33-601.731 Suspension of Visiting Privileges.

(1) Suspension of Inmate Visiting Privileges.

(a) Suspension, ~~including indefinite suspension,~~ of an inmate’s visiting privileges shall be considered by the ICT as a management tool independent of any disciplinary action taken

pursuant to Rules 33-601.301 through 33-601.314, F.A.C. The ICT shall consider the following factors when contemplating a suspension of an inmate’s visitation privileges:

1. Allowing for continued visiting privileges would present a threat to the safe and secure operation of the institution, or to the security and operational integrity of visiting area;

2. The severity of the precipitating conduct/offense(s);

3. The inmate’s placement or pending placement into a special status such as close management, administrative confinement, disciplinary confinement, or maximum management would on its own result in the appropriate visitation restriction;

4. The suspension of visiting privileges will be a significant detriment to the inmate’s successful reentry into society by hindering maintenance of community and family ties.

(b) ~~Indefinite~~ Suspension of an inmate’s visiting privileges shall be considered by the ICT as a management tool only when an inmate is found guilty of the following offenses:

1. Any ~~major~~ rule violation which occurred during visiting, is visiting-related conduct, or is reasonably connected to the visitation process; as defined as Rule 33-601.713, F.A.C.

6. Violation of visiting rules-

(c)(d) The ICT shall suspend the visiting privileges of any inmate subject to a pending investigation for escape, attempted escape, or possession of escape paraphernalia until the investigation is complete. If the inmate is found guilty, the ICT shall consider suspension of the inmate's visiting privileges pursuant to paragraph (1)(b) of this rule. If the inmate is not found guilty, the ICT shall immediately reinstate the inmate's visiting privileges.

(d)(e) If an inmate is found guilty of an offense listed in paragraph (1)(b)(e), the ICT shall suspend the inmate's visiting privileges for the length of time specified on Form NII-102, Visiting Privileges Suspension Matrix, <http://www.flrules.org/Gateway/reference.asp?No=Ref-00539> Form NII-102 is hereby incorporated by reference. Copies of the form are available from the Forms Control Administrator, 501 South Calhoun Street, Tallahassee, Florida 32399-2500. The effective date of the form is September, 2011. If an inmate's visiting privileges are suspended pursuant to this rule and the inmate receives a subsequent guilty finding for one of the offenses listed in paragraph (1)(b)(e), the inmate is subject to an increased period of suspension as follows:

1. If the subsequent offense occurs within two years of a guilty finding for the same offense, the inmate's visiting privileges shall be suspended for the length of time specified on Form NII-102 for subsequent offenses. This period of suspension shall be concurrent with any period of suspension remaining as a result of the previous offense, not to exceed a total of one two years from the time of the subsequent offense.

2. If the subsequent offense is different from the previous offense, the inmate's visiting privileges shall be suspended for the length of time specified on Form NII-102 for an initial violation. However, this period of suspension shall be concurrent with any period of suspension remaining as a result of the previous offense, not to exceed a total of one two years from the time of the subsequent offense.

(e) In lieu of suspending an inmate's visiting privileges, the ICT is authorized to consider placement of an inmate in non-contact visitation status as provided in Rule 33-601.735, F.A.C., for offenses listed in paragraph (1)(b)(e).

(f) The regional director shall consider, as a management tool, visiting suspensions outside the timeframe limits of the Visiting Privileges Suspension Matrix, Form NII-102, up to and including indefinite suspensions, for those inmates who have demonstrated through continued behavior to be a chronic and recurring management problem or it has been determined that the inmate committed such an egregious act(s) that threatens the safety of others, threatens the security, order or effective management of the institution, or otherwise demonstrates an inability to respect and honor the visiting privileges bestowed upon him/her. The ICT shall submit a detailed recommendation to the regional director outlining the reasons for its recommendation. The recommendation and the

regional director's decision shall be recorded in the department's electronic inmate database and the inmate will be notified accordingly.

1. through 2. No change.

(3) through (4) No change.

RULE NO.: 64E-28.011 RULE TITLE: Fee Schedule

PURPOSE AND EFFECT: The purpose of the proposed rule is to establish licensure fee requirements for tattoo artists and tattoo establishments as specified in Sections 381.00775-381.00777, F.S., which passed during the 2010 Legislative Session.

SUMMARY: This proposed rule will provide the fee schedule for licensure of tattoo artists, guest tattoo artists, tattoo establishments, temporary tattoo establishments, and reactivation of licenses.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The agency has determined that this rule will have an impact on small business and will increase regulatory costs. The agency prepared a SERC showing that the rules will impact approximately 1,050 tattoo establishments/temporary establishments, 1,800 tattoo artists, and 250 guest artists. Although the estimated regulatory costs total over \$300,000, the industry currently operates with annual expenses over \$600,000. The rule will increase regulatory costs but should decrease the overall costs incurred by the industry. The majority of the businesses operating as tattoo establishments can be categorized as small businesses and will incur minimal costs associated with this rule and the statutory requirements.

These costs should be offset by the elimination of the costs associated with supervision, which was previously required of tattoo establishments. At this time, no alternative proposals have been submitted. The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs. This proposed rulemaking will not have an adverse impact or effect regulatory costs in excess of \$1 million within five years as established in Sections 120.541(2)(a)1., 2., and 3., F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

65G-4.0211 General Provisions.

(1) Services. The services available in iBudget Florida are described in the Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference.

(2) The agency will request and review documentation and information necessary to evaluate individuals' service requests. The requested documentation will vary according to the service request and will include the following as applicable: support plans, results from the Questionnaire for Situational Information, documentation from reviews by contracted prior service authorization vendors, cost plans, expenditure history, interviews with the individual and his or her providers and caregivers, prescriptions, data regarding the results of previous therapies and interventions, assessments, and provider documentation required by the Developmental Disabilities

Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference. If the agency ends action on a request due to missing documentation, the deadline for that agency action shall be extended until the documentation is received or the request is denied, whichever is later. Support coordinators shall either cite their efforts to obtain the documentation, or provide the requested documentation, within five (5) calendar days after the date of the agency request for additional documentation. The support coordinator shall respond to a request for documents within fourteen (14) calendar days. If the requested documentation is not submitted to the agency within thirty (30) calendar days the request will be denied.

(3) The iBudget Florida web system screens requests for changes to the approved cost plan to ensure the requirements of these rules and the Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference, are met. Plans which do not meet the requirements for approval by the web system are reviewed by the agency. Changes failing to meet requirements will be denied.

65G-4.0212 Transition of Individuals to iBudget Florida.

(1) An initial budget allocation for each individual transitioning to iBudget Florida is calculated using the budget allocation formula, statutory geographic differentials, current year appropriation, and subsections (2) and (3) of this rule.

(2) During an individual's transition to iBudget Florida from a tier waiver, services that appear on an individual's current authorized cost plan shall be pre-approved by type and intensity to the extent of an individual's budget allocation. The agency will pre-approve those service types which are comparable to those service types previously approved for the individual on the cost plan in place immediately prior to transition to iBudget Florida unless the individual's situation has changed such that he or she no longer qualifies for the service types. The frequency, scope, or duration of such service types is not subject to pre-approval but is determined through the cost plan approval process. Pre-approval of types and intensities of services permits an individual to choose such pre-approved services at the frequency, scope, and duration that can be accommodated within his or her budget allocation on a proposed cost plan for review by the agency. Pre-approval of a service type or intensity does not guarantee that an individual's proposed cost plan containing those services will be approved, nor does it guarantee that the frequency, scope, or duration of pre-approved services listed on the individual's proposed cost plan will be approved. The agency will build a cost plan for any individual who fails to cooperate in developing an iBudget cost plan.

(3) Individuals' initial budget allocations shall be adjusted, if necessary, as provided in this subsection.

(a) No budget allocation will exceed an individual's current annualized cost plan.

(b) In determining the amount of funding for each individual's initial budget allocation, the following will be considered: characteristics based on a needs assessment, age, living setting, availability of natural supports, availability of other state services, third party payors and family circumstances.

(c) In determining an initial amount for extraordinary needs, pursuant to the requirements of 393.0662, the agency will use the sum of the following services: Adult Day Training, Behavior Services, Consumable Medical Supplies, Durable Medical Equipment, In-Home Supports, Nursing Services, Occupational Therapy, Personal Care Assistance, Physical Therapy, Residential Habilitation, Respiratory Therapy, Special Medical Home Care, Supported Employment, Supported Living Coaching, and Waiver Support Coordination.

(d) If, after adjusting for (2)(a)-(c), the initial budget allocation is less than the individual's annualized cost plan, and is within \$1,000 of the current cost plan, the budget allocation will be adjusted to equal the existing cost plan amount.

(e) If an individual experiences a reduction to the individual's own current cost plan, the agency will give the individual an opportunity to discuss the initial budget allocation. Following discussions, if any, the budget allocation shall be finalized and notice of the budget allocation provided to the individual.

(f) Budget allocations are pro-rated as appropriate based on the length of time remaining in the fiscal year at the time of transition.

(g) Once the iBudget cost plan is authorized, an individual may use his or her budget for any services for which he or she meets the criteria in the iBudget Florida handbook and these rules as long as the individual's health and safety needs are met.

65G-4.022 iBudget Cost Plan Development and Approval.

(1) Individuals' draft cost plans shall be entered in the iBudget Florida web system by the individual's support coordinator.

(2) Each individual's initial iBudget Florida cost plan shall be reviewed by the agency. Subsequently, the iBudget Florida web system shall screen requests for changes to the approved cost plan to ensure the requirements of these rules and the Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference, are met. Plans which do not meet the criteria for approval by the web system shall be reviewed by the agency.

(3) For an individual to begin receiving a specific waiver service, that service must have been listed in a cost plan that has been reviewed and approved by the agency, and the service authorization must have been issued to the provider.

(4) Proposed cost plans must detail funding for services essential for health and safety through the entire fiscal year or portion of year the individual is enrolled in iBudget Florida, regardless of when the cost plan is submitted. The total amount of services requested to be authorized for the fiscal year may not exceed the individual's current budget allocation for that fiscal year.

(5) Individuals shall use all available services authorized under the state Medicaid plan, school-based services, private insurance and other benefits, and any other resources that may be available to them before using funds from their budget allocations to pay for support and services. Failure to comply with this subsection shall result in denial of the service request.

(6) Individuals must budget their funds so that their needs are met throughout the plan year. All individuals shall allocate funding each month for waiver support coordination services, which is a required service under the waiver.

(7) No additional funding for individuals' services shall be provided if the need for the additional funding is created by the individual's use of previously approved funds for alternative services rather than those previously-approved services in the individual's initial budget allocation.

65G-4.024 Cost Plan Changes.

(1) Cost Plan changes by the individual:

(a) After the individual's initial cost plan is approved, he or she may change his or her approved cost plan provided that such change does not jeopardize the health and safety of the individual.

(b) When changing the approved cost plan, the individual and his or her support coordinator shall ensure that sufficient funding remains allocated for unpaid services that were authorized and rendered prior to the effective date of this change.

(c) Retroactive application of changes to service authorizations is prohibited.

(2) Cost Plan Reductions to Budget Allocations by the agency.

(a) The agency will terminate, reduce, or modify a service when the criteria for receiving the service are no longer met. The agency may review cost plans for compliance with the Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference, at any time.

(b) The support coordinator shall notify the APD area office within ten (10) calendar days of becoming aware that an individual may no longer meet the criteria in the

Developmental Disabilities Individual Budgeting Waiver Services Coverage and Limitations Handbook, in Rule 59G-13.070, F.A.C., incorporated by reference, for an approved service.

(c) When an individual's situation changes during the fiscal year such that the budget allocation formula would generate a lesser amount of funding (for example, if the individual moves from a licensed residential facility to a family home), the individual's budget allocation will be recalculated as provided in these rules and adjusted on a pro-rata basis to reflect his or her new situation.

(d) If an individual's budget allocation includes additional funding beyond what was determined by the budget allocation formula and the agency determines that the additional funding is no longer necessary, according to this rule, the agency will reduce the individual's budget allocation on a pro-rata basis to the amount actually needed to ensure health and safety.

65G-4.027 Cost Plan Funding and Review.

(1) A support coordinator shall submit any requests for supplemental funds on behalf of an individual through the iBudget Florida web system. To receive supplemental funds, individuals shall meet criteria described below as well as the other requirements provided in these rules.

(2) Supplemental funding shall only be requested if the individual is in one or more of the following situations described in paragraphs (a), (b), (c), (d), (e), (f), (g), (h), and (i) of this subsection: has sought other resources to meet his or her needs; has attempted to adjust his or her existing cost plan to meet his or her health and safety needs; and is seeking services essential to avoiding institutionalization; but he or she requires an increase to his or her current budget allocation to meet his or her health and safety needs. Credible evidence is required to support an individual's meeting the relevant indicators of the situation.

(a) The individual is currently homeless, which includes but is not limited to living in a homeless shelter, or living with relatives in an unsafe environment. Relevant indicators include:

1. Without immediate provision of additional waiver services, the health and safety of the individual are in serious jeopardy;

2. The individual has no shelter available and needs emergency placement by the Agency or another state agency;

3. Alternative funding or other federal, state, local, community, and other resources are not available for other placement and services to the individual;

4. The individual temporarily is staying with friends or relatives but residence is not expected to last more than several weeks;

5. The individual's caregiver has no legal obligation to provide shelter to the applicant and the caregiver's commitment to shelter the applicant is low;

6. Factors affecting the individual's safety in the current setting include risk of physical abuse of the individual or risk of insufficient supervision and support;

7. The home has insufficient room to shelter the individual, or the individual must share a room in an inappropriate living arrangement, based on the ages, genders, and conditions of the persons sharing the room;

8. The individual's desire for placement creates a reasonable expectation that the individual will be cooperative with placement;

9. Violence or illegal activities within the individual's current living environment by the individual or others have required the intervention of local or state law enforcement authorities;

10. Complaints of neglect, exploitation, or abuse of the individual to Protective Services, or other adverse environmental conditions affecting the individual, have been investigated and confirmed pursuant to Chapter 39, Part II, or Section 415.104, F.S.;

11. The individual requires services of greater intensity.

(b) The individual has an increase or onset of behaviors that, without provision of immediate waiver services, may create a life-threatening situation for the individual or others, or that may result in bodily harm to the individual or others requiring emergency medical care from a physician. Relevant indicators include:

1. Without an immediate increase in waiver services, the health and safety of the individual or others in the household is in serious jeopardy;

2. The individual's injury to self or others is frequent or intense;

3. The individual or others are at risk for serious injury or permanent damage;

4. There is documentation of medical treatment for the individual's injury to self or others;

5. No other supports are available to address the individual's behaviors;

6. Other attempted behavioral assessments and interventions have proven ineffective;

7. The relative ages, sexes, and sizes of the aggressor and the subjects of aggression place the subjects of aggression at risk of injury;

8. The caregiver has insufficient ability to control the individual;

9. The ages or disabilities of the individual or caregiver exacerbate the problems;

10. Violence or illegal activity within the individual's current living environment by the individual or others has required the intervention of local or state law enforcement authorities;

11. Complaints of neglect, exploitation, or abuse of the individual, or other adverse environmental conditions affecting the individual have been investigated by Protective Services and confirmed pursuant to Chapter 39, Part II, or Section 415.104, F.S.;

12. The individual requires services of greater intensity.

(c) The individual's current caregiver is in extreme duress and is no longer able to provide for the applicant's health and safety because of illness, injury, or advanced age. The individual needs immediate waiver services to remain living with the caregiver or to relocate to an alternative living arrangement. Relevant indicators include:

1. Without immediate provision of additional waiver services, the individual's health and safety are in serious jeopardy;

2. Other potential caregivers, such as another parent, stepparent, brother, sister or other relative or person, are unavailable or are unwilling or unable to provide care;

3. The caregiver's physical or mental condition prevents the provision of adequate care;

4. The caregiver is deceased, facing imminent death, or permanently disabled;

5. The caregiver's age impairs the caregiver's ability to provide sufficient care to the individual;

6. The caregiver cannot provide sufficient care because of the age or size of the individual, or the physical, functional, or behavioral demands of the individual;

7. The caregiver's economic situation is unstable and unlikely to improve as a result of the care-giving demands of the individual;

8. The caregiver's obligations to the needs of other dependents prevent the caregiver from providing the individual with adequate care, or the caregiver's obligation of care to the individual places other dependents at risk of insufficient care;

9. Violence or illegal activities within the individual's current living environment by the individual or others has required intervention by local or state law enforcement authorities;

10. Complaints of neglect, exploitation, or abuse of the individual, or other adverse environmental conditions affecting the individual have been investigated by Protective Services and confirmed pursuant to Chapter 39, Part II, or Section 415.104, F.S.;

11. The individual requires services of greater intensity.

(d) A change in age that will result in a loss of services funded or otherwise provided from sources other than the waiver, such as the Medicaid State Plan or the school system.

(e) The individual experiences a documented significant change in medical or functional status that would necessitate increased service utilization or a need for a more costly service. Examples of such changes are:

1. A deterioration in medical condition that requires that the individual receive services at a greater intensity or in a different setting to ensure that individual's health or safety; or

2. Onset of a health, environmental, behavioral, or medical condition that requires that the individual receive services at a greater intensity or in a different setting to ensure the individual's health or safety.

(f) The individual has documented serious, acute dental needs requiring prompt attention.

(g) The durable medical equipment used by the individual has reached the end of its useful life or is damaged, or the individual's functional or physical status has changed enough to require the use of waiver-funded durable medical equipment that had not previously been used; and the individual cannot fund the entire amount of the purchase from his or her budget allocation without jeopardizing health and safety.

(3) To ensure that limited supplemental funding targeted to those individuals most in need:

(a) Whenever an individual requests supplemental funding, a proposed cost plan shall be submitted indicating how the current budget allocation and requested supplemental funds would be used. Documentation of attempts to locate natural or community supports, third-party payers, or other sources of support to meet the individual's health and safety needs must be submitted before the agency may review the request.

(b) The maximum amount of supplemental funds that may be granted to an individual is that amount required beyond the individual's current budget allocation to meet the individual's health and safety needs that are not able to be adequately met through other sources of support.

(c) Supplemental funds may be approved for a specific time period and for specific supports and services and, if so, may not be used outside of this time period or for another purpose without agency approval. If after 90 calendar days supplemental funds have not been used and will not be needed to meet health and safety needs, the unused funds may be removed from the individual's budget allocation.

(d) The services for which the supplemental funding is being specifically requested, as well as all other waiver-paid services on the proposed cost plan, must only be for the purpose of meeting health and safety needs.

(e) To avoid risks to health and safety while allowing budget flexibility, individuals shall not receive supplemental funding in situations when the need could be addressed by rebudgeting funds from services that are funded in excess of their health and safety needs or are not essential for health and safety, to services that would meet the need for which supplemental funding is requested.

(f) Supplemental funding may not be provided for purposes including but not limited to: addressing temporary loss of support from a caregiver due to reasons including but not limited to caregiver vacation, general respite needs, or accommodating caregiver work schedules; accommodating a preference for a more intense level of service when a less intense level of service will meet health and safety needs; when an individual has a single incident or a minor change in circumstance which does not jeopardize health and safety; routine dental procedures; solely for the convenience of the caregiver; or due to provider scheduling issues.

(4) If the individual wishes to move to a more expensive living setting and the individual does not meet the criteria for supplemental funding, the agency shall not increase the individual's budget allocation. The individual may move if he or she first demonstrates to the agency that he or she has sufficient remaining funding in his or her budget allocation to meet his or her health and safety needs based on both his or her current and foreseeable future situation in the new setting for the remainder of the current fiscal year, and that he or she could also meet his or her health and safety needs on an annualized basis thereafter based on the individual's current budget allocation.

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NOS.:	RULE TITLES:
68B-42.001	Purpose and Intent; Designation of Restricted Species; Definition of "Marine Life Species"
68B-42.002	Definitions
68B-42.004	Size Limits
68B-42.005	Recreational Bag Limit
68B-42.006	Commercial Season, Harvest Limits
68B-42.009	Prohibition on the Taking, Destruction, or Sale of Marine Corals Sea Fans, and Non-erect, Encrusting Octocorals; Exception

PURPOSE AND EFFECT: The primary purpose of this rule amendment is to protect the giant Caribbean sea anemone (*Condylactis gigantea*) from further harvest and allow the

population to rebuild to the point that sustainable harvest can resume. Life history characteristics for the giant Caribbean sea anemone make it susceptible to overharvest and localized extinction, and both industry reports and commercial landings data indicate the numbers have declined substantially. The intent of the Commission is to temporarily eliminate harvest of giant Caribbean sea anemone in order to allow population numbers to recover, and consider options for future management within three years. Additionally the rule amendment would correct previous errors and omissions in the rule and clarify aspects of the rule which may be a source of confusion. These corrections would require that recreational angelfish and butterfly fish collectors abide by the size limits currently applied to the commercial sector and clarify that all collectors of hybrid angelfishes must abide by the angelfish size limits. The application of these size limits to all sectors and species would provide additional protections for both very small and large, breeding-size angelfishes and butterfly fishes, and aid law enforcement. The amendment would also remove the non-ornamental species sand perch, dwarf sand perch and unicorn filefish from the definition of "marine life," in order to allow hook and line fishers to harvest them legally by traditional methods for use as bait and food. The definition of snapping shrimp would be expanded to include all species in the family Alpheidae in order to incorporate all snapping shrimp species collected by the marine life industry in the provisions of the rule. Black corals would be added to the prohibitions on marine corals. The rule would also clarify that that the protections provided to live rock extend to reef structures built by sabellarid tube worms.

The primary effect of this rule would be to protect the giant Caribbean sea anemone from harvest in state and federal waters off Florida until the Commission approves reinstating a bag limit. Additional effects would be to implement consistent size limits for recreational and commercial collectors of angelfishes and butterfly fishes in state and federal waters, and to require that hybrid angelfishes harvested from state and federal waters meet the current commercial size limits for other angelfish species. Sand perch, dwarf sand perch and unicorn filefish would be deregulated with respect to the marine life rule and would be subject only to provisions of Florida Statute as applied to otherwise unregulated marine species. Species of snapping shrimp outside of the genus *Alpheus*, but within the family Alpheidae would be included in the definition of "marine life", and therefore subject to the provisions of Chapter 68B-42, F.A.C. Black corals of the family Antipatharia would be included in the prohibitions on the taking, destruction and sale of marine corals from state waters, and it would be clearly stated in rule that the harvest of reef structures built by sabellarid tube worms is prohibited in or from state and federal waters.

SUMMARY: Rule 68B-42.001, F.A.C., (Purpose and Intent; Designation of Restricted Species; Definition of "Marine Life Species") would be amended to remove sand perch, dwarf sand

perch and unicorn filefish from the definition of “marine life species”, effectively deregulating these species. Rule 68B-42.002, F.A.C., would be modified to clarify the reefs created by tube worms of the Family Sabellariidae are included in the definition of “live rock”, and thus harvest of these reefs is prohibited. Rule 68B-42.004, F.A.C., would be amended by applying the existing size limits for commercial harvest of angelfish and butterfly fish species to recreational harvesters and to clarify the current angelfish size limits also apply to hybrid forms. Rules 68B-42.005 (Recreational Bag Limits) and 68B-42.006, F.A.C., (Commercial Season, Harvest Limits) would be amended to reduce the recreational and commercial bag limits for the giant Caribbean sea anemone (Genus *Condylactis*) to zero (0). The Commission would consider reinstating bag limits after a 3-year closure. Rule 68B-42.009, F.A.C., would be amended to include black corals in the current prohibition on marine corals.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

PUBLIC SERVICE COMMISSION

The Florida Public Service Commission hereby gives notice that Utilities, Inc.’s petition for variance or waiver from paragraphs 25-30.030(4)(c), (5), (6), (7), and paragraphs

25-30.037(3)(i), (j) and (k), Florida Administrative Code, filed April 13, 2012, in Docket No.: 120084-WS was approved in part by the Commission by Order No.: PSC-12-0340-PAA-Ws, issued June 28, 2012, consummated by Order No. PSC-12-0377-CO-WS, issued July 20, 2012. The rules address, respectively, the noticing requirements for a transfer of majority organizational control and the information and documents that must be filed for such a transfer. The petition for waiver of paragraphs 25-30.030(4)(c), and 25-30.037(3)(i) and (k), Florida Administrative Code, was approved on the basis that the purpose of the underlying statute would be achieved by other means and application of the rule would create substantial hardship. Because Utilities, Inc. complied with the requirements of subsections 25-30.030(5), (6) and (7), Florida Administrative Code, the request for waiver of this rule was deemed moot and no waiver was required. As regards waiver of paragraph 25-30.037(3)(j), Florida Administrative Code, the waiver was granted except for Tariff Sheet 3.0, which was still required to be filed. Notice of the petition was published in the F.A.W. on May 11, 2012.

The South Florida Water Management District hereby gives notice that on July 20, 2012, the Executive Director of the South Florida Water Management District (SFWMD or District) issued an Order Granting Variance under Section 120.542, Florida Statutes, (SFWMD 2012-080-DAO-ERP) to the Florida Department of Transportation (FDOT), concerning a project known as SR 600 Roadway Improvements from Portage Street to Vine Street, located in Osceola County;

Sections 16, 21, 28, Township 25 South, Range 29 East. The Petition for Variance (Application No. 120621-4) was received by the SFWMD, June 21, 2012. Notice of receipt of the Petition was published in the Florida Administrative Weekly, Vol. 38, No. 27, on July 6, 2012. No public comment was received. This Order provides a variance for proposed roadway and drainage improvements to SR 600 (John Young Parkway) from north Vine Street to Portage Street, within the City of Kissimmee in Osceola County, Florida. The particular criterion from which the variance is sought is found at Section 7.4(d) of the Basis of Review for Environmental Resource Permit Applications within the South Florida Water Management District (Basis of Review or BOR), which is incorporated by reference in Rule 40E-4.091, Florida Administrative Code. This criterion provides, in general, that for purposes of public safety, water quality enhancement, and maintenance, all wet retention/detention areas shall be designed with side slopes no steeper than 4:1 (horizontal:vertical) from top of bank out to a minimum depth of two feet below the control elevation, or an equivalent substitute. The Order sets forth the basis of the SFWMD decision to grant the variance, as follows: 1) the variance is necessary to prevent a substantial economic hardship on FDOT; and 2) the purpose of the underlying rule has been achieved by other means.

DEPARTMENT OF HEALTH

NOTICE IS HEREBY GIVEN that the Board of Nursing has issued an order disposing of the petition for declaratory statement filed by Amanda M. Walter, RN, MSN, CEN, on April 23, 2012. The following is a summary of the agency’s disposition of the petition:

The Notice of Petition for Declaratory Statement was published in Vol. 38, No. 19, of the May 11, 2012, Florida Administrative Weekly. The Board considered the Petition at its duly-noticed meeting held on June 7, 2012. The Petitioner was seeking advice regarding whether it is within the scope of practice for a registered nurse to perform intraosseous cannulation under the direct supervision of a licensed physician in a hospital emergency department. The Petitioner has not performed an intraosseous cannulation, and has not been asked to do so. The Board’s Order, filed on July 9, 2012, denies the Petition, finding that a declaratory statement may only address particular circumstances of the Petitioner, and may not constitute a statement of general applicability concerning other licensees.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, 4052 Bald Cypress Way, Bin #C06, Tallahassee, FL 32399-3256.

“CORRECTED NOTICE”

NOTICE OF HOSPITAL FIXED NEED POOLS FOR PSYCHIATRIC AND SUBSTANCE ABUSE BEDS

The Agency for Health Care Administration has projected fixed bed need pools for adult and children and adolescent psychiatric and adult substance abuse beds for January 2018, pursuant to the provisions of Rules 59C-1.008, 59C-1.040, and 59C-1.041, F.A.C. Net bed need projections for adult and children and adolescent psychiatric and adult substance abuse hospital beds have been adjusted according to occupancy rate thresholds as prescribed by the above-mentioned rules. A fixed need pool projection for children and adolescent substance abuse beds is not made because the administrative rule governing this service does not include a mathematical formula for the calculation of need. An applicant seeking approval for these types of beds must establish need in its application. Letters of intent to apply for Certificates of Need pursuant to this notice must be filed with the Certificate of Need Program Office, Building 3, Room 1136, MS #28, 2727 Mahan Drive, Tallahassee, Florida 32308, on or before 5:00 p.m., August 6, 2012.

Any person who identifies an error in the fixed need pool numbers must advise the agency of the error within ten (10) days of publication of the number. If the agency concurs with the error, the fixed need pool number will be adjusted and republished in the first available edition of the Florida Administrative Weekly. Failure to notify the agency of the error during this ten day time period will result in no adjustment to the fixed need pool number for this cycle and a waiver of the person’s right to raise the error at subsequent proceedings. Any other adjustments will be made in the first cycle subsequent to identification of the error including those errors identified through administrative hearings or final judicial review.

Any person whose substantial interest is affected by this action and who timely advised the agency of any error in the action has a right to request an administrative hearing pursuant to Section 120.57, Florida Statutes. In order to request a proceeding under Section 120.57, Florida Statutes, your request for an administrative hearing must state with specificity which issues of material fact or law are in dispute. All requests for hearings shall be made to the Agency for Health Care Administration and must be filed with the Agency Clerk, 2727 Mahan Drive, Building 3, Suite 3431, Tallahassee, Florida 32308. All requests for hearings must be filed with the agency clerk within 21 days of this publication or the right to a hearing is waived.

DEPARTMENT OF ECONOMIC OPPORTUNITY

Final Order No.: DEO-12-101

In re: A LAND DEVELOPMENT REGULATION

ADOPTED BY THE CITY OF KEY WEST,
FLORIDA, ORDINANCE NO. 12-19

FINAL ORDER

The Department of Economic Opportunity (“Department”) hereby issues its Final Order, pursuant to Sections 380.05(6) and (11), Florida Statutes (2012), approving land development regulations adopted by the City of Key West, Florida, Ordinance No. 12-19 (the “Ordinance”).

FINDINGS OF FACT

1. The City of Key West is designated pursuant to Section 380.05(1), Florida Statutes (2012), and Chapter 28-36, Florida Administrative Code, as an area of critical state concern. Land development regulations adopted by the City of Key West do not become effective until approved by the Department by final order. Sections 380.05(6) and (11), Florida Statutes (2012).

2. The Ordinance was adopted by the City of Key West on July 17, 2012, and rendered to the Department on July 18, 2012.
3. The Ordinance amends Section 110 of the City Code, entitled "Floodplain Protection," by adding Section 110-467 to provide the basis for enhanced protection of specifically identified endangered species habitat and the species focus area maps and real estate list. The Ordinance is intended to be consistent with the U.S. Fish and Wildlife Service's April 30, 2010, Biological Opinion for the Federal Emergency Management Agency's administration of the national flood insurance program in the Florida Keys. The regulations implement a court-approved settlement agreement to ensure the City of Key West's participation in the federal flood insurance program.

CONCLUSIONS OF LAW

4. The Department is required to approve or reject land development regulations that are adopted by any local government in an area of critical state concern. Sections 380.05(6) and (11), Florida Statutes (2012).
5. "Land development regulations" include local zoning, subdivision, building, and other regulations controlling the development of land. Section 380.031(8), Florida Statutes (2012). The regulations adopted by the Ordinance are land development regulations.
6. All land development regulations enacted, amended, or rescinded within an area of critical state concern must be consistent with the principles for guiding development for that area. Sections 380.05(6) and (11), Florida Statutes (2012). The Principles for Guiding Development for the City of Key West Area of Critical State Concern are set forth in subsection 28-36/003(1), Florida Administrative Code.
7. The Ordinance is consistent with the Principles for Guiding Development as a whole, and specifically furthers the following Principles:
 - (a) To strengthen local government capabilities for managing land use and development.
 - (c) Protection of tidal mangroves and associated shoreline and marine resources and wildlife.
 - (h) Protection of the public health, safety, welfare and economy of the City of Key West, and the maintenance of Key West as a unique Florida resource.
8. The Ordinance is consistent with Objective 1-3.6 and Policies 1-3.6.1 and 1-3.6.3 of the City of Key West Comprehensive Plan.

WHEREFORE, IT IS ORDERED that City of Key West Ordinance No. 12-19 is found to be consistent with the Principles for Guiding Development for the City of Key West Area of Critical State Concern and is hereby APPROVED.

This Order becomes effective 21 days after publication in the Florida Administrative Weekly unless a petition is timely filed as described in the Notice of Administrative Rights below.

DONE AND ORDERED in Tallahassee, Florida.
