DEPARTMENT OF COMMUNITY AFFAIRS

Open Application Period for Anticipated 2012 Pre-Disaster Mitigation Grant Program Application Cycle

The Pre-Disaster Mitigation (PDM) program is a nation-wide competitive grant program that was created to assist State and local governments, including Indian Tribe governments, with the implementation of cost-effective hazard mitigation activities prior to disasters. The intent of this program is to reduce overall risk to people and property, while also minimizing the cost of disaster recovery.

Proposed hazard mitigation projects must primarily focus on natural hazards but also may address hazards caused by manmade forces. Funding is restricted to a maximum Federal share of \$3 million per project sub-application. The Federal share will cover 75% of the project cost. Sub-applicants are

required to provide the remaining 25% in matching funds. All project submissions must have a Benefit Cost Analysis of 1 or greater.

Eligible Sub-Applicants:

The following entities are eligible to apply for assistance: State-level agencies including State institutions (i.e., State hospitals or universities); Federally-recognized Indian tribal governments; local governments, including State-recognized tribes, authorized tribal organizations, and Alaska Native villages; public colleges and universities; and tribal colleges and universities. Private non-profit (PNP) organizations and private colleges and universities are not eligible Sub-Applicants; however, an eligible, relevant State agency or local governments may as the Sub-Applicant for assistance to benefit the private entity.

Sub-applicants may request up to 10% of the funds requested for their mitigation project sub-application for information dissemination activities (public awareness and education) regarding cost-effective mitigation technologies. These activities may include marketing and outreach (i.e., brochures, videos) and must relate directly to the project sub-application. Any information dissemination activities should be identified as separate line items in the Cost.

Sub-applicants may include a maximum of 5% of the total funds requested (Federal and non-Federal shares) for their project sub-application for management costs to support the project. Sub-applicant cost activities must be consistent with the Office of Management and Budget Circular A-87.

In re: MONROE COUNTY LAND
DEVELOPMENT REGULATIONS
ADOPTED BY MONROE COUNTY
ORDINANCE NO. 004-2011

FINAL ORDER

The Department of Community Affairs (the “Department”) hereby issues its Final Order, pursuant to §§ 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2010), approving a land development regulation adopted by a local government within the Florida Keys Area of Critical State Concern as set forth below.

FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and Monroe County is a local government within the Florida Keys Area.
2. On March 17, 2011, the Department received for review Monroe County Ordinance No. 004-2011 (“Ord. 004-2011”), adopted by Monroe County on February 16, 2011.
3. The purpose of Ord. No. 004-2011 is to amend the Monroe County Section 130-92(A), Recreational Vehicle District to amend the as-of-right permitted uses in the Recreational Vehicle (RV) land use district to allow a certain number of commercial apartments and certain non-conforming uses to be used as vacation rental units.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended, or rescinded by any local government in the Florida Keys Area of Critical State Concern. § 380.05(6), Fla. Stat., and § 380.0552(9), Fla. Stat. (2010).

5. Monroe County is a local government within the Florida Keys Area of Critical State Concern. § 380.0552, Fla. Stat. (2010) and Rule 28-29.002 (superseding Chapter 27F-8), Fla. Admin. Code.

6. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. § 380.031(8), Fla. Stat. (2010). The regulations adopted by Ord. 004-2011 are land development regulations.

7. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in § 380.0552(7), Fla. Stat. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

8. Ord. 004-2011 promotes and furthers the following Principles:

(a) To strengthen local government capabilities for managing land use and development so that local government is able to achieve these objectives without the continuation of the area of critical state concern designation.

(l) To protect the public health, safety, and welfare of the citizens of the Florida Keys and maintain the Florida Keys as a unique Florida Resource.

9. Ord. 004-2011 is consistent with the Principles for Guiding Development as a whole.

10. Ord. 004-2011 furthers Monroe County Comprehensive Plan Policy 101.4.5.

have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the Office of General Counsel of the Department, 3900 Commonwealth Boulevard, M.S. 35, Tallahassee, Florida 32399-3000. If no objections are received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Notice of Intent to Grant Drinking Water Quality Standards Exemption

The Department of Environmental Protection gives notice of its intent to grant an exemption request pursuant to Rule 62-560.520, Florida Administrative Code (F.A.C.) to the City of Punta Gorda, for its public water system located off South Washington Loop Road, Punta Gorda, Charlotte County, Florida. This exemption is for the exceedance of the secondary maximum contaminant level (SCML) for total dissolved solids (TDS) found in Rule 62-550.320, F.A.C. The SCML for TDS is 500 mg/L. As a condition of this exemption, an alternative SCML of 1000 mg/L for TDS will be required for the duration of the exemption. The exemption is granted until May 08, 2016 and future exemptions must be petitioned for by the applicant.

A person whose substantial interests are affected by the Department's proposed exemption decision may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.570, Florida Statutes (F.S.). The petition must contain the information set forth below and must be filed (received) in the Office of the General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station 35, Tallahassee, Florida 32399-3000, within 30 days of the publication of this notice. The petitioner must mail a copy of the petition to the applicant at 326 West Marion Avenue, Punta Gorda, Florida 33950, at the time of filing.

The failure of any person to file a petition within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S., or to intervene in this proceeding and participate as a party to it. Any subsequent intervention (in a proceeding initiated by another

party) will only be at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

A petition that disputes the material facts on which the Department's action is based must contain the following information, as required by Rule 28-106.201, F.A.C.:

(a) The name and address of each agency affected and each agency's file or identification number, if known;

(b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding and an explanation of how the petitioner's substantial interests will be affected by the agency determination;

(c) A statement of when and how the petitioner received notice of the agency decision;

(d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate;

(e) A concise statement of the ultimate facts alleged, including the specific facts the petitioner contends warrant reversal or modification of the agency's proposed action;

(f) A statement of the specific rules or statutes the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; and

(g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise contain the same information as set forth above, as required by Rule 28-106.301, F.A.C.

Because the administrative hearing process is designed to formulate final agency action, the filing of a petition means that the Department final action may be different from the position taken by it in this notice. Persons whose substantial interests will be affected by any such final decision of the Department on the petition above have the right to petition to become a party to the proceeding, in accordance with the requirements set forth above.

Mediation is not available for this proceeding.

The application is available for public inspections during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department's South District Office, 2295 Victoria Avenue, Suite 364, Fort Myers, Florida 33901, telephone Mr. James Oni, Drinking Water Supervisor, at (239)344-5679.
