FINDINGS OF FACT

1. The Florida Keys Area is a statutorily designated area of critical state concern, and the City of Marathon ("City") is a local government within the Florida Keys Area.

The purpose of Ord. 2011-08 is to amend Section 107.07, G.1., of the Land Development Regulations to extend the temporary building permit allocation system (BPAS) allocation procedure to allow the City to determine which individuals on the BPAS list are ready to build and which would prefer to defer their application. The procedure as amended by Section 107.07, G.1., of the Land Development Regulations will sunset September 1, 2013.
3. Ord. 2011-08 is consistent with the City's 2010 Comprehensive Plan including Policy 1-3.5.4. Residential Building Permit Allocation System.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are enacted, amended or rescinded by any local government in the Florida Keys Area of Critical State Concern. Section 380.05(6), Florida Statutes, and Section 380.0552(9), Florida Statutes (2010).

7. All land development regulations enacted, amended or rescinded within an area of critical state concern must be consistent with the Principles for Guiding Development (the "Principles") as set forth in Section 380.0552(7), Florida Statutes. See *Rathkamp v. Department of Community Affairs*, 21 F.A.L.R. 1902 (Dec. 4, 1998), *aff'd*, 740 So. 2d 1209 (Fla. 3d DCA 1999). The Principles are construed as a whole and no specific provision is construed or applied in isolation from the other provisions.

(d) To ensure the maximum well-being of the Florida Keys and its citizens through sound economic development
9. Ord. 2011-08 is neutral with respect to the remaining Principles. Ord. 2011-08 is consistent with the Principles for Guiding Development as a whole.

McIntosh Power Plant Units 3 & 5 (McIntosh), Power Plant Siting Application No. PA74-06, OGC Case No. 11-1324. Pursuant to Section 403.516(1)(c), F.S., the Department proposes to modify the COCs for McIntosh to incorporate a uniform set of general conditions consistent with recent site certifications.

A copy of the proposed modification may be obtained by contacting: Department of Environmental Protection, Siting Coordination Office, 3900 Commonwealth Boulevard, MS #48, Tallahassee, Florida 32399-3000, (850)245-2002.

Pursuant to Section 403.516(1)(c)2., F.S., parties to the certification proceeding have 45 days from issuance of notice to such party's last address of record in which to object to the requested modification. Failure of any of the parties to file a response will constitute a waiver of objection to the requested modification. Any person who is not already a party to the certification proceeding and whose substantial interest is affected by the requested modification has 30 days from the date of publication of this public notice to object in writing. The written objection must be filed (received) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, M.S. #35, Tallahassee, Florida 32399-3000. If no objections are received, then a Final Order approving the modification shall be issued by the Department. If objections are raised and agreement can not be reached, then pursuant to Rule 62-17.211, Florida Administrative Code, the applicant may file a petition for modification seeking approval of those portions of the request for modification to which written objections were timely filed. Mediation is not available in this proceeding.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of Part II, Section 12.2.5(c) of the St. Johns River Water Management District Applicant's Handbook: Management and Storage of Surface Water adopted by the Department in Chapter 62-330, F.A.C. to the Sebastian Inlet District Commission, 144 6th Avenue, Indialantic, Florida 32903, File No. 05-264486-006, to dredge, for public safety purposes, an area located directly in Class II or Class III waters classified as approved, restricted, conditionally approved or conditionally restricted for shellfish harvesting adjacent to an existing channel to the Intercoastal Waterway.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, Central District, 3319 Maguire Blvd., Suite 232, Orlando, FL 32803, Telephone: (407)897-2948. A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S., is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action, including an explanation of how the alleged facts relate to the specific rules or statutes; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., and sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., to the U.S. Army Corps of Engineers, File No. 0305363-002-BV, to allow expanded mixing zones that extend 300 meters downcurrent from the dredge while operating within Outstanding Florida Waters. The requested variance from the antidegradation provisions in sub-subparagraph 62-4.242(2)(a)2.b., F.A.C., would establish a maximum allowable turbidity level of 7 NTUs above background for work within any Outstanding Florida Waters. The associated project – Longboat Pass to Sunshine Skyway GIWW Maintenance Dredging (0305363-001-BI) – consists of periodic maintenance dredging of the Gulf Coast Intracoastal Waterway (GIWW) in the following areas: Longboat Pass Cut-2 and Cut-3, GIWW Cuts M-5, M-12 and M-14, and cuts SC-2 and SC-3 along the Sunshine Skyway. All dredged material will be placed approximately 1500-5000 linear feet from the Egmont Key shore, between -8 and -13 feet MLLW. The maximum dredging depths are 12' feet MLLW for the Longboat Pass Cuts and 11' feet MLLW for the GIWW and Sunshine Skyway Cuts. The volumes for each project area for the first dredging event are as follows: Longboat Pass cuts will have a total volume of 36,000 cubic yards; GIWW cuts will have a total volume of 77,400 cubic yards; and Sunshine Skyway cuts will have a total volume of 22,800 cubic yards. Future dredging events will not exceed a total volume of 200,000 cubic yards, and will require additional surveys of the placement area at Egmont Key to determine the available capacity. The dredging will impact 0.34 acres of seagrass, which will be offset by 0.65 acres of seagrass mitigation in the form of prop scar recovery using seeded sediment tubes, signage and bird stakes in the Big Pass Estuary of Cockroach Bay.

The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the Department of Environmental Protection, 4708 Capital Circle, N.W., Tallahassee, FL 32303, Telephone: (850)414-7731.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.

Because the administrative hearing process is designed to redetermine final agency action on the application, the filing of a petition for an administrative hearing may result in a modification of the agency action or even a denial of the application. If a sufficient petition for an administrative hearing or request for an extension of time to file a petition is timely filed, this agency action automatically becomes only proposed agency action on the application, subject to the result of the administrative review process. Accordingly, the applicant is advised not to commence construction or other activities in accordance with this variance until the deadlines noted below for filing a petition for an administrative hearing, or request for an extension of time has expired.

Under subsections 28-106.111(3) and 62-110.106(4), F.A.C., a person whose substantial interests are affected by the Department's action may also request an extension of time to file a petition for an administrative hearing. The Department may, for good cause shown, grant the request for an extension of time. Requests for extension of time must be filed with: Office of General Counsel of the Department at 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000, before the applicable deadline. A timely request for extension of time shall toll the running of the time period for filing a petition until the request is acted upon. If a request is filed late, the Department may still grant it upon a motion by the requesting party showing that the failure to file a request for an extension of time before the deadline was the result of excusable neglect.

In the event that a timely and sufficient petition for an administrative hearing is filed, other persons whose substantial interests will be affected by the outcome of the administrative process have the right to petition to intervene in the proceeding. Any intervention will be only at the discretion of the presiding officer upon the filing of a motion in compliance with Rule 28-106.205, F.A.C.

In accordance with subsections 28-106.111(2) and paragraph 62-110.106(3)(a), (4), F.A.C., petitions for an administrative hearing by the applicant must be filed within 14 days of receipt of this written notice. Petitions filed by any persons other than the applicant, and other than those entitled to written notice under Section 120.60(3), F.S., must be filed within 14 days of publication of the notice or within 14 days of receipt of the written notice, whichever occurs first.

Under Section 120.60(3), F.S., however, any person who has asked the Department for notice of agency action may file a petition within 14 days of receipt of such notice, regardless of the date of publication.

The petitioner shall mail a copy of the petition to the applicant at the address indicated above at the time of filing. The failure of any person to file a petition for an administrative hearing within the appropriate time period shall constitute a waiver of that person's right to request an administrative determination (hearing) under Sections 120.569 and 120.57, F.S.

A petition that disputes the material facts on which the Department's action is based must contain the following information: (a) The name and address of each agency affected and each agency's file or identification number, if known; (b) The name, address, and telephone number of the petitioner; the name, address, and telephone number of the petitioner's representative, if any, which shall be the address for service purposes during the course of the proceeding; and an explanation of how the petitioner's substantial interests are or will be affected by the agency determination; (c) A statement of when and how the petitioner received notice of the agency decision; (d) A statement of all disputed issues of material fact. If there are none, the petition must so indicate; (e) A concise statement of the ultimate facts alleged, including the specific facts that the petitioner contends warrant reversal or modification of the agency's proposed action; and (f) A statement of the specific rules or statutes that the petitioner contends require reversal or modification of the agency's proposed action; (g) A statement of the relief sought by the petitioner, stating precisely the action that the petitioner wishes the agency to take with respect to the agency's proposed action.

A petition that does not dispute the material facts on which the Department's action is based shall state that no such facts are in dispute and otherwise shall contain the same information as set forth above, as required by Rule 28-106.301, F.A.C. Under Sections 120.569(2)(c) and (d), F.S., a petition for administrative hearing must be dismissed by the agency if the petition does not substantially comply with the above requirements or is untimely filed.

This action is final and effective on the date filed with the Clerk of the Department unless a petition is filed in accordance with the above. Upon the timely filing of a petition this order will not be effective until further order of the Department.

This variance constitutes an order of the Department. The applicant has the right to seek judicial review of the order under Section 120.68, Florida Statutes, by the filing of a notice

of appeal under Rule 9.110, Florida Rules of Appellate Procedure, with the: Clerk of the Department, Office of General Counsel, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000; and by filing a copy of the notice of appeal accompanied by the applicable filing fees with the appropriate district court of appeal. The notice of appeal must be filed within 30 days from the date when the final order is filed with the Clerk of the Department.

NOTICE OF INTENT TO GRANT VARIANCE

The Department of Environmental Protection gives notice of its intent to grant a variance under Section 403.201, F.S., from the provisions of paragraph 62-4.244(5)(c), F.A.C., to the Town of Longboat Key, 0296464-002-BV to allow the Town to temporarily establish expanded mixing zones that extend 300 meters downcurrent from the dredge and rehandling sites and up to 250 meters offshore and up to 750 meters downcurrent from the point where water discharged from the dredge pipeline (at the beach placement site) reenters the Gulf of Mexico. The associated Longboat Key Nourishment Project (0296464-001-JC) is to periodically nourishment portions of the beach at Longboat Key. The first nourishment (interim event) will utilize the offshore borrow areas within the Port Dolphin pipeline route (F2 and B3) to place approximately 310,000 cy of beach-compatible material from R-44 to R-46 and R-47.5 to R-50 in Manatee County, and from R-12 to R-17 in Sarasota County. The second (periodic) event will nourish the beach from R-44 to R-45.5 (Manatee County), from R-47 to R-50 (Manatee County); from R-67 (Manatee County) to R-3 (Sarasota County); from R-13 to R-17 (Sarasota County); and from R-21 to R-29 (Sarasota County) using an estimated 865,000 cubic yards of sand from Borrow Areas IX (previously permitted), X (new), the remaining portions of F2 that are not within the pipeline corridor, and an upland sand mine. Sand placed between R-47 to R-50 (Manatee County) will be trucked in during multiple events from either E.R. Jahna's Green Cay mine or Surface Prep Supply mine in Davenport. Other events, if required, will utilize the above referenced borrow areas with placement as needed to restore approved beach fill templates. The Department's file on this matter is available for public inspection during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays, at the: Department of Environmental Protection, 4708 Capital Circle, N.W., Tallahassee, FL 32303, Telephone: (850)414-7731.

A person whose substantial interests are affected by the Department's action may petition for an administrative proceeding (hearing) under Sections 120.569 and 120.57 of the Florida Statutes. The petition must contain the information set

forth below and must be filed (received by the clerk) in the: Office of General Counsel of the Department, 3900 Commonwealth Boulevard, Mail Station #35, Tallahassee, Florida 32399-3000.

Mediation under Section 120.573 of the F.S. is not available.
