Section II Proposed Rules

DEPARTMENT OF AGRICULTURE AND CONSUMER SERVICES

Division of Food Safety

RULE NO.: 5K-4.010 RULE TITLE: Fish and Fishery Products

PURPOSE AND EFFECT: The Department of Agriculture and Consumer Services (DACS) has regulatory oversight of fish and fishery products that are received, stored, processed, marketed or sold in firms regulated by this agency. Under Section 500.02, F.S., the Department is charged with promoting state laws that are uniform with and conform to applicable federal laws to the extent practicable. As such, the Department has historically adopted the relevant portions of the Federal Food, Drug and Cosmetic Act, applicable portions of the Code of Federal Regulations (CFR), and the corresponding federal guidance documents where applicable. DACS has determined that the language in Rule 5K-4.010, F.A.C., is redundant to the CFR language adopted by reference in paragraph 5K-4.002(1)(d), F.A.C., (specifically CFR Title 21 Part 123) and language provided in the Food Code (CFR Title 21 guidance) as published by the U.S. Public Health Service and adopted by reference in subsection 5K-4.002(4), F.A.C. Therefore, to assure uniformity and conformity, DACS is seeking to repeal this redundant state language in administrative code.

SUMMARY: The Florida Department of Agriculture and Consumer Services is seeking to repeal redundant state language in administrative code since relevant federal language exists and has already been adopted by reference within the administrative code. This repeal will have no regulatory or administrative change or effect to currently regulated firms that receive, store, process, market or sell fish or fishery products.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: If adopted, the proposed rule is not expected to require legislative rule ratification under Section 120.541(3), Florida Statutes (or any other statute) before becoming effective for the following reasons: 1) none of the requirements in Section

120.541(1), Florida Statutes, for preparing a Statement of Economic Regulatory Costs (SERC) were triggered and 2) the adverse impact or regulatory cost, if any, of repealing these rules does not exceed any one of the economic analysis criteria in a SERC as set forth in Section 120.541(2)(a), Florida Statutes.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 500.09, 500.12(1)(d), 570.07(23) FS.

LAW IMPLEMENTED: 500.03, 500.04, 500.09, 500.10, 500.11, 500.12, 500.13 FS.

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: 1) no requirement for SERC was triggered under Section 120.541(1), F.S., and 2) based on past experiences with K-12 assessments and rules of this nature, the adverse impact or regulatory cost, if any, do not exceed nor would be expected to exceed any one of the economic analysis criteria set forth in Section 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

(b) through (5) No change.

(6) Examinee scores on the FCAT 2.0 Reading and Mathematics shall be reported by the use of scaled scores and achievement levels defined by the baseline assessment administered during the 2010-2011 school year. Examinee scores on the FCAT 2.0 Science shall be reported by the use of scaled scores and achievement levels defined by the baseline assessment administered during the 2011-2012 school year. Examinee scores on EOC assessments shall be reported by the use of scaled scores and achievement levels defined by the baseline assessment administered as follows: Algebra 1 EOC Assessment (2010-2011), Geometry EOC Assessment (2011-2012), Biology 1 EOC Assessment (2011-2012), United States History EOC Assessment (2012-2013), and Civics EOC Assessment (2013-2014). Achievement levels ~~will~~ range from 1 through 5, with level 1 being the lowest achievement level, level 5 being the highest achievement level, and level 3 indicating satisfactory performance on the assessment. Scoring at or above achievement level 3 on a Florida EOC Assessment indicates that a student is high achieving and has the potential to meet college-readiness standards by the time the student graduates from high school.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: RULE TITLE:

62-113.100 Purpose

PURPOSE AND EFFECT: The proposed amendment to Chapter 62-113, F.A.C., will provide for a partial delegation of the Environmental Resource Permit (ERP) program under Part IV of Chapter 373, F.S., from the Department of Environmental Protection (DEP) to the Environmental Protection Commission of Hillsborough County (EPCHC). This delegation is in accordance with Section 373.441, F.S., and Chapter 62-344, F.A.C. Under the delegation, EPCHC will be responsible for permitting, compliance, and enforcement of ERP applications and activities (including issuance and denial of permits) for such things as construction, alteration, operation, and removal of docks, seawalls, and individual, single-family residences in wetlands and other surface waters within Hillsborough County. This will streamline review and agency action for those activities by allowing EPCHC to combine action on the delegated ERP with local permits required by the EPCHC and the Tampa Port Authority. For the delegated activities, EPCHC proposes to charge an application fee that will be the same or less than the separate application fees that otherwise would have been charged by DEP and EPCHC. In addition, EPCHC will be considered to be a “DEP duly authorized designee” who would be able to administer a U.S. Army Corps of Engineers (USACE) State Programmatic General permit for the activities under this delegation, if authorized to do so by the USACE, therefore further streamlining federal, state, and local regulatory and proprietary reviews. This delegation will not affect ERP responsibilities of

the Southwest Florida Water Management District within Hillsborough County pursuant to the Operating Agreement between DEP and SWFWMD, July 1, 2007.

SUMMARY: The amendment to Chapter 62-113, F.A.C., will incorporate by reference a Delegation Agreement between DEP and EPCHC regarding permitting, compliance, and enforcement of activities regulated under Part IV of Chapter 373, F.S. As required by Section 373.441, F.S., and Chapter 62-344, F.A.C., this delegation will provide for an efficient, effective, and streamlined ERP program, while maintaining protection of environmental resources. The Department has determined that EPCHC has the financial, technical, and administrative capabilities and desire to effectively and efficiently implement and enforce the program, as required by Rule 62-344.500, F.A.C.

OTHER RULES INCORPORATING THIS RULE: The chapter is referenced in subsection 62-330.100(1), F.A.C., Rules 62-344.100, 62-344.300, 62-346.020 and 62-346.080, F.A.C.

EFFECT ON THOSE OTHER RULES: There will be no effect on those rules or subsections.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: A Statement of Estimated Regulatory Cost is not required under Section 120.54(3)(b), F.S., and has not been prepared. The delegation will not result in any new fees or stricter local environmental standards than have already existed in Hillsborough County since 1985. In fact, application fees will either be reduced or will remain the same depending on the circumstances of the application; EPCHC estimates cost savings will range between \$100 and \$1,580 for many applicants. EPCHC intends to implement the delegation within its current workload and using existing staff; additional costs will be minor administrative costs related to enforcing the delegated ERP program rules. The proposed delegation will apply primarily to single-family residences rather than commercial facilities. Based on permitting data for the year 2010, the delegation could result in a reduction of revenue to the state (fees received from ERP permit applications and notices) by as much as approximately \$64,000, consisting of 84 requests to verify exemptions, 25 noticed general permits, and 12 individually processed applications for the types of

activities that would be delegated; however, it is likely this estimate is much higher than will actually be realized because it may include many applicants who would not be subject to the delegation (i.e., activities for larger types of development that will not be delegated to EPCHC). There may be some limited circumstances when a small business could be subject to the proposed rule, but the impact will only be positive through reduced application fees for many applicants, a simplified application process, and easier, more direct (closer) access to processing staff. The delegation will also further the goals of Executive Order No 11-01 (January 4, 2011); it (1) will not unnecessarily restrict entry into any profession or occupation; (2) will not adversely affect the availability of professional or occupational services to the public; (3) will not unreasonably affect job creation or job retention; (4) will not impose burdensome costs on businesses; and (5) is justifiable when the overall cost-effectiveness and economic impact of the regulation, including indirect costs to consumers, is considered. In summary, the delegation will decrease fees and regulatory burdens on the residents and businesses located in Hillsborough County without adversely affecting the environment. No lower cost regulatory alternative has been submitted for the proposed delegation.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: 1S-2.039 RULE TITLE:
FVRS Voter Registration Procedures
NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 37, No. 36, September 9, 2011 issue of the Florida Administrative Weekly.

Based upon written comments received for the public hearing and from the Joint Administrative Procedures Committee, subsections (3), (4)(b)-(c), (7) and (11) have been revised substantively to clarify the processes for searching FVRS for existing records, for entering names that are not legible, for entering source code, for manually registering certain voters who are victims of violence and entitled to confidentiality as to their address, respectively. In addition, subsection (9) is changed to extend the image scanning period from 3 to 5 days. Due to the integrated nature of the rule, however, these changes are presented within the context of the proposed rule which is published in its entirety to read as follows:

1S-2.039 FVRS Voter Registration Procedures.

(1) Applicability. The rule sets forth procedures to ensure that voter registration is conducted uniformly throughout the state.

(2) Definitions. The terms herein shall have the following meaning:

(a) "BVRS" refers to the Bureau of Voter Registration Services.

(b) "DHSMV" refers to the Florida Department of Highway Safety and Motor Vehicles.

(c) "FVRS" refers to the Florida Voter Registration System that contains the official list of registered voters in the state.

(d) "Personal identifying number" or "PIN" refers to the applicant's or registered voter's Florida driver's license number, Florida identification number or the last four digits of his or her social security number.

(e) "SSA" refers to the Social Security Administration.

(f) "SSN4" refers to the last four digits of an applicant's or registered voter's social security number.

(g) "Supervisor" refers to the Supervisor of Elections.

(h) "Valid application" refers to any application as referenced in Section 97.052, F.S.

(i) "Voter registration agency" refers to any entity designated as a voter registration agency by the National Voter Registration Act (NVRA) of 1993 (42 U.S.C. 1973gg-5(a) and (c)), or by Section 97.021, F.S., to offer persons opportunity to register to vote.

(j) "Voter registration official" or "registration official" as used interchangeably herein has the same meaning ascribed in Section 97.021, F.S.

(3) Existing record search. Before entering application information into the FVRS, the voter registration official must determine if a record already exists in the FVRS. For purposes of this subsection "existing record" refers to either a

registration record with a status of active, pre-registered or inactive, or an application record with a status of pending or incomplete. Such determination must be based on verifying as much match data with the existing record as possible. Match data includes but is not limited to name, date of birth, gender, address and personal identifying number (Florida driver's license or state identification card number or last four digits of the social security number.

(a) If the voter registration official determines that an existing record identified by FVRS belongs to the applicant, the registration official shall update the existing record with the new information. If the FVRS identifies more than one existing record within the same county, the registration official shall first update the FVRS to reflect only one active record for the voter as set forth in paragraph (d). The registration official shall then update the active record with the information from the application.

(b) If the voter registration official determines that two or more existing records in other counties identified by FVRS belong to the new applicant, the registration official shall notify the other registration official or officials about those records. The registration officials shall coordinate resolution of the duplicate records as follows: If the registration date on the more recent record is prior to January 1, 2006, the older registration record shall be recorded as removed in the FVRS and the latest record retained as the voter's active registration record. The registration official shall assign a code in the FVRS to reflect the basis for removal as duplicate registration record. If the registration date on the more recent record is on or after January 1, 2006, the older registration record shall be updated with the newer county of residence information in the newer record. The registration official shall then update the record with the information from the application.

(c) If the voter registration official determines that none of the existing records identified by FVRS belong to the new applicant, the registration official shall enter the voter registration information into a new record.

(d) If an application essentially duplicates all the same information as is on the voter's existing record, the official shall process, scan and clip the signature from the application to update the signature on record in FVRS. The voter shall be sent notice pursuant to Section 97.073, F.S. Such notice may be satisfied by issuance of a voter information card. For purposes of this paragraph only, "same information" refers to the same name, same residence address, same date of birth, same driver's license number, state identification card number, or social security number, and same political party affiliation.

(e) The FVRS shall contain only one voter registration record (with a status of active, inactive, or pre-registered) for each registered voter.

(f) If an application indicates that a registered voter's legal residence for voter registration or voting purposes did or might have changed out-of-state in the interim, the registered voter's

existing record shall not be removed solely on that basis. The application shall be processed as an update to the existing record without assigning a new FVRS identification number.

(4) Data entry. Except as provided in subsection (11) and subject to the following, a voter registration official shall enter into the FVRS all information from valid and invalid applications for new registration or registration record update to the extent that the FVRS is able to accept or recognize the information as valid data:

(a) A registration official shall not complete or fill in a missing field for a new applicant that is otherwise left blank on a valid application unless the application includes a copy of the applicants' personal identifying number. The applicant shall be notified in accordance with Sections 97.052(6) and 97.073, F.S., if the application for new registration is incomplete, i.e., that the application does not contain all the information necessary to establish the applicant's eligibility under Section 97.041, F.S. and/or to allow for verification of the applicant's identity as required per Section 97.053(6), F.S. If the applicant submits on a supplemental application the mandatory information missing from the previously submitted application, the registration official shall consider all information between the two applications for purposes of determining whether the applicant has provided all the information required for a complete application. However, both applications must include the applicant's signature.

(b) If the applicant submits his or her application for new registration or registration update on any form other than recognized as acceptable pursuant to Section 97.052(2) or 97.052(5), F.S., the Supervisor of Elections for the voter's county of residence shall forward a valid application form for the applicant to complete in order that his or her application may be processed for either new registration or update.

(c) A registration official shall enter information from an application for new registration or registration update as it appears on the application, except as follows:

1. Only the new applicant's SSN4 shall be entered into the FVRS even if the applicant provides the full number. The number on the original application shall not be altered.

2. The applicant's name shall be inputted as contained in the application field soliciting the applicant's name. If a registration official is unable to discern the correct or intended spelling of the name on the application through a comparison of the printed name and the signature, the printed name shall be entered to the extent possible. If the field for the name is blank or the name completely illegible, the application shall be processed as incomplete. The Supervisor for the applicant's county of residence shall then notify the applicant in accordance with Section 97.073, F.S.

(d) Each application for new registration, update to an existing registration record, and application with supplemental information to a previously submitted application for new

registration must include the original signature, or in the case of electronic records transmitted from DHSMV, include the digital signature.

(5) Verification of personal identifying number. Any valid application for new registration that is complete and submitted other than electronically through DHSMV shall be routed to DHSMV or SSA, whichever is applicable, for verification of the authenticity or nonexistence of the PIN provided on the application. However, no application shall be routed to DHSMV for verification unless the Supervisor first determines that the applicant is otherwise eligible in accordance with Section 97.041, F.S.

(a) Personal identifying number provided.

1. If the PIN is verified, the new applicant's completed application shall become the official registration record and the applicant's name shall be listed as an active voter in the FVRS.

2. If the PIN cannot be verified, the application record is routed through the FVRS to the BVRS. The BVRS shall check for data entry errors using the scanned image of the application in the FVRS, and a comparison of information available from DHSMV. If a data entry error occurred, the BVRS shall correct the application record and resubmit the record to DHSMV or SSA for verification. If no data entry error occurred, but the BVRS is able to confirm that the number belongs to the applicant, the BVRS shall override the FVRS to complete the registration process. The applicant's completed application shall become the official registration record and the applicant's name shall be listed as an active voter in the FVRS.

3. If the BVRS is unable to resolve the verification issue, the BVRS shall flag the record as unverified and the application record is sent through the FVRS to the Supervisor of the new applicant's county of residence. The Supervisor shall send a "Notice to Applicant". The notice shall be in, or substantially in, the form provided in DS-DE # 122 (eff. /) (<https://www.flrules.org/Gateway/reference.asp?No=Ref-0058>). This form is hereby incorporated by reference. A copy of the form may be obtained from the Division of Elections, Room 316, R.A. Gray Building, 500 South Bronough Street, Tallahassee, Florida 32399-0250, or is available from the Division of Elections' website at: <http://election.dos.state.fl.us>, or by contacting the Division of Elections at (850)245-6200.

4. If it is determined after notice to the voter is sent that a data entry error of the PIN occurred, the applicant's record shall be corrected and the PIN resubmitted through the FVRS for verification by DHSMV or SSA, whichever is applicable.

5. If the new applicant provides evidence of his or her PIN, the Supervisor shall retain a copy of the evidence as part of the applicant's application but shall not scan the evidence into the FVRS. The Supervisor shall change in the FVRS the source of the applicant's number from "F" (referring to form) to "P" (referring to proof). If the PIN presented to the Supervisor is different from the PIN provided on the application, the new PIN shall replace the old number.

However, if the new PIN is a different type of PIN, then the Supervisor shall also record the type and the new PIN in the FVRS. The Supervisor shall not change the old PIN on the application or submit the new PIN to DHSMV or SSA for verification. The applicant's completed application shall become the official registration record. The applicant shall be listed as an active voter in the FVRS.

(b) No personal identifying number. If a new applicant does not provide a PIN and checks or writes "NONE," on the application, the new applicant's record shall be routed first to DHSMV or SSA, and then if needed, to the BVRS, to determine if a personal identifying number might exist:

1. If a PIN is found to exist for the new applicant, the application record shall be sent to the Supervisor of the applicant's county of residence for resolution. The Supervisor shall contact the applicant and provide him or her with an opportunity to resolve the matter. If the applicant provides evidence of a PIN, the Supervisor shall follow the process in subparagraph (a)5.

2. If no PIN is found to exist for the new applicant, the BVRS shall override the FVRS and the applicant's application record shall become the official registration record. The applicant shall be listed as an active registered voter or a pre-registered voter in the FVRS, whichever is applicable. However, if such voter registered by mail and is a first time voter in the state, and did not include with the application a copy of identification required by Section 97.0535, F.S., the record shall be flagged as requiring special identification to be provided before the voter votes. The only exception to the special identification requirement is if the voter votes absentee and swears or affirms on the absentee ballot certificate that he or she is exempt from providing any photo identification or government-issued documentation as specified in Section 97.0535, F.S.

(c) Blank field. If a new applicant provides no PIN or an incomplete PIN and fails to check or write "None" on the application, the application is incomplete unless the applicant includes a copy of the driver's license, state identification card, or the social security card from which the voter registration official can complete the incomplete PIN. Notice to the applicant shall be provided in accordance with Sections 97.052(6) and 97.073, F.S.

(6) Political party affiliation.

(a) A new applicant or registered voter who selects or affirmatively indicates a change of party affiliation shall be registered in the FVRS:

1. With the requested political party (if the party is registered in Florida) by using the party code assigned to the party by the Division of Elections.

2. Without political party affiliation under the code of "NPA" (No Party Affiliation) if the person:

a. Marks "No party."

b. Fails to designate a specific party affiliation, or leaves the party field blank.

c. Designates a political party that is non-existent, not registered or no longer registered in Florida.

(b) Except as provided in paragraph (c), no change to a registered voter's currently recorded political party affiliation status shall be made unless the registered voter indicates otherwise.

(c) If the voter's registered political party has disbanded or is no longer registered with the State, the voter's record shall be changed to reflect a status of No Party Affiliation. The registered voter shall be sent written notice about the disbanded or unregistered party and the option to select another party for registration. No later than 15 days the notice, the voter shall be sent a new voter information card reflecting the voter's party affiliation status. A coding change or conversion does not constitute a political party change in the FVRS.

(7) Source of application code. The voter registration official must assign a source of application code in the FVRS to each application for new registration or registration record update. The code number corresponds to how an application was directly submitted or who submitted the application directly to the Division of Elections or to the Supervisor of Elections' Office without regard to how or where the application might have been originally obtained, distributed, or completed. The voter registration official shall enter:

(a) Code 1 for any electronic intake application information received from any office that issues driver's license or renewal thereof (e.g., a driver's license examiner's office for the Florida Department of Highway Safety and Motor Vehicles or a tax collector's office that issues driver's licenses) and for any mailed or hand-delivered paper applications received and forwarded from any such office.

(b) Code 2 for any application that arrives through the postal service or other mail delivery service but that does not otherwise fall into any of the other source codes listed under this subsection.

(c) Code 3 for any application received from any office that administers a public assistance program as is defined in Section 97.021, F.S., (for example, food stamp program, Kidcare program, the Medicaid program, the Special Supplemental Food Program for Women, Infants, and Children, and the WAGES program).

(d) Code 4 for any application received from any office that serves persons with disabilities, any office serving students with disabilities at an educational institute, and any center for independent living.

(e) Code 5 for any application received from any armed forces recruitment office.

(f) Code 6 for any application received from a public library.

(g) Code 7 for any application that is completed at or hand-delivered by the applicant or registered voter, or delivered by someone on his or her behalf (other than a third-party voter registration organization), directly to the Supervisor of Election's office in person or through the Supervisor of Election's website.

(h) Code 8 for any application that is submitted directly (by mail or hand-delivery) by a third-party registration organization as defined in Section 97.021, F.S. (for example, an advocacy group or political party), to the Supervisor of Election's office or the Division of Elections, and if applicable, any other unique identification code assigned.

(8) Registration date. The registration date for a new applicant shall be governed by Section 97.053, F.S., and shall be entered in the FVRS accordingly.

(9) Scanned application image. The voter registration official inputting the information from an application for new registration or from an application for an update to the registration record must scan and index the image of the application including the signature into the FVRS no later than five days after inputting the information.

(10) Recording notice activity. Once an application for new registration or registration update is processed, the Supervisor shall record in the FVRS the following type and date of notice:

(a) Notice sent pursuant to Section 97.073, F.S., for failing to complete or check one or more of the mandatory fields required for determining eligibility for new registration (i.e., fields for name, date of birth, Florida legal residence, personal identifying number or writing None", U.S. citizenship, felony conviction, adjudication of mental incapacity, and signature).

(b) Notice sent pursuant to Sections 97.073, F.S., regarding denial of an application on the basis that the applicant is ineligible. An applicant may be ineligible for being a convicted felon without civil rights restored, for being adjudicated mental incapacity without voting rights restored, for not being a United States citizen, for being deceased, for being a fictitious person, for not being of legal age to register or pre-register, or for not listing a Florida legal residence.

(c) Notice sent pursuant to Section 97.053(6), F.S., to a new applicant that the personal identifying number could not be verified.

(d) Voter information card sent pursuant to Section 97.071, 97.073, or 97.1031, F.S., issued upon new registration and for specific changes to voter registration records.

(e) Notice sent pursuant to Section 97.073, F.S., that a duplicate registration form was received (i.e., "duplicate" meaning that there were no data element differences between the application and the existing voter registration record as to name, date of birth, address, Florida driver's license or state identification card number or social security number, or party affiliation). A voter information card may be substituted for a duplicate notice.

(11) Special applicants- victims of violence. If a new applicant or registered voter indicates that he or she is or may be a victim of domestic violence or stalking, such person may be entitled to confidential and exempt registration records pursuant to Florida Attorney General's Address Confidentiality Program (ACP) under the provisions of Sections 741.401-465, F.S., or pursuant to Section 97.0585, F.S., as a victim of stalking. If eligible, such persons are entitled to confidentiality as to their name, telephone number and address, and receive a designated substitute mailing address for purposes of voting by absentee ballot and conducting other activities. The application for such applicant or registered voter shall be processed as follows:

(a) If the new applicant or registered voter seeks confidentiality under the program and is not already certified as a participant or the original certification has expired or been withdrawn, the applicant shall be directed to the Supervisor of Elections in the county of residence. The Supervisor shall provide the applicant or registered voter with contact information for the Attorney General's Office to find out about the process for ACP certification or the submission of a sworn statement of stalking.

(b) If the applicant or registered voter provides proof of authorization of compliance with the Attorney General Office's requirements for name and address confidentiality, the Supervisor shall process manually any new application or update to the registration record. The Supervisor shall ask the person if he or she is registered to vote in another county as address protected pursuant to the Attorney General's Program. The application shall not be entered or scanned into the FVRS in order to ensure that information revealing the personal identifying information and location of the applicant or registered voter are not disclosed to the public.

(c) If the applicant is already a registered voter whose record is in the FVRS, the existing registration record in the FVRS shall be cancelled before processing the record manually in accordance with paragraph (b). The Supervisor must ensure that the registered voter's record including any audit, absentee and voting history records are also removed from the local county registration database. If one or more records exist in FVRS for the voter in different counties, the Supervisor must coordinate with such counties to ensure that similar records are removed from their respective local county registration database.

(d) If the applicant is already a protected registered voter in the Supervisor of Elections' county but indicates that he or she is relocating to another county, the applicant shall be directed to contact directly the Supervisor of Elections in the new county of residence to submit the address update and continue with the address protection. The Supervisor of Elections in the new county of residence shall process the application manually in accordance with this subsection.

(e) The Supervisor of Elections in the county of residence shall forward to the BVRS a copy of the completed and signed application for registration update with the legal address redacted and if applicable, include information as to any other county that the person has stated that he or she is registered as address protected pursuant to the Attorney General's program. The documents shall be enclosed in an envelope marked private and confidential and addressed to: Chief, Bureau of Voter Registration Services/ACP, Department of State, Division of Elections, 500 S. Bronough Street, Tallahassee, Florida 32399.

(f) The BVRS chief shall:

1. Verify (for new registrations only) through the DHSMV or SSA the new applicant's personal identifying number and shall notify the Supervisor of Elections for the voter's county of residence about the outcome of the verification process.

2. Determine if the person is already registered in another county as a protected voter and notify the Supervisor of Elections of the prior county of residence that the person is now registered with another county.

3. Conduct monthly checks to determine if such registered voter remains eligible by cross-checking with data as to death, an adjudication of mental incapacity or a felony conviction, and if a match is found, to report such match to the Supervisor of Elections for the voter's county of residence to process as potentially ineligible in accordance with Section 98.075(7), F.S.

4. Retain the documents in a separate secure storage from other registrations.

(g) Such applicant's or registered voter's PIN shall not be included in any registered voter list, absentee ballot list, tape, label, precinct register made available to the public.

(h) If the new applicant or registered voter does not seek or no longer seeks name and address confidentiality through the Attorney General's Office, or does not provide proof of authorization or eligibility to the confidentiality of his or her name and address through the Attorney General's Office, the application or registration update shall be processed in accordance with subsections (2)-(10) of this rule.

(i) If the chief of the BVRS or the Supervisor of Elections receives information that a registered voter's eligibility for name and address confidentiality through the Attorney General's Office is cancelled, expired without renewal or is otherwise no longer valid, the chief shall notify the Supervisor of Elections or vice versa whichever is applicable. The Supervisor of Elections shall then attempt to contact the voter to determine whether the voter still wants to remain a registered voter and if so, shall then enter such record in the FVRS.

(12) Street Address Index Updates.

(a) Each county Supervisor shall submit electronically, at least monthly, by the 10th of each month, to the Division of Elections to the FVRS an uploaded index of valid residential

street addresses so that the legal addresses on application forms can be verified as valid at the time of registering or updating a registration record. The street address index may be submitted more frequently as street additions or changes occur in the prior month. No monthly update is required if no additions or changes in street addresses have occurred in the prior month.

(b) The update to a street address index shall be submitted either by:

1. Batch method in which the entire existing index is replaced with an updated index.

2. Change method in which a street address index is updated with individual changes as they occur.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 37, No. 41, October 14, 2011 issue of the Florida Administrative Weekly.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The District has determined that this amendment will not have an adverse impact on small business

and is not likely to directly or indirectly increase regulatory costs by more than \$200,000 within one year of taking effect. A SERC has not been prepared by the District. Based on the fact that the rule amendment simply facilitates the electronic sharing of information between the parties, clarifies the responsibilities of the parties, and increases standardization among the water well delegation agreements, the District has determined that no SERC is required and that no legislative ratification pursuant to subsection 120.541(3), F.S. is required. Any person who wishes to provide information regarding the statement of estimated regulatory costs or to provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

NOTICE OF CHANGE

Notice is hereby given that the following changes have been made to the proposed rule in accordance with subparagraph 120.54(3)(d)1., F.S., published in Vol. 37, No. 11, March 18, 2011 issue of the Florida Administrative Weekly.

65G-4.014 Eligibility for Agency Services – Definitions.

(1) Autism means a condition which meets the requirements of Section 393.063, F.S., that the condition is:

(a) Pervasive, meaning always present and without interruption;

(b) Neurologically based, meaning that the condition is not the result of physical impairment;

(c) A developmental disability with age of onset during infancy or childhood;

(d) With extended duration, meaning that the condition reasonably can be expected to continue indefinitely into the future;

(e) Causes severe learning disorders resulting in both severe communication disorders affecting both verbal and nonverbal skills, and severe behavior disorders. Autism is characterized by an individual evidencing at least six of the following twelve features from the following subparts 1 and 2:

1. Severe communication disorders, which may include:

i. A delay in, or total lack of, the development of spoken language (not accompanied by an attempt to compensate through alternative modes of communication such as gesture or mime);

ii. Stereotyped and repetitive use of language or idiosyncratic language;

iii. For those applicants with speech, marked impairment in the use of multiple nonverbal behaviors such as eye-to-eye gaze, facial expression, body postures, and gestures to regulate social interaction;

iv. Failure to develop peer relationships appropriate to developmental level;

v. A lack of spontaneous seeking to share enjoyment, interests, or achievements with other people (e.g., by a lack of showing, bringing, pointing out objects of interest, or achievements to others);

vi. Lack of social or emotional reciprocity;

vii. Marked impairment in the ability to initiate or sustain a conversation with others in individuals with adequate speech; or

viii. Impaired imaginative ability evidenced by a lack of varied, spontaneous make-believe play or social imitative play appropriate to developmental level.

2. Severe behavior disorders, which are restricted, repetitive and stereotyped patterns of behavior, interests, and activities which may include:

ix. Encompassing preoccupation with one or more stereotyped and restricted patterns of interest that is abnormal either in intensity or focus;

x. Apparently inflexible adherence to specific, nonfunctional routines or rituals;

xi. Stereotyped and repetitive motor mannerisms (e.g., hand or finger flapping or twisting, or complex whole-body movements); or

xii. Persistent preoccupation with parts of objects.

(2) Cerebral Palsy – means a group of disabling symptoms of extended duration that result from damage to the developing brain during the prenatal period and characterized by paralysis, spasticity, or abnormal control of movement or posture, such as poor coordination or lack of balance, which is manifest prior to three years of age. For purposes of the rule, cerebral palsy also means the presence of other significant motor dysfunction appearing prior to age 18 due to perinatal or external events such as anoxia, oxygen deprivation, or traumatic brain injury. Excluded from this definition is motor dysfunction caused by medical events, including stroke or progressive diseases such as muscular dystrophy. The impairment from cerebral palsy must constitute a substantial handicap which is reasonably expected to continue indefinitely.

(3) Mental Retardation or Intellectual Disability – is evidenced by the concurrent existence of:

(a) Significantly subaverage general intellectual functioning evidenced by an Intelligence Quotient (IQ) two or more standard deviations below the mean on an individually administered standardized intelligence test, and

(b) Significant deficits in adaptive functioning in one or more of the following areas:

1. Communication skills.
2. Self-care, home living.
3. Social and interpersonal skills.
4. Use of community resources and self-direction.
5. Functional academic skills.
6. Work, leisure, health and safety awareness and skills.

(c) Which are manifested prior to age 18; and

(d) Constitute a substantial handicap which is reasonably expected to continue indefinitely.

(4) Prader-Willi Syndrome – means a genetic disorder which is most often associated with a random deletion of chromosome 15. Commonly associated characteristics include insatiable appetite, chronic overeating, hypotonia, short stature, obesity, and behavioral issues. Individuals diagnosed with Prader-Willi syndrome generally have mental retardation; however, an individual with Prader-Willi syndrome can be determined as eligible for services without an accompanying diagnosis of mental retardation.

(5) Spina Bifida – For the purposes of agency eligibility, spina bifida refers to a confirmed diagnosis of spina bifida cystica or myelomeningocele.

(6) Down Syndrome – means a condition caused by the presence of extra chromosomal material on chromosome 21. This disorder is often associated with impairment in cognitive ability, characteristic physical growth and features, and congenital medical conditions.

(7) Eligibility Rules – Rules 65G-4.014 through 65G-4.017, Florida Administrative Code, inclusive, which apply to eligibility determinations for services provided through the Agency for Persons with Disabilities for individuals with developmental disabilities.

(8) DD Waiver – Home and Community-Based Services (HCBS) waiver authorized by 42 U.S.C. 1396n(c)(1) of the federal Social Security Act and Section 409.906, F.S., that provides a package of Medicaid-funded home and community-based supports and services to eligible persons with developmental disabilities who live at home or in a home-like setting.

(9) Agency Services – home and community based supports and services to eligible persons funded through general revenue allocations or sources other than the DD Waiver.

65G-4.017 Establishing Eligibility.

(1) Establishing Eligibility – Autism. A diagnosis of autism, as defined by Rule 65G-4.014, F.A.C., may only be made by one or more of the following who has specific training and experience in making such diagnosis:

(a) A Florida-licensed psychiatrist.

(b) A Florida-licensed psychologist.

(c) A board-certified pediatric neurologist who is qualified by training and experience to make a diagnosis of autism.

(d) A board-certified developmental pediatrician.

(e) Collateral information received from another state may be accepted if the evaluator is licensed through the same credentials required for licensure in Florida for the professions listed in paragraph (1)(a) above.

(2) Establishing Eligibility – Cerebral Palsy. Diagnosis is confirmed by written documentation from one or more of the following:

(a) A medical doctor;

(b) A doctor of osteopathy; or

(c) Medical records documenting a diagnosis of cerebral palsy before the age of 18.

(3) Establishing Eligibility – Mental Retardation or Intellectual Disability. To establish that an individual has mental retardation the following criteria shall be applied:

(a) A single test or subtest should not be used alone to determine eligibility. If a person has significantly different (statistically defined) scores on different scales of a test or tests, or a great deal of variability on subtest scores of an IQ test, the full-scale score may not indicate mental retardation and should not be relied on as a valid score. In that instance, closer scrutiny is required to make an appropriate differential diagnosis. This may include review of school records, school placement, achievement scores, medical records, medication history, behavior during testing and the psychosocial situation at the time of testing. Closer scrutiny must also be required when there is a great deal of variability between IQ scores on different IQ tests or different administrations of the same IQ test. Nothing here is intended to preclude clinical judgment from appropriately determining that a single full-scale IQ score of 70 or below, or two or more standard deviations below the mean, on an individually administered intelligence test is sufficient to establish eligibility.

(b) The performance measures for this category of adaptive functioning deficits must be validated by the professional judgment of a psychologist who is experienced in working with people who have retardation, who has specific training and validation in the assessment instrument that is used, and who is one of the following:

1. A Florida-licensed psychologist.

2. A Florida-licensed school psychologist.

3. A certified school psychologist.

(c) Any standardized test may be submitted as proof. However, the applicant must demonstrate that any test not presumptively accepted by the agency is valid. The following are presumptively accepted standardized tests of intelligence to establish eligibility for mental retardation:

1. Stanford-Binet Intelligence Test (all ages).

2. Wechsler Preschool and Primary Scale of Intelligence (under six years of age).

3. Differential Ability Scales – Preschool Edition (under six years of age).

4. Wechsler Intelligence Scale for Children (WISC) (children up to 15 years, 11 months).

5. Differential Ability Scales (children up to 15 years, 11 months).

6. Wechsler Adult Intelligence Scale (WAIS).

7. Test of Nonverbal Intelligence-3 (TONI-3).

8. Comprehensive Test of Nonverbal Intelligence-2 (C-TONI 2).

9. Universal Nonverbal Intelligence Test (UNIT).

10. Leiter International Performance Scale-Revised (Leiter-R).

(d) The following tests of adaptive functioning are presumptively accepted in the determination:

1. Vineland Adaptive Behavior Scales.

2. AAMR Adaptive Behavior Scale.

Insurance Code or rules promulgated pursuant thereto to appear on the first page of an annuity policy shall not appear on the cover page of the annuity policy unless expressly required by statute or rule to also appear on the cover page of the annuity policy.

(b) through (c) No change.

(d) With the exception of a company logo, the remainder of the type-face on the cover page shall include only the following information as applicable in a minimum of 12-point type:

1. Information for the purchaser on the unconditional refund period as follows:

a. For purchasers age 64 and under, as well as for “accredited investors” of any age: you may return your contract for up to 14 days after you receive it. The term “accredited investor” is defined in Section 627.4554(3)(b), F.S.

b. For purchasers age 65 and over, except for “accredited investors”: you may return your contract for up to 21 days after you receive it. “Accredited investors,” as defined in Section 627.4554(3)(b), F.S., are limited to a 14 day unconditional refund period.

c. through g. No change.

h. On the cover page of any variable annuity policy, include a statement that, “A prospectus, which may include a policy summary, must be given to you.”

2. through 4. No change

~~(3)(2)~~ No change.

~~(4)(3)~~ Duties of Insurers and Insurance Agents.

(a) through (g) No change.

(5) Any insurer or agent that sells or markets an annuity policy affected by this rule shall have up to 120 days from the effective date of this rule, as amended, to bring documents related to new sales into compliance with the provisions of this rule.

Section IV Emergency Rules

DEPARTMENT OF CITRUS

RULE NO.: 20ER11-1
 RULE TITLE: Oranges: 2011-2012 Anhydrous Acid Maturity Standards

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Section 120.54(4)(b), Florida Statutes, states that

those rules pertaining to perishable agricultural commodities shall be included in the definition of rules relating to the public health, safety, or welfare.

Due to early maturity and adverse climactic conditions through periods of this growing season significant amounts of the Florida orange crop in the 2011-2012 season will have an acid content below the 0.4 minimum established in Section 601.19, Florida Statutes. Strict enforcement of the anhydrous acid content requirements, which were adopted largely to control abuse of plant growth regulators which are no longer in use, could cause economic waste by allowing good and safe food to be ruled immature.

After taking testimony and discussing the matter at a public meeting and hearing in Bartow, Florida on October 19, 2011, the Florida Citrus Commission found that there exist unusual growing conditions which could cause a substantial portion of the orange crop to fail minimum acid requirements. They unanimously voted to adopt Emergency Rule 20ER11-1, adjusting the percentage of anhydrous citric acid requirement for oranges for fresh and processed use from .40 to .36, from October 21, 2011 up to and including November 30, 2011.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: Adequate notice procedures were used by the Department of Citrus to inform the public and the Florida citrus industry of the pending adoption of Emergency Rule 20ER11-1 adjusting the percentage of anhydrous citric acid requirements for oranges, in that notice was made via email of the meeting notice on October 17, 2011 to members of the Florida Citrus Commission, all industry organizations, the Florida Press Corps and other interested persons.

SUMMARY: Emergency Rule 20ER11-1 adjusts the percentage of anhydrous citric acid requirement for oranges from .40 to .36 from October 21, 2011 up to and including November 30, 2011.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Alice P. Wiggins, License & Regulation Specialist, Legal Department, Florida Department of Citrus, P. O. Box 9010, Bartow, Florida 33831-9010 or awiggins@citrus.state.fl.us

THE FULL TEXT OF THE EMERGENCY RULE IS:

20ER11-1 (20-13.0011) Oranges: 2011-2012 ~~2004-2005~~ Anhydrous Acid Maturity Standards.

(1) During the period beginning October 21, 2011 ~~October 29, 2004~~ up to and including November 30, 2011 ~~July 31, 2005~~ oranges shall be deemed mature when the juice sample contains not less than .36 percent of anhydrous citric acid.

(2) No change.

Section V Petitions and Dispositions Regarding Rule Variance or Waiver

DEPARTMENT OF LAW ENFORCEMENT

NOTICE IS HEREBY GIVEN that on October 20, 2011, the Criminal Justice Standards and Training Commission, received a petition for a permanent waiver of subsection 11B-27.00212(14), F.A.C., from Alachua County Sheriff's Office on behalf of five officers for the 2008 (7/1/2006 – 6/30/2008) reporting period and one officer for the 2010 reporting period (7/1/2008 – 6/30/2010). subsection 11B-27.00212(14), F.A.C., requires officers to requalify with a firearm every two years on a course of fire mandated by Commission rule and supervised by a CJSTC-certified firearms instructor. The petition supports the requested waiver by stating that the officers at issue did successfully complete the course of fire, however, the instructor supervising the requalifications was not a CJSTC-certified firearms instructor. Petitioner states that the officers will suffer a substantial hardship if their certifications are rendered inactive as a result of this situation. Petitioner further states that it would violate the principles of fairness to fail to recognize that the officers did successfully complete the requirement simply because a non-CJSTC-certified firearms instructor supervised the 2008 requalifications for five officers and the 2010 requalification for one officer.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Grace A. Jaye, Assistant General Counsel, Florida Department of Law Enforcement, P. O. Box 1489, Tallahassee, FL 32302 or by telephoning (850)410-7676.

The Board of Nursing Home Administrators hereby gives notice of the issuance of an Order regarding the Petition for Variance or Waiver for Megan Canada. The Notice of Petition for Variance or Waiver was published in Vol. 37, No. 39, of the September 30, 2011, Florida Administrative Weekly. The Board considered the Petition at a duly-noticed public meeting held on August 19, 2011. The petition requested a waiver or variance from the requirement imposed by Rule 64B10-16.001, Florida Administrative Code, with respect to the following licensure requirement: the prerequisites for approval into the 1,000 hour AIT program.

The Board's Order, filed on September 6, 2011, grants the Petition for Variance or Waiver of Rule 64B10-16.001, Florida Administrative Code, finding that Petitioner has complied with the requirements of Section 120.542(2), Florida Statutes. Specifically, Petitioner has demonstrated that Petitioner's MAT 540, Quantitative Methods is accepted to fulfill the computer requirement of college training in health administration. The Petitioners' 450 hours of volunteer work and in-service training hours at Winter Park Care and Rehabilitation Center are accepted to fulfill the aging requirement of college training in health administration. The Petitioner now meets the requirements of a 1,000 hour administrator-in-training program. Additionally, Petitioner has demonstrated that strict application of Rule 64B10-16.001, Florida Administrative Code, would create a substantial hardship or violate principles of fairness within the meaning of Section 120.542(2), Florida Statutes. Based upon the foregoing, the Board determined that Petitioner is eligible for a waiver or variance of Section 64B10-16.001, Florida Administrative Code.

A copy of the Order or additional information may be obtained by contacting: Bruce Deterding, Executive Director, Board of Nursing Home Administrators, 4052 Bald Cypress Way, Bin #C07, Tallahassee, Florida 32399-3257.

NOTICE IS HEREBY GIVEN that on October 19, 2011, the Department of Health, Bureau of Radiation Control, received a petition for the Palm Beach County Sheriff's Office. The petitioner is seeking a variance from subparagraph 64E-5.502(1)(a)6., F.A.C., which prohibits individuals from being exposed to radiation from an x-ray machine for training, demonstration or other purposes unless there are also medical requirements and a proper prescription has been provided.

A copy of the Petition for Variance or Waiver may be obtained by contacting: Don Steiner, Environmental Administrator, Bureau of Radiation Control, Radiation Machine Program, 705 Wells Road, Suite 300, Orange Park, Florida 32073, (904)278-5730. Comments on this petition should be filed with the Bureau of Radiation Control within 14 days of this notice.
