DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004: General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: on August 9, 2013 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2009 FDA Food Code from Ben's Hot Dog located in Orlando. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash and three-compartment sinks.

The Petition for this variance was published in Vol. 39, No. 157 of the Florida Administrative Register on August 13, 2013. The Order for this Petition was signed and approved on August 19, 2013. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash and three-compartment sinks is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash and three-compartment sinks are provided with hot and cold running water under pressure; the handwash sink is provided with soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Lydia.Gonzalez@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.

Protection issued an order. The Petition for variance was received on June 5, 2013. Notice of receipt of this Petition was published in the Florida Administrative Register on June 22, 2013. The petition requested a variance from paragraph 62-602.300(3)(d), F.A.C., which states, "For the purposes of obtaining a license, the examination specified in paragraph (c) above will satisfy the examination criterion for licensing for a period of four years from the date a passing score is obtained." Weston Silvera Campbell petitioned for the waiver or variance of this rule in order to obtain a Class C Drinking Water Treatment Plant Operator license. The Department received one comment from the Florida Water & Pollution Control Operators Association. The Order, file number 13-1050, granted the Petition based on a showing that Petitioner demonstrated that a strict application of the rule would result in substantial hardship to Petitioner and because Petitioner demonstrated that the purpose of the underlying statute will be or has been achieved by other means.

A copy of the Order or additional information may be obtained by contacting: Department of Environmental Protection, Certification and Restoration Program, Mail Station 3506, 2600 Blairstone Road, Tallahassee, Florida 32399; Attn: Ronald McCulley, telephone (850)245-8384, Ronald.mcculley@dep.state.fl.us, during normal business hours, 8:00 a.m. to 5:00 p.m., Monday through Friday, except legal holidays.
