Florida Real Estate Appraisal Board

RULE NO.: 61J1-8.002 RULE TITLE: Disciplinary Guidelines

PURPOSE AND EFFECT: The Board proposes the rule amendment to modify language for the disciplinary guidelines penalties.

SUMMARY: The rule amendment will modify language for the disciplinary guidelines penalties.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board, based upon the expertise and experience of its members, determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

WATER MANAGEMENT DISTRICTS

Southwest Florida Water Management District

RULE NO.: RULE TITLE:
40D-1.603: Permit Application Procedures

The Southwest Florida Water Management District hereby gives notice on October 1, 2012, the Executive Director issued Order No. SWF 12-012, granting a waiver. The District received a petition from Arthur E. Staggs on August 17, 2012, for waiver of rules governing the renewal of water use permits, including Rules 40D-1.603 and 40D-2.361, F.A.C., and the relevant portions of the District’s Water Use Permit Basis of Review (BOR). In the alternative, Mr. Staggs sought waiver of Rules 40D-1.602 and 40D-2.041, F.A.C., and the relevant

portions of the BOR governing when water use permits are required. The District published notice of the petition in the Florida Administrative Register (Formerly Florida Administrative Weekly), Vol. 38, No. 36, dated September 7, 2012. The Order grants the petition for waiver of Rules 40D-1.603 and 40D-2.361, F.A.C., and the relevant sections of the BOR. Mr. Staggs demonstrated that application of the rules would create substantial hardship by causing him to cease agricultural operations on the subject property until the District took agency action on a water use permit renewal application that had been filed by Mr. Staggs on June 8, 2012. The underlying purpose of Section 373.239, F.S., will be achieved as the District is treating the Petitioner’s application for the renewal in the same manner as the initial permit application.

A copy of the Order or additional information may be obtained by contacting: Sonya White, Southwest Florida Water Management District, Office of General Counsel, 7601 Highway 301 North, Tampa, FL; 33637-6759, (813)985-7481 (4660) (OGC No. 2012025).
