2. Licensure by Endorsement fee of \$100.00.
3. Unlicensed Activity fee. \$5.00.

(4) Good Moral Character:

(a) Unless the department denies the application for incompleteness, the department shall evaluate the application and make appropriate inquiry to determine the applicant's moral character. The department shall use the following as evidence of the applicant's good moral character:

1. A criminal history records check by the Florida Department of Law Enforcement and self-disclosure by the applicant establishing the applicant has no criminal record; and

2. An affirmation by the applicant of an absence of civil lawsuits or administrative actions decided adversely to the applicant which involve matters bearing upon moral character. Such lawsuits or administrative actions include, but are not limited to: fraud, dishonesty, misrepresentation, concealment of material facts, or practicing a regulated profession without a license or certificate as required by law or rule; and

3. An affirmation by the applicant of an absence of prior violations of Florida Statutes, or rules adopted by the department, or any lawful order of the department previously entered in a disciplinary proceeding, or of failing to comply with a lawfully issued subpoena of the division; and

4. An affirmation by the applicant that he or she has not committed the following in connection with an application:

a. Given to the department a check for payment of any fee when there are insufficient funds to pay the same, if the applicant, upon notification by the department, fails to redeem the check or otherwise pay the fee within 30 days of the date of written notification by the department; or

b. Failed to provide full and complete disclosure or failed to provide accurate information.

(b) If the department is unable to determine the applicant's moral character under paragraph (4)(a), the division shall then consider the following additional factors to determine whether an applicant has good moral character:

1. If commission of a second degree misdemeanor is the only reason the applicant did not meet the requirements of paragraph (4)(a) of this rule, the applicant will be considered to have good moral character. However, if there are also other reasons why the applicant did not meet the requirements of paragraph (4)(a) of this rule, the second degree misdemeanor will be considered along with the other factors in determining the applicant's good moral character:

2. If the applicant has committed a first degree misdemeanor or a felony, and the applicant's civil rights have been restored, this alone shall not preclude a finding of good moral character unless the crime is directly related to the professional responsibilities of a home inspector. Crimes that are deemed to be directly related to the professional responsibilities of a home inspector include, for example, fraud, theft, burglary, bribery, arson, dealing in stolen property, forgery, uttering a forged instrument, sexual battery, lewd conduct, child or adult abuse, murder, manslaughter, assault, battery, and perjury. The applicant has the burden of proving restoration of civil rights by certified true copy of government or court records reflecting such action.

3. Whether the applicant has exhibited a pattern of unlawful behavior which would indicate that the applicant has little regard for the law, the rules of society, or the rights of others. All unlawful acts will be considered in determining whether the applicant has exhibited a pattern of unlawful behavior, even though any one of the unlawful acts by itself might not be directly related to the professional responsibilities of a home inspector. It is the applicant's repeated flaunting of or ignoring the law that evinces a lack of the moral character needed to perform the duties and assume the responsibilities of a home inspector, not the particular relationship of any one of the violations to the professional responsibilities of a home inspector.

4. Whether the applicant is disqualified from applying for a license by reason of Section 775.16, F.S., pertaining to conviction of certain offenses involving controlled substances.

(c) The department shall consider any documentation provided by the applicant in determining the applicant's good moral character. The following documentation may be provided by the applicant to the department to assist in the determination of moral character:

a. A statement from the applicant explaining the applicant's criminal/unlawful conduct and the reason the applicant believes the Department should issue the license;

b. Documentation evidencing the length of time since the conduct occurred or the age of the applicant at the time the conduct occurred;

c. Documentation evidencing successful rehabilitation;

d. Recommendations from parole or probation officers who have supervised the applicant;

e. Recommendations from the prosecuting attorney or sentencing judge;

f. Character references from individuals other than immediate family members, who have known the applicant for 3 years or longer;

g. Police reports or transcripts which reveal the underlying facts of the crime;

h. Documentation evidencing that the conduct was an isolated occurrence contrary to the applicant's normal pattern of behavior; and

i. Documentation evidencing community or civil activities with which the applicant has been associated. It is the applicant's responsibility to provide such mitigating evidence to the department.

(d) If the applicant makes incomplete, misleading or false statements regarding material facts in making an application, such action will establish the applicant's lack of good moral character, and the application will be denied.

(e) If the applicant has failed to meet the requirements of paragraph (4)(a) of this rule and has been unable to present sufficient evidence to establish good moral character pursuant to paragraph (4)(b) of this rule within the time limitations of this rule and Section 120.60, F.S., the application will be denied. However, the applicant will be given an opportunity by the Department to waive the time limits of this rule and Section 120.60, F.S., if it appears to the Department that, through the submission of additional information or with additional time for investigation and verification, the applicant's good moral character might be established. The applicant bears the burden of affirmatively providing the Department with evidence of good moral character.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: RULE TITLE:

62-610.421: Setback Distances

The Department of Environmental Protection hereby gives notice: that on December 21, 2012, the Department issued an order granting a variance to Eastpoint Water and Sewer District (Petitioner) for its Eastpoint Wastewater Treatment Facility located at Sewer Plant Road, Eastpoint, FL 32328. The petition was received on March 25, 2011, and the notice of receipt of this petition was published in the Florida Administrative Weekly on April 15, 2011. The petition requested a variance from paragraph 62-610.421(2)(b), F.A.C. Paragraph 62-610.421(2)(b), F.A.C., requires a 25 foot setback distance from slow rate land application systems to the property line when high level disinfection is provided. The petitioner is
