

(5) The percentage exempt under this exemption shall be calculated as the number of days the servicemember was deployed during the previous calendar year divided by the number of days in that year multiplied by 100.

(6) If the homestead property is owned by joint tenants with a right of survivorship or tenants by the entirety, the property may be granted multiple exemptions for deployed servicemembers. The following provisions shall apply in the event that multiple servicemembers are applying for the exemption on the same homestead property.

(a) Each servicemember shall make a separate application to the property appraiser listing the dates of their deployment.

(b) The property appraiser shall separately calculate the exemption percentage for each servicemember.

(c) The property appraiser shall then add the percentages exempt which were determined for each of the servicemembers who are joint tenants with rights of survivorship or tenants by the entirety before applying that percentage to the taxable value. In no event shall the percentage exempt exceed 100%.

(7) When calculating exemptions and taxes due, the property appraiser shall first apply the exemptions listed in Section 196.031(7), F.S., in the order specified, to produce school and county taxable values. The percentage exempt calculated under this exemption shall then be applied to both taxable values producing final taxable values. The taxes due shall then be calculated and the percentage discount for disabled veterans under Section 196.082, F.S., should then be applied.

(8) If the property is owned by either tenants in common or joint tenants without right of survivorship, the percentage discount allowed under this rule shall only apply to the taxable value of the qualifying servicemember's interest in the property.

(9) The following special provisions shall apply to the 2012 tax year.

(a) The application deadline for 2012 is June 1, 2012. If the servicemember fails to make a timely application for this exemption the property appraiser may grant the exemption on a late application if they believe circumstances warrant that it be granted. The servicemember may also petition the value adjustment board to accept the late application no later than 25 days after the mailing of the notice provided under Section 194.011(1), F.S.

(b) The "Designated Operations" are:

1. Operation Noble Eagle, which began on September 15, 2001.

2. Operation Enduring Freedom, which began on October 7, 2001.
