WATER MANAGEMENT DISTRICTS

NOTICE IS HEREBY GIVEN that on June 15, 2011, the St. Johns River Water Management District, received a petition for the modification of a granted variance from the St. Augustine Airport Authority. District receipt of the petition for modification of variance was published in the Florida Administrative Weekly on July 1, 2011. The District intends to grant the petition to modify the variance. On November 2, 2010, pursuant to Section 373.414(17), F.S., the airport was granted a variance from paragraph 40C-4.302(1)(c), F.A.C., and the associated portions of the Applicant's Handbook: Management and Storage of Surface Waters, including Sections 10.1.1(c), 12.1.1(d) and 12.2.5(c), with respect to Environmental Resource Permit Application 40-109-28307-40, to construct an Approach Lighting System in salt marsh at the end of Runway 13-31 in an area of 800 ft. by 35 ft. The Approach Lighting System is to be constructed directly in the Tolomato River, which is classified by the Department of Agriculture and Consumer Services as conditionally restricted for shellfish harvesting, and the rules do not authorize construction and operation of the Approach Lighting System in such classified waters. Since the variance and associated Environmental Resource Permit were granted by the District, the Federal Aviation Administration (FAA) has informed the airport that it had to install more lighting than was contemplated when the variance and associated permit were granted. In order to meet the FAA requirements, the airport must seek a modification of the variance to the rules and Applicant Handbook provisions for an additional 600 ft. by 35 ft. area. The petition to modify the variance has been assigned F.O.R. Number 2011-23. The is scheduled to take final action on the petition for variance no later than July 20, 2011.

Chapter 28-106, Florida Administrative Code. The District will not accept a petition sent by facsimile (fax), as explained in paragraph no. 5 below. Mediation pursuant to Section 120.573, Florida Statutes, is not available.

2. If the District takes action that substantially differs from the notice of intended District decision, a person whose substantial interests are or may be affected has the right to request an administrative hearing by filing a written petition with the District, but this request for administrative hearing shall only address the substantial deviation. Pursuant to Chapter 28-106 and Rule 40C-1.1007, Florida Administrative Code, the petition must be filed (received) at the office of the District Clerk at the mail/street address or email address described in paragraph no. 1 above, within nineteen (19) days of the District depositing notice of final District decision in the mail (for those persons to whom the District mails actual notice) or within fourteen (14) days of newspaper or Florida Administrative Weekly publication of the notice of final District decision (for those persons to whom the District does not mail actual notice). A person whose substantial interests are or may be affected by the District's final action has the right to become a party to the proceeding, in accordance with the requirements set forth above.

8. Pursuant to Section 120.68, Florida Statutes, a party to the proceeding before the District who is adversely affected by final District action may seek review of the action in the District Court of Appeal by filing a notice of appeal pursuant to Rules 9.110 and 9.190, Florida Rules of Appellate Procedure, within 30 days of the rendering of the final District action (in this case, the final order on the petition for variance). A District action is considered rendered after it is signed on behalf of the District and is filed by the District Clerk.
