survey have been completed and will be included in the ITB documents to provide more information as the project scope.

A REQUEST FOR DOCUMENTS should be directed to Mr. Bryan Kohlberg at SFRTA, 800 N. W. 33 Street, Suite 100, Pompano Beach, Florida 33064, (954)788-7910. The cost of the solicitation document is Fifty Dollars (\$50.00) non-refundable. Checks or money orders made payable to SFRTA should be forwarded to Mr. Kohlberg at the address above. Solicitation documents will be available on or about March 30, 2009.

A PRE-BID CONFERENCE will be held in the SFRTA Board Room at the address above on April 8, 2009, 10:00 a.m. The purpose of the meeting will be for SFRTA to respond to questions from document holders and clarify requirements in an open forum. Attendance is not mandatory but is recommended.

RECEIPT OF SEALED BIDS: All Bids must be received in a sealed envelope no later than 4:00 p.m., April 30, 2009 at the SFRTA office in Pompano Beach.

SFRTA reserves the right to postpone, accept, or reject any and all Bids in whole or in part. All Bidders must certify that they are not on the State of Florida Comptroller General's List of Ineligible Bidders. All Bids must remain in effect for One Hundred Eighty (180) days from the Bid opening date.

**DBE PARTICIPATION:** It is the policy of the SFRTA that Disadvantaged Business Enterprises, as defined in 49 CFR Part 26, shall have the maximum opportunity to participate in the performance of contracts. SFRTA will never exclude any person from participation in, deny any person the benefits of, or otherwise discriminate against anyone in connection with the award and performance of any contract covered by 49 CFR Part 26 on the basis of race, color, sex, or national origin.

Contractors are encouraged to take all necessary and reasonable steps to ensure that DBE's have the maximum opportunity to compete for and perform services on contracts, including participation in any subsequent supplemental contracts. If the Contractors intend to subcontract a portion of the services on the project, Contractor are encouraged to seek out and consider DBE's as potential subcontractors, by soliciting their interest, capability, and qualifications.

**CONE OF SILENCE:** Any verbal or written communications between any Bidder (potential or actual), or its representatives and any SFRTA Board Member, staff member, committee member, or consultant regarding this procurement are strictly prohibited from the date of the ITB advertisement through the date of execution of the contract. The only exceptions to this are: (1) written requests regarding information or clarification made to SFRTA's designated contract specialist during the allowable time period under the solicitation; (2) any communications at a publicly noticed meeting of SFRTA; and (3) any communications with the SFRTA Director of Procurement. Any violation of the requirements set forth in this section shall constitute grounds for immediate and permanent disqualification of the Bidder/violator from participation in this procurement.
