RULE NO.: RULE TITLE:
5F-2.001 Standards

PURPOSE AND EFFECT: Update adopted ASTM International quality specifications for motor fuels; eliminate individualized volatility specifications for gasoline/ethanol blends as they are now incorporated into ASTM International specifications, which are adopted in rule; allow provisions for base fuels to not meet selected specifications before blending, but require them to meet those specifications after blending with ethanol; amend maximum vapor pressure requirements for gasoline products sold in selected Florida counties to be consistent with changes being made by the Florida Department of Environmental Protection and the Environmental Protection Agency; update rule sections to reflect current versions of referenced Department forms; adopt specifications for compressed natural gas (CNG) and liquefied natural gas (LNG) when used as motor fuels; adopt blending specifications for gasoline-ethanol blends containing between 10 and 15 percent ethanol; and adopt quality specifications for gasoline blended with butanol.

SUMMARY: The proposed rule includes updating adopted ASTM International quality specifications for motor fuels; eliminating individualized volatility specifications for gasoline/ethanol blends as they are now incorporated into ASTM International specifications, which are adopted in rule; allowing provisions for base fuels to not meet selected specifications before blending, but require them to meet those specifications after blending with ethanol; amending maximum vapor pressure requirements for gasoline products sold in selected Florida counties to be consistent with changes being made by the Florida Department of Environmental Protection and the Environmental Protection Agency; updating rule sections to reflect current versions of referenced Department forms; adopting specifications for compressed

natural gas (CNG) and liquefied natural gas (LNG) when used as motor fuels; adopting blending specifications for gasoline-ethanol blends containing between 10 and 15 percent ethanol; and adopting quality specifications for gasoline blended with butanol.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department's economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes. Additionally, no interested party submitted additional information regarding the economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF EDUCATION

State Board of Education

RULE NO.: RULE TITLE:

6A-1.0016 Master School Identification Numbers

PURPOSE AND EFFECT: The purpose and effect of this new rule is to establish the criteria and procedures the department will use to issue, and revoke master school identification numbers and to set forth the responsibilities of the school districts in this area. Master school identification numbers are necessary to maintain and report education records, enforce and support education accountability, support the distribution of funds to school districts and school district financial reports, and to assist the commissioner in carrying out the duties specified in Sections 1001.10 and 1001.11, F.S.

SUMMARY: The proposed rule incorporates an application required to request a MSID number, sets forth the criteria for the award of a MSID number, and provides the process for review of the application by the Department and notice to a school district of the Department’s decision. The proposed rule also provides for the review and revocation of existing MSID numbers and sets forth on-going school district responsibilities for providing information relevant to a MSID number to the Department.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: (1) no requirement for a SERC was triggered under Section 120.541(1), F.S. and (2) because the proposed rule sets forth procedures already in place by the district to request MSID numbers it is expected that neither the agency nor the districts will encounter any new or additional costs.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Emergency Rules

DEPARTMENT OF REVENUE
Corporate, Estate and Intangible Tax

RULE NO.: 12CER14-01
RULE TITLE: Adjustments for Excess Section 179 Expense and Special Bonus Depreciation

SPECIFIC REASONS FOR FINDING AN IMMEDIATE DANGER TO THE PUBLIC HEALTH, SAFETY OR WELFARE: Chapter 2011-229, Laws of Florida, authorizes the Department of Revenue to promulgate an emergency rule, and to renew such rule, to implement the provisions of the law. The law provides that conditions necessary for an emergency rule and its renewal have been met. Chapter 2011-229, Laws of Florida, retroactively makes changes related to bonus depreciation and section 179 expense of the Internal Revenue Code (I.R.C.). This emergency rule establishes procedures for reporting the additions and claiming the subtractions required by Section 220.13(1)(e), F.S.

REASON FOR CONCLUDING THAT THE PROCEDURE IS FAIR UNDER THE CIRCUMSTANCES: The Legislature expressly authorized the promulgation of an emergency rule, and the renewal of such rule, to implement Chapter 2011-229, Laws of Florida, and determined that all conditions necessary for this emergency rule have been met. This emergency rule establishes procedures for reporting additions and claiming the subtractions required by Section 220.13(1)(e), F.S., so that taxpayers may timely file the required returns.

SUMMARY: Emergency Rule 12CER14-01, F.A.C. (Adjustments for Excess Section 179 Expense and Special Bonus Depreciation), provides procedures for taxpayers subject to the adjustments contained in Section 220.13(1)(e), F.S., for I.R.C. section 179 expense in excess of: \$250,000 (for tax years beginning in 2010) and \$128,000 (for tax years beginning in 2011 and 2012) and bonus depreciation under I.R.C. sections 167 and 168(k). This emergency rule: (1) provides the additions that taxpayers are required to add back to the amount of the federal deduction claimed under I.R.C. sections 167 and 168(k) for bonus depreciation and under I.R.C. section 179 that exceeds: \$250,000 (for tax years beginning in 2010) and \$128,000 (for tax years beginning in 2011 and 2012); (2) provides the subtractions that are available in each of seven tax years beginning with the year an addition is made under Section 220.13(1)(e), F.S.; (3) requires taxpayers to maintain a schedule reflecting all adjustments made under Section 220.13(1)(e), F.S.; (4) provides that these adjustments do not affect the basis of the property; and (5) provides when the subtractions under Section 220.13(1)(e), F.S., are allowed.

THE PERSON TO BE CONTACTED REGARDING THE EMERGENCY RULE IS: Robert DuCasse, Revenue Program Administrator I, Technical Assistance and Dispute Resolution, Department of Revenue, P. O. Box 7443, Tallahassee, Florida 32314-7443, telephone: (850)717-6476

THE FULL TEXT OF THE EMERGENCY RULE IS:

12CER14-01 Adjustments for Excess Section 179 Expense and Special Bonus Depreciation.

(1) Scope. This rule only applies to taxpayers subject to the adjustments contained in Section 220.13(1)(e), F.S., for IRC section 179 expense in excess of \$250,000 (for tax years beginning in 2010) and \$128,000 (for tax years beginning in 2011 and 2012) and bonus depreciation under IRC sections 167 and 168(k) for assets placed in service on or after January 1, 2010, and on or before December 31, 2012.

(2) Additions Required:

(a)1. For tax years that begin in 2010, taxpayers are required to add back the amount of the federal deduction claimed under section 179 of the Internal Revenue Code

(“IRC”) that exceeds \$250,000. All amounts in excess of \$250,000 are required to be added back, including amounts carried over from previous tax years under IRC section 179(b)(3)(B). The increased overall investment limitation contained in IRC section 179(b)(2) is the same for Florida as it is for federal income tax purposes.

2. For tax years that begin in 2011 and 2012, taxpayers are required to add back the amount of the federal deduction claimed under section 179 of the Internal Revenue Code (“IRC”) that exceeds \$128,000. All amounts in excess of \$128,000 are required to be added back, including amounts carried over from previous tax years under IRC section 179(b)(3)(B). The increased overall investment limitation contained in IRC section 179(b)(2) is the same for Florida as it is for federal income tax purposes.

(b) Taxpayers are required to add back the amount of the federal deduction claimed as bonus depreciation under IRC sections 167 and 168(k) for assets placed in service on or after January 1, 2010, and on or before December 31, 2012.

(3) Subtractions Allowed:

(a) In each of the seven tax years commencing with the year the addition is made under Section 220.13(1)(e), F.S., taxpayers may subtract one-seventh of the amount of excess IRC section 179 expense and one-seventh of the amount of bonus depreciation that is added back under Section 220.13(1)(e), F.S.

(b) The total amount that may be subtracted over the seven-year period should equal, but may not exceed, the amounts of IRC section 179 expense and bonus depreciation that have been added back to Florida taxable income under Section 220.13(1)(e), F.S.

(c) Subtractions may be transferred to the surviving company in a merger or acquisition. Otherwise, if a taxpayer ceases to do business during the seven-year period, it may not accelerate, transfer or otherwise utilize a subtraction.

(4) A schedule reflecting all of the adjustments made under Section 220.13(1)(e), F.S., must be created and maintained. Taxpayers must also report any additions on Schedule I, Additions and/or Adjustments to Federal Taxable Income, of the Florida Corporate Income/Franchise and Emergency Tax Return (Form F-1120, incorporated by reference in Rule 12C-1.051, F.A.C.) and any subtractions on Schedule II, Subtractions from Federal Taxable Income, of the return for the applicable tax year. Partnerships filing a Florida Partnership Information Return (Form F-1065, incorporated by reference in Rule 12C-1.051, F.A.C.) are required to make the adjustments required by Section 220.13(1)(e), F.S., on Part I of Form F-1065.

(5) Basis of Property: The adjustments required by Section 220.13(1)(e)1. and 2., F.S., (relating to excess IRC section 179 expense and bonus depreciation), do not affect the

basis of the underlying property. The basis of the property for Florida corporate income tax purposes is the same as the basis of the property for federal income tax purposes. If the property is sold or otherwise disposed of, the gain or loss for Florida corporate income tax purposes is the same as the gain or loss for federal income tax purposes and is included in federal taxable income apportioned to Florida. Differences in the apportionment fraction from one year to the next are disregarded. The applicable depreciation conventions, methods, and recovery periods are computed in the same manner as they are computed in determining federal taxable income.

(6) The subtractions allowed by Section 220.13(1)(e), F.S., are the means by which the additions required by Section 220.13(1)(e), F.S., are reconciled and recovered. If a taxpayer does not claim a deduction for bonus depreciation or a deduction for IRC section 179 expense in excess of \$250,000 (for tax years beginning in 2010) and \$128,000 (for tax years beginning in 2011 and 2012), no add-back is required or subtraction allowed for Florida corporate income tax purposes. Similarly, if a taxpayer did not add back bonus depreciation or excess section 179 expense because, for example, it was not subject to the Florida corporate income tax in that year, no subtraction is allowed for Florida corporate income tax purposes.

(7) No subtraction is allowed for bonus depreciation or IRC section 179 expense unless it has been added back in computing Florida taxable income under Section 220.13(1)(e), F.S.
