The following entities are eligible to apply for assistance: State-level agencies including State institutions (i.e., State hospital or university); Federally-recognized Indian tribal governments; local governments, including State-recognized tribes, authorized tribal organizations, and Alaska Native villages; public colleges and universities; and tribal colleges and universities. Private non-profit (PNP) organizations and private colleges and universities are not eligible Sub-Applicants; however, an eligible, relevant State agency or local governments may apply to the Applicant as the Sub-Applicant for assistance to benefit the private entity.

Sub-applicants may request up to 10% of the funds requested for their mitigation project sub-application for information dissemination activities (public awareness and education) regarding cost-effective mitigation technologies. Sub-applicants are required to provide the remaining 25% in matching funds. All project submissions must have a Benefit Cost Analysis of 1 or greater.

Electronic Submissions

Applicants MUST use the electronic grants (e-Grants) management system to submit PDM grant applications. Only PDM-C grant applications submitted through the e-Grants system will be accepted by FEMA. In order to log on to the e-Grants system, please go to <https://portal.fema.gov/famsVu/dynamic/index.html>. Click on the New User button. Enter the information the system is requesting.
