If there are no pending appeals, funds provided under the Fiscal Year 2011-2012 cycle will be available to award recipients no earlier than October 1, 2011.

The Citizen Corps mission is to bring community and government leaders together to coordinate the involvement of community members and organizations in emergency preparedness, planning, mitigation, response, and recovery. The participation of community leaders in developing emergency plans is critical to the success of a comprehensive planning process. Community-based planning that involves the whole 21 community will reflect an accurate composite of that community and establish a viable, fully integrated and coordinated plan that emergency officials will execute when an incident occurs.

Specific emphasis should be placed on community preparedness practices that increase the inclusion of people with disabilities into community planning initiatives. Effective preparedness activities will include strategies, projects, and tools for meeting the access and functional needs of workers with disabilities, as well as citizens with disabilities through increased physical, programmatic, and communications access for people who have physical, sensory, intellectual, cognitive, and mental health disabilities in compliance with applicable laws that require inclusive preparedness, response, recovery, and mitigation.

The funds will be available to any regional or local government in the State of Florida. Eligible applicants also include Fire Tax Districts and Native American Tribes or nations of Florida. The total funds for the CERT sub-grants are \$356,897.00.

The Division of Emergency Management will accept sub-grant applications to perform the following activities as described hereinafter:

Certain restrictions on what these grants can be used for do apply.
