DEPARTMENT OF COMMUNITY AFFAIRS

NOTICE OF PUBLIC HEARING ON CONSOLIDATED PLAN FOR HUD FUNDED PROGRAMS

In May 2010, the Department of Community Affairs (DCA), in cooperation with other agencies, began preparation of the Consolidated Plan for Housing and Community Development Programs for Federal Fiscal Years 2011 through 2015 as required by the U.S. Department of Housing and Urban Development (HUD) in accordance with the instructions found in 24 CFR 91.

The plan must cover the grant programs funded by HUD. Grant programs included in the Plan are the Florida Small Cities Community Development Block Grant (CDBG), Emergency Shelter Grant (ESG), Home Investment Partnership (HOME) and Housing Opportunities for Persons with Aids (HOPWA). The Plan must specify the manner in which the funds will be distributed to eligible applicants. This five-year plan, prepared according to HUD guidelines, consists of a collaborative planning process whereby the State establishes a unified vision for community development actions. The State of Florida is required to submit the FY 2011-2012 Annual Action Plan concurrently with the Consolidated Plan. The Plan must specify the manner in which the funds will be distributed to eligible applicants. The Consolidated Plan will be submitted to HUD by May 15, 2011.

On March 11, 2011, the Consolidated Plan public comment period will begin. The comment period will end on April 11, 2011. The State will hold two public hearings on the Consolidated Plan:

ENVIRONMENTAL PROTECTION AGENCY

U.S. Environmental Protection Agency (USEPA)

USEPA Region 4 is providing notice of the opportunity to be placed on a mailing list to receive notification of EPA Region 4 air quality permitting actions.

Most permits required by the Clean Air Act are issued by state and local agencies. Occasionally, however, the USEPA is responsible for issuing permits for sources of air pollution located in areas of federal jurisdiction, such as offshore.

USEPA Region 4 is the agency responsible for issuing CAA permits to liquefied natural gas (LNG) deepwater ports that may be located on the Outer Continental Shelf beyond the seaward boundaries of the States of Alabama, Florida, and Mississippi. These facilities, primarily vessels, will be engaged in vaporizing imported LNG and sending it to shore through pipelines and will be located a minimum of three miles, but often much farther, from shore. If licensed, such projects will require an air quality preconstruction permit and Title V operating permit issued pursuant to the CAA and applicable regulations.

USEPA is required to "Notify the public of the opportunity to be put on the mailing list through periodic publication in the public press and in such publications as Regional and State funded newsletters, environmental bulletins, or State law journals." USEPA is also required to notify the public when we propose to issue an air quality permit and allow the opportunity for comment on the proposed permit or request a public hearing. The public comment period is a minimum of 30 days. The public will be notified of a draft permit through a printed legal notice in a newspaper of general circulation in an area onshore from where the source will be located. The public may

also be notified of the draft permit through our website. USEPA will directly notify by e-mail or mail any person who requests to be on the mailing list.

USEPA Region 4 is providing notice of the opportunity to be placed on a mailing list and notified of these LNG deepwater port air quality permitting actions. If you are interested in receiving such notifications, please go to <http://www.epa.gov/region4/air/permits/LNGPermits/LNGpublicnotices.html> and fill out and submit the Public Notice Distribution List form. You can also submit the following information by e-mail to R4LNGpermits@epa.gov or by US mail to the address below: first and last name; organization (if applicable); mailing address; e-mail address; and phone number (optional, for clarification purposes only). Please specify that you are interested in "LNG permits" and if you prefer notification through e-mail or US mail. For questions regarding the mailing list, please contact: Permits Clerk, Air Permits Section, USEPA Region 4, 61 Forsyth Street, S.W., Atlanta, GA 30303, (404)562-9643.

U.S. Environmental Protection Agency (USEPA) – Florida Greenhouse Gas (GHG) Permitting Actions

USEPA Region 4 is providing notice of the opportunity to be placed on a mailing list to receive notification of USEPA Region 4 air quality permitting actions.

Most air quality permits required by the Clean Air Act (CAA) are issued by state and local agencies. Occasionally, however, the USEPA is responsible for issuing permits for sources of air pollution when states do not have authority to implement certain provisions of the CAA. EPA Region 4 is currently the permitting agency responsible for issuing preconstruction air quality permits for Florida facilities that emit significant quantities of greenhouse gas pollutants and are subject to the federal Prevention of Significant Deterioration (PSD) permitting program.

USEPA is required to "notify the public of the opportunity to be put on the mailing list through periodic publication in the public press and in such publications as Regional and State funded newsletters, environmental bulletins, or State law journals." USEPA is also required to notify the public when we propose to issue an air quality permit and to provide an opportunity for comment on the proposed permit or to request a public hearing. The public comment period is a minimum of 30 days. The public will be notified of a draft permit through a printed legal notice in a newspaper of general circulation in the area where the source will be located. The public will also be

notified of the draft permit through our website. USEPA Region 4 will directly notify by e-mail or US mail any person who requests to be on the mailing list.

USEPA Region 4 is providing notice of the opportunity to be placed on a mailing list and notified of these preconstruction air quality permitting actions for greenhouse gases. BROWARD COUNTY MEDICAL EXAMINER

Notice of Destruction of Toxicology Specimens

The Toxicology Laboratory of the Broward County Medical Examiner's Office announces the destruction of toxicology specimens collected prior to 2009 from autopsies as part of

death investigation cases and specimens obtained prior to 2006 from law enforcement agencies as part of driving under the influence (DUI) cases and drug facilitated sexual assault cases.

The destruction of these specimens shall begin on or about June 15, 2011. If you require any specimens be retained for retesting or possible evidentiary purposes, please send a written request for preservation citing:

1. Name of the individual or agency responsible for initiating the request;
2. Date the request is initiated;
3. Name of the decedent, defendant or victim;
4. Approximate date of specimen collection;
5. Medical examiner laboratory case number (if known);
6. Reason for extending the retention period; and
7. Terms of the specimen preservation, including the length of additional time the requested specimen is to be held.

All written requests must be received by June 1, 2011. If necessary, hearings will be arranged to explore these matters. Send written requests to: Toxicology Laboratory, District 17, Medical Examiner and Trauma Services, 5301 S. W. 31st Avenue, Ft. Lauderdale, FL 33312, or fax written requests to: (954)327-6582.

If you have any questions, please call Toxicology at (954)357-5225.
