DEPARTMENT OF EDUCATION

NOTICE TO INVESTORS/DEVELOPERS

University of South Florida Polytechnic announces that Investment/Developer interest is solicited to identify and propose creative funding, development and management resources and solutions for the facilities outlined in the project listed below.

PROJECT NUMBER: 552

PROJECT AND LOCATION: USF Polytechnic – Residence Facility and Interdisciplinary Center for Excellence and Wellness Research, University of South Florida Polytechnic, Lakeland, Florida.

PROJECT DESCRIPTION:

Residence Facility

The USF Polytechnic Residence Facility will provide contemporary suite-style and apartment-style living quarters for up to 500 – 1,000+ students in a village-style development. It is expected that this facility would be developed in a phased manner, initially consisting of up to 250 beds with additional phases opening as need dictates. USF Polytechnic anticipates the need for full build out of this 500-1000+ bed facility to occur over a period of 5-10 years following the opening of the new I-4 campus site. The vision for this facility is that it will be developed in a village setting rather than a high-rise style residence hall. It will also house a community center that would include services such as residence hall office, mailroom, and laundry area as well as programming (living/learning) spaces, and would accommodate apartment(s) for up to two Area Resident Directors, Visiting Faculty and Guests of the University.

Interdisciplinary Center for Excellence and Wellness Research

In close proximity to the USF Polytechnic Residence Facility, the USF Polytechnic Interdisciplinary Center for Excellence and Wellness Research will provide a multi-use facility that will house fitness and recreation activities and programs, personal enhancement programs, physical rehabilitation facilities, wellness research, amateur/professional training facilities, competitive sports complex, community service and gathering spaces, academic programs, office space, and commercial storefronts. These facilities will serve an overall student population expected to reach 16,000, faculty and staff of approximately 500-1000, open community memberships, hosted events and rehabilitation participants.

The fitness and recreation area will include spaces for physical fitness equipment centers, intramural multi-sports courts, indoor track, leisure pools (i.e., lap pool, “lazy river” and “wave pool”), locker rooms with showers and toilet facilities, rock climbing wall, etc. The areas will offer state-of-the-art technological facilities. Personal enhancement facilities will provide for highly specialized evaluation and analysis of wellness needs in order to maximize personal conditioning and track the progress of its clients by way of technology.

Training facilities for amateur and professional sports conditioning as well as physical rehabilitation facilities will be a part of this complex. The services provided in these facilities will attract constituents from both inside and outside of the university; therefore, these premises must be designed and constructed with the student/client in mind.

The complex will also be home to a competitive aquatic center that will include a competition-sized (Olympic) pool and diving well. Areas for judging and observation must also be a part of this facility as well as spaces for team gathering and readying. This facility would also be made available for competition training.

Academic and Research Programs related to Allied Health/Wellness areas will be housed in this facility. Therefore, teaching and research laboratories for allied health/wellness related disciplines, such as Nutrition will be housed in this complex. The space in this facility is designated to promote interdisciplinary research and teaching. Polytechnic ideals are strongly oriented toward interdisciplinary, collaborative relationships – between faculty members, students, support staff, student support, and others. The close physical proximity of faculty, staff and students creates a collection of “critical masses,” providing constant opportunities for productive interaction.

The final aspect of the Interdisciplinary Center for Excellence and Wellness Research is an area designed as commercial storefronts. This area will include specialty shops and convenience store services, as well as provide the campus’ primary dining facility and should therefore include a dining area as well as kitchen cooking and prep areas. The vendors that will occupy these facilities will draw support not only from University students, faculty and staff, but also from

community members attending or obtaining other services in the facility. It is intended that gathering spaces be planned so as to create an inviting and engaging atmosphere.

HISTORY:

In 1978, the District Board of Trustees of Polk Community College (PCC) purchased the land on the current Winter Lake Road site for a Lakeland campus for PCC. The University of South Florida pursued a joint venture with PCC in the planning and development of a joint-use campus. On January 23, 1988, USF Lakeland (USFL), now known as USF Polytechnic (USFP), officially opened its doors as an academic center of USF in partnership with PCC.

The Board of Regents of the State University System of Florida revised the definition of this USF center to a Type III Branch Campus (Rule 6C-8.009, F.A.C.) on December 3, 1993.

By the early 2000's the Polk County Legislative delegation was poised to expand the programs and services offered by USFL and during the 2002 Legislative Session allocated \$1 million for planning a new USFL stand alone campus. In November 2002, the USF Board of Trustees approved the issuing of a request for proposal for a new campus site, and in December 2002, a Land Acquisition Committee was appointed.

Five proposals for campus sites were received in January, 2003 and were reviewed and evaluated over the next several months. In August, 2003, the USFL Campus Board accepted the Williams Company proposal which included a donation of a 530+ acre site at the intersection of Interstate 4 and the eastern terminus of the Polk Parkway.

The development of the original Campus Master Plan was guided by projections of enrollment increases and program development over the 10 year period 2005-2015. The academic programs consider the institution's response to community and economic development needs, and establish or enhance programs in a direction of applied research in a polytechnic approach. In 2008, the State Legislature and the Governor designated this campus as USF Polytechnic, creating the state's first and only polytechnic institution. Programs are being aligned to the new polytechnic mission and the Campus Master Plan will be updated to reflect a new vision for the footprint of the buildings on the new I-4 campus site.

STATUS OF PLANNING FOR THE PHASE I FACILITY – SCIENCE & TECHNOLOGY CENTER:

The A/E and CM selection processes have been completed for the Phase I Facility. That project is the first building of a multi-phased Campus Master Plan which creates an integrated, fully-engaged university campus environment at a highly visible location on Interstate 4 midway along the 80 miles between the Tampa Bay and Orlando megalopolis areas. In addition to serving the needs of its tri-county service area, this university is intended to be a destination campus with a vibrant residential and campus life component. Given this location, the

USF Polytechnic sought an iconic design for this facility and has selected a world-renowned architect to provide that vision. The Phase I Facility will primarily provide large multi-user interdisciplinary shared core facilities. The plan includes two 100-seat classrooms and multiple smaller learning laboratories to support student enrollment needs in upcoming years. These facilities will be scheduled by USF Polytechnic to meet growth in the development of technological and interdisciplinary approaches to various fields of study. Multiple commons spaces for faculty and support staff are also included in the project.

The design of the Residence Facility and the Interdisciplinary Center for Excellence and Wellness Research must conform to the architectural standards established in the updated USF Polytechnic Campus Master Plan.

CREATIVE SOLUTIONS:

USF Polytechnic seeks proposals that outline creative solutions for financing, developing and operating the Interdisciplinary Center for Excellence and Wellness Research and the USF Polytechnic Residence Facility. Solutions/options may include Public/Private Partnerships, Lease/Lease-back Arrangements, Creative Financing/Development Packages, Private Investor/Donor Arrangements, and/or a combination of any of these or other unique opportunities. Proposals must also include the proposer's qualifications to engage in this process.

Design of these facilities is not a part of this submission. The University reserves the right to select the design team.

There is no obligation on the part of USF Polytechnic to accept any proposal. USF Polytechnic is free to utilize any and all ideas provided by any proposer in the final funding, development and management of the facilities without obligation to proposer. Upon submission, any and all proposals shall become for all intents and purposes the property of USF Polytechnic. By submitting a proposal, all proposers are deemed to agree to all of the foregoing.

The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services. The plans and specifications for the University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant should warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

INSTRUCTIONS:

Firms desiring to apply to provide investment/development services for creative funding, development and/or management resources and solutions for this project shall submit one (1) original submittal and eight (8) bound copies consisting of the information as required in the "Submittal Requirements" of the Project Fact Sheet including a letter of interest and a complete proposal in a format that includes but is not limited to an Executive Summary, a Finance/Development Profile, Specific Finance/Development Plans, Description of Creative Solution Options, Potential Partnerships, Requirements for USF Polytechnic Participation, Outline of a Development Agreement, Identification of Timeline for a 2012 Occupancy of both the Interdisciplinary Center for Excellence and Wellness Research and the first Phase of the Residence Facility, and Identification of Respondent (person of contact; postal, e-mail and physical address; office, cellular and facsimile phone numbers).

Submittals are part of the public record. All applicants should be properly registered at the time of contract engagement to practice its profession in the State of Florida. If the applicant is a corporation, it should be chartered by the Florida Department of State to operate in Florida. Applications which do not comply with the above instructions may be disqualified. Application materials will not be returned.

The "Project Fact Sheet", which includes project information and selection criteria, may be obtained by contacting: Claire Johnson, Executive Administrative Specialist, Office of the VP/CEO, University of South Florida Polytechnic, via email: johnsonc@poly.usf.edu, by mail: 3433 Winter Lake Road, Lakeland, Florida 33803, or by phone (863)667-7056. Interested firms are invited and encouraged to attend a Pre-Submittal Meeting at 2:00 p.m. (EDT), Tuesday, August 11, 2009, at: University of South Florida Polytechnic, Room LTB 1104/1105 to review the scope and requirements of this project. The LTB 1104/1105 is located on the USFP campus at 3433 Winter Lake Road, Lakeland, Florida 33803.

Site visits to the new I-4 campus can be arranged by contacting: Claire Johnson via email: johnsonc@poly.usf.edu. The site (property) is restricted and no trespassing is allowed. Therefore, all interested individuals wishing a site visit will require an appointment and will be transported to/from the site. Requests for meetings by individual firms will not be granted once the Florida Administrative Weekly advertisement is published. No communication shall take place between the applicants and the members of the Selection Committee or employees of the University of South Florida except as provided at the Pre-Submittal Meeting, the Pre-Interview Meeting, the request for the Project Fact Sheet and the request for a site visit. Requests for any project information should be submitted in writing to Claire Johnson at the above email address. The Selection Committee may reject all proposals and stop the selection process at any time. One (1) original and

eight (8) bound copies of the requested submittal data, bound in the order listed in the "Submittal Requirements" of the Project Fact Sheet shall be addressed to:

Alice M. Murray, Ed.D
Associate Vice President
Campus Planning and Facilities Operations
University of South Florida Polytechnic
3433 Winter Lake Road
LTB 2116
Lakeland, FL 33803

Applications that do not comply with the above instructions may be disqualified. Submittals are to be received by: USF Polytechnic, 3433 Winter Lake Road, LTB 2116, Lakeland, Florida 33803 by 2:00 p.m. (EDT), Friday, September 11, 2009. Facsimile (FAX) or electronic submittals are not acceptable and will not be considered. The above submission deadline represents a 3-week extension of the original due date of August 21, 2009.

**NOTICE FOR CONSTRUCTION MANAGEMENT
SERVICES – Request for Qualifications – RFQ 10-02
SCIENCE & HUMANITIES BUILDING**

The University of North Florida – Board of Trustees, a public body corporate, announces that Construction Management Services will be required for the new Science & Humanities Building, University of North Florida, 1 UNF Drive, Jacksonville, FL 32224.

The project consists of approximately 105,000 gross square feet. This facility will be located on the site just to the north of the existing Social Sciences Building in an area currently designated for parking. At this time the project is in the schematic design phase. Interior spaces to be provided include teaching and research laboratories, preparation rooms for the laboratories, offices, administrative support spaces, classrooms and a roof-top greenhouse. The building is expected to meet or exceed USGBC LEED Silver Certification. The estimated construction budget for this project is \$30,000,000.

INSTRUCTIONS:

Firms desiring to apply for consideration shall submit a letter of application with the appropriate documents from RFQ 10-02:

The letter of application should have attached:

1. The "UNF Construction Manager Qualifications Supplement Form," completed by the applicant. Applications on any other form will not be considered.
2. A copy of the applicant's current Florida Contractor's License from the appropriate governing board. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be chartered by the Florida Department of State to operate in Florida.

3. Submit seven (7) copies of the above requested data bound in the order listed above. Applications which do not comply with the above instructions may be disqualified. Application materials will not be returned.

Minority Business participation is strongly recommended and supported by the University of North Florida.

As required by Section 287.133, Florida Statutes, a construction manager may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected construction manager must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Vendor shall have established equal opportunity practices which conform to all laws against discrimination and prohibits discrimination based on race, creed, color, sex, age, national origin, marital status or religion; neither vendor nor any subcontractor or other person, firm or business entity with whom it would be engaged in a combined effort to perform the services has hired any person who is an officer or employee of UNF.

The UNF Construction Manager Qualifications Supplement form and additional information may be obtained electronically online at the UNF Purchasing Department website <http://www.unf.edu/dept/purchasing/bids.html> or by emailing:

Submit seven (7) copies of the application to: University of North Florida, Purchasing Department, Attn.: Dianna White, Building 53, 1 UNF Drive, Jacksonville, Florida 32224. Application packages must be received no later than 2:00 p.m. (Local Time), September 29, 2009. Facsimile (FAX) submittals are not acceptable and will not be considered.

Professional Services for Continuing

Contract for Environmental, Health and Safety

The Florida School for The Deaf and The Blind (FSDB) requests qualifications for Environmental, Health and Safety Services for a Continuing Contract. The firm selected under the Continuing Contract will be responsible for assigned facility projects having estimated construction cost and study fees as provided for in Section 287.055 Florida Statutes.

The contract will have an initial period of one (1) year with the option to renew for four (4) additional one-year periods. Selection of finalists will be held in accordance with Section 287.055, Florida Statutes.

PROJECT LOCATION: Florida School for the Deaf and the Blind, 207 San Marco Avenue, St. Augustine, FL 32084

SERVICES TO BE PROVIDED: Shall be Environmental, Health and Safety Services, but not limited to; Wetland assessments and mapping, Air emission evaluations and permitting, NPDES/POTW permitting and compliance, Hazardous/Universal/Solid waste management and compliance, Phase I, II, and III environmental assessments, Remedial action plans, Storm water pollutions preventions and countermeasures, EPA and FDEP compliance and compliance audits, Asbestos, Lead paint, Mold consulting, Indoor air quality investigations, OSHA compliance and compliance audits, EH&S training programs. Work will be awarded on a project-by-project basis that may include any or all of the above services, or services not specifically mentioned, but directly related to the specific discipline. Consultants may hire sub-consultants to be used for portions of the required services; however, the primary Consultant must be responsible for all of the work performed.

FSDB PROJECT MANAGER: Greg Clements

PHONE NUMBER: (904)827-2372

RESPONSE DUE DATE/TIME: Monday, September 28, 2009 by 3:00 p.m.

INSTRUCTIONS FOR SUBMITTAL: Firms interested in being considered for this project should access: www.fsd.b.k12.fl.us Administrative Information – Business Services – Construction Services – Selection Info – Selection of Continuing Contract for Environmental, Health and Safety Services.

The School Board of Pinellas County, Florida will receive sealed bids in the Purchasing Department of the Walter Pownall Service Center, 11111 South Belcher Road, Largo, Florida until 4:00 p.m. (Local Time), September 22, 2009, for the purpose of selecting a Contractor for supplying all labor, material, and ancillary services required for the scope listed below.

Variable Frequency Drives

Bid# 10-031-033

County Wide

SCOPE OF PROJECT: The purpose and intent of this invitation to bid is to establish a rotating list of not more than three contractors who will make repairs on Variable Frequency Drives, on an as needed basis, county wide and to secure both fixed hourly labor rates and firm percentage discount off of retail prices for parts and materials for the contract period as specified herein.

EXECUTIVE OFFICE OF THE GOVERNOR

Volunteer Florida, The Governor's Commission on Volunteerism and Community Service, is pleased to announce a request for proposals (rfp) funding for planning grants to operate an AmeriCorps program. AmeriCorps programs support local community efforts to address education, environmental, homeland security, public safety or other human needs. Planning grants are provided a year before an organization actually applies for an AmeriCorps program. The purpose of planning grants is to provide an organization with some resources to build the capacity of the organization to effectively operate an AmeriCorps program. Proposal Grant Applications will be available on the Volunteer Florida website at www.volunteerflorida.org beginning September 4, 2009. Proposals are due in eGrants by October 27, 2009.

Volunteer Florida, The Governor's Commission on Volunteerism and Community Service was established in 1994 by the Florida Legislature to administer grants under the National and Community Service Trust Act of 1993. The Commission grants funds to Florida AmeriCorps and National Service programs; encourages volunteerism for everyone from youths to seniors to people with disabilities; promotes volunteerism in emergency management and preparedness; and helps to strengthen and expand Volunteer Centers in Florida.

AmeriCorps is a program funded by the U.S. Congress under the Catalog of Federal Domestic Assistance number 94.006. The national public/private partnership supporting AmeriCorps is the Corporation for National and Community Service (CNCS). For more information about the CNCS and national AmeriCorps programs, visit www.americorps.org.

If you have any questions regarding the AmeriCorps Program or the funding process, please contact: amieko@volunteerflorida.org.

EXPRESSWAY AUTHORITIES

MDX PROCUREMENT/Contract No.: ITB-10-01
 MDX PROJECT/SERVICE TITLE: Systemwide Signing And
 Pavement – MARKING IMPROVEMENTS

The Miami-Dade Expressway Authority (MDX) is soliciting Bids from qualified firms to provide systemwide signing and pavement marking improvements. A Pre-Bid conference is scheduled for August 25, 2009, 10:00 a.m. (Eastern Time)

For a copy of the ITB with information on the Scope of Services, Pre-qualification and submittal requirements free of charge, please logon to MDX’s Website: www.mdxway.com to download the documents under “Doing Business with MDX, or call MDX’s Procurement Department at (305)637-3277 for assistance. Note: In order to download any MDX solicitation, you must first be registered as a Vendor with MDX. This can only be facilitated through MDX’s Website: www.mdxway.com under “Doing Business with MDX: Vendor Registration”.

The deadline for submitting Bids in response to this ITB is September 15, 2009 by 2:00 p.m. (Eastern Time)

DEPARTMENT OF ENVIRONMENTAL PROTECTION

Notices for the Department of Environmental Protection between December 28, 2001 and June 30, 2006, go to <http://www.dep.state.fl.us/> under the link or button titled “Official Notices.”

A. D. MORGAN CORPORATION

INVITATION TO BID

Expansion of Wastewater Treatment Plant and Wastewater Pond Re-Lining for State of Florida Department of Corrections, Lancaster Correctional Institution, Trenton, Florida.

Please contact Crystal Tipple at: ctipple@admorgan.com (subject: Lancaster C. I. Wastewater Treatment System Expansion) specifying scope of work and mailing address, or call (813)832-3033 if you are interested in bidding this project, and to obtain a full set of bid documents.

Sealed bids for furnishing all labor and material and performing all work necessary and incidental to the construction of Wastewater Treatment System Expansion for the following bid packages:

| Bid Package # | Description |
|---------------|--|
| 1 | Waste Water System Improvements AND Pond Liner |
| 2 | Pond Liner (only) |

Bid packages include all components indicated on the contract documents for the work.

Bids will be delivered to: Don Dasher, Florida Department of Corrections, Lancaster C.I., 3449 S. W. State Road 26, Trenton, FL 32693-5641, (352)463-4395, until 2:00 p.m., Tuesday, September 29, 2009.

A non-mandatory pre-bid meeting will be held at 11:00 a.m., Tuesday, September 1, 2009, Lancaster Correctional Institution Training Facility located behind the institution – 3449 S. W. State Road 26, Trenton, Florida 32693.

Plans are also located at the following plan rooms:

HILLSBOROUGH COUNTY AVIATION AUTHORITY

NOTICE TO PROFESSIONAL CONSULTANTS

The Hillsborough County Aviation Authority hereby requests, pursuant to the Consultants Competitive Negotiation Act, Section 287.055, Florida Statutes, letters of interest from architectural/engineering firms or individuals desiring to render professional services for the following project:

TICKETING AND BAGGAGE CLAIM CURBSIDE MODERNIZATION AND RELATED WORK

**TAMPA INTERNATIONAL AIRPORT
 HCAA PROJECT NO. 8030 10**

Services to be furnished will include, but not be limited to, all architectural, signage and engineering design related to buildings, civil, structural, mechanical, plumbing, fire protection, electrical, electronic information technology systems, related surveys, permitting and testing; as well as

basic architectural/engineering services during construction. A more detailed Scope of Services will be included in the formal Request for Proposals (RFP).

Significant Dates:

- Letters of interest due: By 5:00 p.m., September 18, 2009
- RFP posted on web site: After 12:00 Noon, September 24, 2009
- Mandatory Pre-proposal At 10:00 p.m., October 8, 2009
- Conference:
- Proposals Due: By 5:00 p.m., November 4, 2009

For additional information on submitting letters of interest, location of meeting and other project details, go to the Authority website at www.tampaairport.com; Quick Links, Airport Business, Notice of Solicitations.

NOTICE TO DESIGN-BUILD FIRMS

The Hillsborough County Aviation Authority hereby requests, pursuant to the Consultants Competitive Negotiation Act, Section 287.055, Florida Statutes, letters of interest design-build firms desiring to render design-build services on the following Project:

**LONG TERM PARKING GARAGE RENTAL CAR EXPANSION AND RELATED WORK
TAMPA INTERNATIONAL AIRPORT
HCAA PROJECT NO. 8025 10**

This Design-Build Agreement provides for all services related to architectural and signage design; all engineering related to structural, mechanical, plumbing, fire protection, electrical, electronic and information technology systems, automotive fuel dispensing and management systems; construction and related surveys, permitting and testing. A more detailed scope of services will be included in the formal request for qualifications (RFQ).

Significant Dates:

- Letters of interest due: By 5:00 p.m. on September 3, 2009
- RFQ posted on web site: After 12:00 Noon, September 10, 2009
- Mandatory Pre-proposal conference: At 2:30 p.m., September 15, 2009
- Proposals due: By 5:00 p.m., October 7, 2009

For additional information on submitting letters of interest, location of meeting and other Project details, go to the Authority website at www.tampaairport.com; Quick Links, Airport Business, Notice of Solicitation.

H. LEE MOFFITT CANCER RESEARCH INSTITUTE, INC.

Construction Bids Section 1004.43, F.S.

The H. Lee Moffitt Cancer Research Institute, Inc. and its subsidiaries operate pursuant to Section 1004.43, F.S. Moffitt and its' subsidiaries have facilities on the campus of the University of South Florida in Tampa, Florida. Architectural, engineering and design firms interested in working on projects for Moffitt may provide letters of interest to: H. Lee Moffitt

Cancer Research Institute, Inc., Attention: Facilities Department, 12902 Magnolia Drive, SRB-FAC, Tampa, Florida 33612-9497.

**Section XII
Miscellaneous**

DEPARTMENT OF EDUCATION

The date of the rule development workshop relating to proposed amendments to Rule 6A-1.039, F.A.C., was incorrectly noticed in the Florida Administrative Weekly dated August 21, 2009. Should a rule development workshop be requested, the workshop will take place on September 8, 2009, 9:00 a.m. – 12:00 Noon, Department of Education, 325 West Gaines Street, Room 1721, Tallahassee, Florida 32399-0400. If you wish to request this workshop, please contact: Lynn Abbott, Agency Clerk, Department of Education at lynn.abbott@fldoe.org or (850)245-9661.

DEPARTMENT OF COMMUNITY AFFAIRS

**NOTICE OF INTENT TO FIND PUBLIC SCHOOLS INTERLOCAL AGREEMENT CONSISTENT WITH SECTIONS 163.3177(2) AND (3), FLORIDA STATUTES
DCA DOCKET NO. 32-11**

The Department gives notice of its intent to find the Public Schools Interlocal Agreement (“Agreement”) executed between the Jackson County School Board and the City of Marianna, pursuant to Section 163.31777, F.S., to be consistent with the minimum requirements of Sections 163.31777(2) and (3), F.S.

The Agreement is available for public inspection Monday through Friday, except for legal holidays, during normal business hours, at: City of Marianna, Municipal Development Department, 2897 Jefferson Street, Marianna, Florida 32446.

Any affected person, as defined in Section 163.31777(3)(b), F.S., has a right to petition for an administrative hearing to challenge the proposed agency determination that the Agreement is consistent with the minimum requirements of Section 163.31777(2), F.S. The petition must be filed within twenty-one (21) days after publication of this notice in the Florida Administrative Weekly, and must include all of the information and contents described in Uniform Rule 28-106.201, F.A.C. The petition must be filed with the Agency Clerk, Department of Community Affairs, 2555 Shumard Oak Boulevard, Tallahassee, Florida 32399-2100, and a copy mailed or delivered to Jackson County School Board and the City of Marianna. Failure to timely file a petition shall constitute a waiver of any right to request an administrative proceeding as a petitioner under Sections 120.569 and 120.57, F.S. If a petition is filed, the purpose of the administrative hearing will be to present evidence and
