The notes of the surgery/procedure shall specifically reflect when this confirmation procedure was completed and which personnel on the surgical team confirmed each item. ~~This requirement for confirmation applies to physicians performing procedures either in office settings or facilities licensed pursuant to Chapter 395, F.S., and shall be in addition to any other requirements that may be required by the office or facility.~~

Division of Funeral, Cemetery, and Consumer Services

RULE NO.: 69K-100.040
RULE TITLE: Funeral Director Affiliation With Funeral Establishment

PURPOSE AND EFFECT: This rule implements Section 497.372(2), F.S., providing that the board shall adopt by rule criteria for determining whether the required affiliation exists between a funeral director and a funeral establishment, through the funeral director’s ownership of, employment by, or contractual relationship with, a funeral establishment. This rule was approved by the Board of Funeral, Cemetery, and Consumer Services at its public meeting on Jan. 6, 2011.

SUMMARY: This rule established criteria for determining whether a required affiliation exists between a funeral director and a funeral establishment, through the funeral director’s ownership of, employment by, or contractual relationship with, a funeral establishment.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The vast majority of the funeral directors, and funeral establishments, are already in compliance with the requirements of the rule. The rule specifies criteria for determining whether there is an affiliation between a funeral director and a funeral establishment, which criteria are consistent with existing marketplace norms of practice. The Division estimates there may be 25 funeral directors statewide that are currently practicing funeral directing not in affiliation with a funeral establishment within the contemplation of the rule. These funeral directors will have to find a funeral establishment with which to establish an affiliation, and accomplish the paperwork contemplated by the rule by which the affiliation is established. In the majority of cases this will mean that the funeral director must obtain employment at a funeral establishment. If we assume that those 25 funeral directors stop activity as funeral directors pending obtaining the required affiliation, and that it takes them 4 weeks to obtain employment or other affiliation, and that during those 4 weeks they forgo approximately \$500 per week in income they had previously received as unaffiliated funeral directors, then the aggregate lost income to all 25 of them is estimated at \$50,000 ((25 * \$500) * 4). The Division estimates that there may be 10 funeral establishments, all small businesses, that have a funeral director working for them as a contract vendor, based on oral contract. These funeral establishments will have to create a written contract. The Division estimates that this will take, on average, 1 hour of funeral establishment staff time, at an estimated value of \$40 per hour, and 1 hour of funeral establishment's attorney time to review the matter, at \$200 per hour. The estimated cost in aggregate, for all 10 funeral establishments, would thus be \$2,400 ((\$40+\$200)*10).

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Criminal Justice Standards and Training Commission
RULE NO.: RULE TITLE:
11B-27.002: Certification, Employment or Appointment,
Reactivation, and Terminating Employment or Appointment
of Officers
The Criminal Justice Standards and Training Commission
hereby gives notice that it has issued an order. On August 8,
2013, the Criminal Justice Standards and Training
Commission, received a petition for a temporary or permanent
waiver of subsection 11B-27.002(4), F.A.C., by Jose Jimenez.
Subsection 11B-27.002(4), F.A.C., requires officers to become
employed within four years of beginning basic recruit training.
Notice of receipt of the petition was published in the Florida
Administrative Register Volume 39, Number 119, on June 19,
2013. The Petition was supported by the Petitioner's
prospective employer, Hiialeah Gardens Police Department.
On August 8, 2013, at its regularly scheduled business agenda
meeting held in Ponte Vedra, FL, the Commission found that
the Petitioner's situation is unique. The Petitioner
demonstrated that the strict application of the Commission's
rules in this case would violate the principles of fairness. The
Petitioner's four years to become employed expired six
months prior to the Commission vote. At that time, the
prospective employer had already determined that it wanted to
hire Petitioner. The Commission found that the purposes of
the underlying statute, Section 943.1395(1), F.S., to ensure
that officers meet strict qualification criteria and minimum
training requirements, would be addressed in an alternative
method by granting this rule waiver. The Commission granted
the Petitioner's waiver request. The Petitioner has six months
from the date of the final order in this matter to become
employed as a law enforcement officer.

A copy of the Order or additional information may be
obtained by contacting Grace A. Jaye, Assistant General
Counsel, Florida Department of Law Enforcement, P. O. Box
