DEPARTMENT OF COMMUNITY AFFAIRS

NOTICE IS HEREBY GIVEN THAT the Division of Community Planning, Department of Community Affairs, received the following petitions for binding letters of Development of Regional Impact, Vested Rights and Modification Determinations, pursuant to Section 380.06(4)(a), Florida Statutes.

FILE NO.:	BLIVR-05-2010-001
DATE RECEIVED:	November 2, 2010
DEVELOPMENT NAME:	PINE RIDGE ESTATES/CITRUS SPRINGS
DEVELOPER/AGENT:	Gulf to Lakes Association Genesis Group
DEVELOPMENT TYPE:	28-24.023, F.A.C.
LOCAL GOVERNMENT:	Citrus County

DCA Final Order No.: DCA10-OR-082A

In Re: MONROE COUNTY LAND DEVELOPMENT
REGULATIONS ADOPTED BY MONROE COUNTY
ORDINANCE NO. 005-2010

AMENDED FINAL ORDER

The Department of Community Affairs (the "Department") hereby issues its Final Order, pursuant to Sections 380.05(6) and 380.0552(9), Florida Statutes (2010), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On March 15, 2010, the Department received for review Monroe County Ordinance No. 005-2010 ("Ord. 005-2010"), adopted by Monroe County on February 17, 2010.
3. On May 12, 2010, the Department issued Final Order No. 10-OR-082 approving Ord. 005-2010.
4. Pursuant to Section 102-158(e) of the Monroe County Land Development Code, Monroe County rendered Resolution 293-2010 on September 24, 2010, for the purpose of correcting a typographical or drafting error in Ord. 005-2010. Resolution 293-2010 replaced previously revised text of Section 110-73(a), Monroe County Land Development Code with the currently effective text adopted by Ordinance No. 033-2009.

5. The original purpose of Ord. No.: 005-2010 remains unchanged and is to amend Monroe County Code Section 102-55, Registration; Section 110-4, Determination of Completeness and Compliance, Except for Single-Family Dwellings; Section 110-7, Actions by Decision Making Persons and Bodies; Section 110-37, Development Permitted as of Right; Section 110-69, Minor Conditional Uses; Section 110-70, Major Conditional Uses; Section 110-71, Final Development Plan Subsequent to Approval of Conditional Use Permit; Section 110-73, Development Under an Approved Conditional Use Permit; Section 110-98, Preliminary Plat Approval; Section 110-99, Final Plat Approval, to eliminate references to the obsolete position of Development Review Coordinator and to reassign the responsibilities and duties of the Development Review Coordinator to the Planning Director.

CONCLUSIONS OF LAW

- 6. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. Sections 380.05(6) and 380.0552(9), Florida Statutes (2010).
- 7. Monroe County is a local government within the Florida Keys Area of Critical State Concern. Section 380.0552, Florida Statutes (2010) and Rule 28-29.002 (superseding Chapter 27F-8), Florida Administrative Code.
- 8. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2010). The regulations adopted by Ord. 005-2010 are land development regulations.
- 9. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.
- 10. Ord. 005-2010 promotes and furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.
 - (l) To protect the public health, safety and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique resource.

- 11. Ord. 005-2010 is consistent with the Principles for Guiding Development as a whole.
- 12. Ord. 005-2010 furthers Monroe County Comprehensive Plan and is not inconsistent with the Comprehensive Plan.

WHEREFORE, IT IS ORDERED that Ord. 005-2010 is found to be consistent with the Principles for Guiding Development of the Florida Keys Area of Critical State Concern, and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is filed as described below.

DONE AND ORDERED in Tallahassee, Florida.

The Department of Environmental Protection gives notice that, pursuant to Section 403.067(4), F.S., and Chapter 62-303, F.A.C., a final order was entered on November 2, 2010, revising the Verified Lists of Impaired Waters for the Group 4 Basins. In addition, certain waters were delisted within each basin. The Group 4 basins include the following: Pensacola Bay, Nassau River-St. Marys River, Withlacoochee River, Kissimmee River, Fisheating Creek, and Southeast Coast-Biscayne Bay. These revisions will be submitted to the United States Environmental Protection Agency (EPA) pursuant to Section 303(d) of the federal Clean Water Act and shall serve to update the previously approved Section 303(d) list of Florida waters. Waters within each basin that have been verified as impaired waters are set forth in an Exhibit to the final order; and waters that will be delisted are set forth in a separate Exhibit.

A person whose substantial interests are affected by these final orders may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S., in accordance with the full notice of rights language contained in each final order. The petition, which must contain the information identified in the full notice of rights language contained in the final order, must be filed (received by the clerk) in the: Department's Office of General Counsel at 3900 Commonwealth Boulevard,

Mail Station 35, Tallahassee, Florida 32399-3000, within 21 days of publication of this notice or within 21 days of receipt of the written notice, whichever occurs first.

A copy of the above-referenced final orders may be obtained by contacting: Ms. Renee Gray, Department of Environmental Protection, 2600 Blair Stone Road, Watershed Assessment, MS 3555, Tallahassee, Florida 32399-2400, (850)245-8346 or at: www.dep.state.fl.us/legal/final_orders/finalorders.htm.

The Department of Environmental Protection (Department) gives notice of its intent to grant a variance (Variance No.: 0139060-003-EV) to E. R. Jahna Industries, Inc., 202 East Stuart Avenue, Lake Wales, Florida 33853, under Section 403.201(1)(a), Florida Statutes, (F.S.), from the provisions of subsection 62-302.530(30), Florida Administrative Code (F.A.C.), which provides minimum standards for dissolved oxygen levels in surface waters. This variance will apply to dissolved oxygen levels in the hypolimnion (the deepest layer) in the northern man-made lake proposed in Environmental Resource Permit application No.: 0139060-002.

On April 11, 2008, E. R. Jahna Industries, Inc. applied for an Environmental Resource Permit to modify a surface water management system for a sand mine that has ceased active mining and has started reclamation. The total project area will be 456.79 acres. The sand pit was constructed across property lines such that the pit has more than one property owner. The northern lake is subject to water quality standards provided in Rule 62-302.530, F.A.C. The proposed project will result in man-made lakes of approximately 97.76 acres. On June 18, 2010, E. R. Jahna Industries, Inc., submitted a petition for a variance from the provisions of subsection 62-302.530(30), F.A.C, which provide minimum standards for dissolved oxygen levels in surface waters.

The dissolved oxygen levels in the hypolimnion of the northern man-made lake are expected to drop below the mandatory minimum of 5.0 mg/L at times. The low dissolved oxygen levels in the hypolimnion of that man-made lake are not expected to result in any on-site or off-site impacts. Oxygen levels in the upper layers of the man-made lakes are expected to meet the requirements of Rule 62-302.530, F.A.C., and be adequate to support healthy fish populations. There is no practicable means known or available to achieve the required dissolved oxygen levels within the man-made lakes. Therefore, the Department intends to grant a variance pursuant to Section 403.201(1)(a), F.S., for dissolved oxygen within the hypolimnion in the northern man-made lake.

Under this intent to grant, this variance is hereby granted subject to the applicant's compliance with any requirement in this intent to publish notice of this intent in a newspaper of

general circulation and to provide proof of such publication in accordance with Section 50.051, F.S. This action is final and effective on the date filed with the Clerk of the Department unless a sufficient petition for an administrative hearing is timely filed under Sections 120.569 and 120.57, F.S., as provided below. If a sufficient petition for an administrative hearing is timely filed, this intent to grant automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Therefore, on the filing of a timely and sufficient petition, this action will not be final and effective until further order of the Department. When proof of publication is provided, if required by this intent, and if a sufficient petition is not timely filed, the variance will be granted as a ministerial action. Because an administrative hearing may result in the reversal or substantial modification of this action, the applicant is advised not to commence construction or other activities until the deadlines noted below for filing a petition for an administrative hearing or request for an extension of time have expired and until the variance has been executed and delivered. Mediation is not available.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57, F.S. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000.

Under subsection 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with the Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

If a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Intervention will be permitted only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with Section 403.201, F.S., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any

persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first. Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) the name and address of each agency affected and each agency's file or identification number, if known; (b) the name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) a statement of when and how the petitioner received notice of the agency decision; (d) a statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) a concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; (f) a statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and (g) a statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This intent to grant a variance constitutes an order of the Department. Subject to the provisions of Section 120.68(7)(a), F.S., which may require a remand for an administrative hearing, the applicant has the right to seek judicial review of the order under Section 120.68, F.S., by the filing of a notice of appeal under Rule 9.110 of the Florida Rules of Appellate Procedure with the: Clerk of the Department in the Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the order is filed with the Clerk of the Department.
