DEPARTMENT OF EDUCATION

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the disciplines of engineering and architecture for Total Building Commissioning will be required for the project listed below:

- Projects: UF-363, College of Engineering Renovations (Gainesville, FL)
 UF-353, Movement Disorders Center (Gainesville, FL)

The facilities will include the following:

UF-363, College of Engineering Renovations (Gainesville, FL)
 The project consists of the renovation of 4 buildings within the College of Engineering. These projects are estimated at 35,000 – 40,000 total square feet. The purpose of these renovations is to create more lab space, reduce energy consumption, upgrade

space to latest code, and allow for more technologically advanced lab space. The scope may also include the renovation of temporary space as laboratories are renovated. The spaces are identified as follows:

- Benton Hall (Building #0721) – approximately 5,200 square feet of offices and labs (10/90) including some circulation space.
- Nuclear Science Building (Building #0634) – approximately 8,000 square feet of offices and labs (30/70) including restrooms, data closet, and circulation space.
- Weil Hall (Building #0024) – approximately 14,800 square feet of offices and labs (50/50) including mechanical and electrical systems, server room, data closet, and circulation space.
- Larsen Hall (Building #0722) – approximately 10,500 square feet of offices and labs (20/80) including restrooms, mechanical and electrical systems, data storage, and circulation space.

The total project budget is up to \$6.7 million, including fees, surveys and tests, total building commissioning, furnishings and equipment, and contingencies. The scope of services shall include design phase peer review, completion and maintenance of the Owner’s Project Requirements (OPR) document, development of the Commissioning Plan and Commissioning Specifications, and construction phase pre-functional, functional, and performance testing for mechanical, electrical, building automation, and building envelope systems. The project will be delivered using the Design/Build construction method. LEED – CI (Leadership in Energy and Environmental Design – Commercial Interiors) certification by the U.S. Green Building Council is mandatory.

UF-353, Movement Disorders Center (Gainesville, FL)

The project consists of remodeling and renovation of approximately 11,500 GSF on the 4th floor of the Orthopedics and Sports Medicine Institute to house the University of Florida International Parkinson’s Disease and Movement Disorders Center. This, for the first time, will consolidate the patient care and research activities that make up the UFIPDMDC. In addition, the location of the facility will provide ease of access for patients and a comfortable environment, from parking to exam room. The Orthopedics and Sports Medicine Institute was constructed in 2004 and remains a state-of-the-art out-patient care facility.

The total project budget is \$3,375,000 including design fees, total project commissioning, furnishings & equipment, and contingencies. The scope of services shall include design phase peer review, completion and maintenance of the Owner’s Project Requirements (OPR) document, development of the Commissioning Plan and Commissioning Specifications, and construction phase pre-functional, functional, and performance testing for mechanical, electrical, building automation, and building envelope systems. The project will be delivered using the Construction Manager at Risk method. LEED – CI

(Leadership in Energy and Environmental Design – Commercial Interiors) certification by the U.S. Green Building Council is mandatory.

Blanket professional liability insurance will be required for each project in the amount of \$1,000,000.

INSTRUCTIONS:

Firms desiring to apply for consideration shall submit a proposal only after thoroughly reviewing the facilities programs, Project Fact Sheets for Commissioning Consultants, and other background information. The proposal shall be limited to 20 single-sided pages OR 10 double-sided, consecutively-numbered pages and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services.
2. A completed, project-specific Commissioning proposal form with signed certification. Applications on any other form will not be considered.
3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant consultants from the appropriate governing board.
5. Proof of the applicant's ability to be insured for the level of professional liability coverage demanded for this project.

At the time of application, the applicant must possess current design Professional Registration Certificate(s) from the appropriate governing board; must be properly registered to practice its profession in the State of Florida; and, if the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida. As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected applicant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

The Commissioning Services Proposal Form, Project Fact Sheet, UF Design Services Guide, UF Design and Construction Standards, FP&C non-technical specifications, standard University of Florida Owner-Commissioning Consultant agreement, and other project and process information can be found on the Facilities Planning and Construction website. Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Facilities Planning and Construction office by 3:00 p.m. (Local Time), Friday, April 16, 2010. Facsimile (FAX) submittals are not acceptable and will not be considered.

NOTICE TO PROFESSIONAL CONSULTANTS

The University of South Florida announces that continuing professional services are required for the following discipline: Architecture (Up to 3) (Tampa Campus with ability to include other campuses as required).

PROJECT DESCRIPTION:

Projects included in the scope of this Agreement will be specific projects for renovations, alterations, new construction and additions for University facilities that have a basic construction budget that does not exceed \$2,000,000 or survey or studies for which the fee for professional services that does not exceed \$200,000. Projects for University facilities may include Teaching, Research, Health, Academic, Administrative, Recreation and Residence Life Facilities, as well as Infrastructure and Utility projects. Continuing Service contracts for these projects provide that the consultant will be available on an as-needed basis for an initial contract period of one (1) year with an Owner's option to renew for one (1) additional year at a time up to a total of two (2) additional years. This selection is based upon Architectural services only. Engineering services (mechanical, electrical, structural and civil) required for specific projects shall be provided as part of basic services through the selected Architect(s) based upon project need. Use of USF continuing service engineers by the selected Architect(s) shall be encouraged. The consultant(s) receiving the award will not have an exclusive contract to perform services for these projects. The University may have additional continuing service professionals under contract during the same time period. Blanket professional liability insurance shall be required for the contract. Services required to be provided under the Continuing Services Contracts include the development of record drawings by the Continuing Service Consultant for projects designed by that consultant to reflect as-built conditions to facilitate the University's space management program. Any new construction projects should have the ability to be LEED certified if required by the Owner and shall be included as part of basic services and will not be considered as an additional service.

INSTRUCTIONS:

Firms desiring to provide professional services shall submit one (1) original submittal and four (4) spiral bound copies consisting of the information as required in the "SUBMITTAL REQUIREMENTS" of the Project Fact Sheet including a letter of interest, a completed "USF Professional Qualifications Supplement" dated March 2010, and any required or additional information within the proposal limits as described in the PQS General Instructions. Submittals that do not comply with these requirements or do not include the requested information may not be considered. No submittal material will be returned. Submittals become part of the public record. An applicant must be properly registered at the time of application to practice its profession in the State of Florida. If the applicant is a corporation, it must be properly chartered by the Florida Department of State to operate in Florida. The plans and specifications for University of South Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

PROJECT SELECTION CRITERIA:

Selection of finalists for interview will be made on the basis of professional qualifications, including experience and ability, design ability, past performance, workload, volume of USF work (including USF Foundation), and location. As part of the University of South Florida's Strategic Plan, USF made a commitment to foster a diverse community distinguished by a shared purpose, collaboration, open and timely communication, mutual respect, trust, and inclusiveness. The University of South Florida is an equal opportunity institution, and, as such, strongly encourages the lawful use of certified Minority and Women-owned Business Enterprises ("MBEs") in the provision of design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction-related services. MBE participation information by the Architect for this contract shall be provided by the Architect in response to a periodic request from the University's Supplier Diversity Manager's office. As required by Section 287.133, Florida Statutes, a consultant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected consultant must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$25,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

The "USF Professional Qualifications Supplement dated March 2010" and Project Fact Sheet which includes project information may be obtained by contacting: Kathy Bennett, University of South Florida, Facilities Planning and Construction, 4202 East Fowler Avenue, FPC110, Tampa, Florida 33620-7550, e-mail: kbennett@admin.usf.edu, phone: (813)974-3098, (813)974-2625 or Fax: (813)974-3542.
