Proposed Rules

DEPARTMENT OF HEALTH

Board of Medicine

RULE NOS.: RULE TITLES:
64B8-44.005 Citations
64B8-44.010 Mediation

PURPOSE AND EFFECT: For Rule 64B8-44.005, F.A.C., the Board proposes the rule amendment to revise the rule to allow for resolution of additional disciplinary violations through the issuance of citations and to update the rule if necessary. For Rule 64B8-44.010, F.A.C., the Board proposes the rule amendment to revise the rule to allow for resolution of additional disciplinary violations through mediation and to update the rule if necessary.

SUMMARY: Allow for resolution of additional disciplinary violations through the issuance of citations and mediation.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COST AND LEGISLATIVE RATIFICATION: The agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency. The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The proposed amendments clarify disciplinary violations which may be

resolved through issuance of a citation or through mediation which will reduce costs, time frames and regulatory burdens on licensees. Accordingly, there is no foreseeable cost impact on licensees or small businesses. Furthermore, the Board found the cost impact on government would be minimal. Therefore, no SERC must be repaired nor will legislative ratification be required. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF BUSINESS AND PROFESSIONAL
REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On June 02, 2014 the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and paragraph 5-202.11(A), 2009 FDA Food Code, paragraph 4-301.12(A), 2009 FDA Food Code and subsection 61C-4.010(5), Florida Administrative Code, subparagraph 3-305.11(A)(2), 2009 FDA Food Code, subsection 61C-4.010(1), Florida Administrative Code from Portable C145 located in St. Petersburg. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater; that dishwashing facilities for manually washing, rinsing and sanitizing equipment and utensils are provided, and that each establishment have areas for food preparation and storage. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and to share the dishwashing, food preparation and food storage areas with another licensed food service establishment under the same ownership and on the same premise.

The Petition for this variance was published in Vol. 40/110 of the F.A.R. on June 06, 2014. The Order for this Petition was signed and approved on June 23, 2014. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring

the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that all the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. The dishwashing, food preparation and food storage areas within Catering Kitchen Main (SEA6214214) must be maintained in a clean and sanitary manner. These areas must also be available to the Portable C145 during all hours of operation. If the ownership of Catering Kitchen Main and Portable C145 (Volume Services Inc.) changes, a signed agreement between the two establishments for the use of the shared facilities must be provided to the division immediately.
