Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 7 days before the workshop/meeting by contacting: Victor Walker, (850)717-4141 If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE DEVELOPMENT AND A COPY OF THE PRELIMINARY DRAFT, IF AVAILABLE, IS: Victor Walker, Economic Self-Sufficiency Program, (850)717-4141, 1317 Winewood Boulevard, Tallahassee, Florida 32399-0700, victor.walker@myflfamilies.com

THE PRELIMINARY TEXT OF THE PROPOSED RULE DEVELOPMENT IS:

65A-1.602 Food Assistance Program Case Processing.

(1) Food Assistance Program case processing is done in accordance with the eligibility determination process in Rule 65A-1.205, F.A.C., and in 7 CFR 271.2, 273.1 – 273.18, 273.24 and 273.25.

(2) Responsible Member is defined as any member of the Standard Filing Unit (SFU) capable of representing the Assistance Group (AG) by providing sufficient and accurate information concerning the AG circumstances.

(3) Authorized Representative is defined as an adult non-household member authorized to represent the household during an interview. The authorized representative must be appointed in writing by the head of the AG, the spouse or responsible household member.

(4) 24-Month Certification Periods: Apply to AGs in which all members of the SFU meet all of the following criteria:

- (a) Are elderly or disabled;
- (b) Do not have any earned income; and
- (c) Have stable financial circumstances.

(5) Able Bodied Adults Without Dependents (ABAWD). ABAWDs are required to report whenever their hours of employment are less than 20 hours per week, averaged monthly. They may have their certification period shortened in order to comply with the time limit provisions assigned to them. The CF-ES Form 2095 Food Assistance Work Registration, 7/2014, incorporated by reference, <https://www.flrules.org/Gateway/reference.asp?No=Ref-04808>, is used to inform food assistance participants about work participation requirements.

(6) Simplified Reporting (SR): Simplified Reporting is implemented pursuant to 7 CFR 273.12(a)(5) without a waiver and applies to all AGs. AGs assigned to the SR category will have a six-month certification period except for those that meet the criteria in subsection (4). The food assistance reporting requirements, per 7 CFR 273.12(a)(5)(v), do not change the reporting requirements for other programs such as Medicaid and Temporary Cash Assistance. The CF-ES Form 3052A, Change Report for Public Assistance Case, 7/2014, incorporated by reference, <https://www.flrules.org/Gateway/reference.asp?No=Ref-04809>, can be used to report beneficial changes.

(7) Child Support Enforcement (CSE) Cooperation. In accordance with Section 414.32, F.S. and 7 CFR 273.11(o)(1), Child Support Enforcement cooperation by a custodial parent or caretaker relative is required as a condition of eligibility for their food assistance when an absent parent exists, unless good cause for non-cooperation exists. For the purposes of this section, “absent parent” is defined as a putative or identified noncustodial parent of a child under 18 years of age.

(a) When an application for benefits is received, information on good cause criteria will be provided using CF-ES Form 2641, Claim Notice Good Cause for Refusal to Cooperate, 4/2014, incorporated by reference, <https://www.flrules.org/Gateway/reference.asp?No=Ref-04810>. Copies of forms and materials incorporated by reference in this rule may be obtained by the public from the ACCESS Florida Headquarter's Office at 1317 Winewood Boulevard, Tallahassee, Florida 32399-0700. Forms are also available on the Department's web site at <http://www.myflfamilies.com/service-programs/access-florida-food-medical-assistance-cash/common-access-florida-forms>.

(b) Right to Claim Good Cause. The right to claim good cause exists when cooperation in establishing paternity of a child born out of wedlock or in establishing, modifying, or enforcing a child support order for the child or the parent or caretaker relative and the child may be against in the best interests of the child, or the parent or caretaker relative and the child pursuant to 7 CFR 273.11(o)(2)(i)(B) and (C), and (2)(iii). In accordance with subsection 12E-1.008(5) and subparagraphs (5)(c)1.-4., F.A.C., good cause shall be determined by the Department of Revenue, Child Support Enforcement on food assistance only cases when the recipient provides sufficient documentation to justify the claim of good cause.

(c) Upon determination by the Department of Revenue, Child Support Enforcement that the custodial parent or caretaker relative's failure to cooperate was without good cause, a food assistance penalty will be imposed for the non-cooperative individual only and a notice of adverse action will be mailed to the individual pursuant to 7 C.F.R. 273.11(o)(3) and (4). The non-cooperative individual's income will be prorated in determining eligibility for the remaining AG members. The remaining AG members meeting eligibility requirements may be approved. The non-cooperative individual will be excluded until verification of CSE cooperation is received by the Department.

(d) Upon verification that the individual is cooperating with CSE and all other eligibility requirements have been met, action will be taken to add the individual to the AG or to remove the sanction and reinstate food assistance benefits pursuant to 7. C.F.R. 273.11(o)(5).

(8) Food assistance filing units are categorically eligible if they meet any of the following criteria:

(a) All members receive income from Temporary Cash Assistance through a public assistance program funded under Title IV-A of the Social Security Act; or

(b) Are in a food assistance household that does not contain a member disqualified for any of the following reasons; felony drug trafficking, fleeing felon, intentional program violation, or employment and training non-compliance.

(9) Filing units who are broad-based categorically eligible:

(a) Have no net ~~income~~ income limit, and

(b) Are not tested for resources (assets).

(10) The Department uses simplified income procedures for determining eligibility for food assistance. Simplified income is found in 7 CFR 273.9(c)(3)(v) and (c)(18)-(19).

(11) The Department uses simplified resource (asset) criteria in accordance with 7 CFR 273.8(e)(19), and excluding all resources (assets), except those of filing units containing a disqualified individual.

(12) If an individual meets a criteria for food assistance disqualification, that individual will be disqualified for Temporary Cash Assistance, and if an individual will be disqualified for Temporary Cash Assistance that individual will be disqualified for food assistance, in accordance with 7 CFR 273.11(k).

(13) Food assistance benefits are issued through the Electronic Benefit Transfer (EBT) system.

(14) Benefit Availability.

(a) Food assistance availability dates are staggered over the first ~~28~~ 45 days of each month. Benefit availability to AGs is based on the terminal digits of the AG's case number. AGs are able to receive their monthly allotment on their assigned availability date or any subsequent day in that month. Food assistance benefits placed in the EBT account may be accessed for 365 days after the date of their initial availability in the account.

(b) The EBT system supports mass overrides of benefit availability dates in instances of disasters or other emergencies. This permits individuals in areas where hurricanes or other disasters are threatening to be able to access their benefits earlier to prepare for such events.

Section II Proposed Rules

DEPARTMENT OF TRANSPORTATION

RULE NO.: RULE TITLE:

14-33.002 Florida Road Numbering Plan

PURPOSE AND EFFECT: The proposed rule amendment will repeal Rule Chapter 14-33, F.A.C.

SUMMARY: Rule Chapter 14-33, F.A.C. providing the Florida Road Numbering Plan is proposed for repeal as unnecessary in rule form.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Repeal of this rule will have no economic impact.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF ELDER AFFAIRS

Division of Statewide Community Based Services

RULE NOS.:	RULE TITLES:
58N-1.001	Application Process
58N-1.009	Care and Service Standards
58N-1.011	Outcome Measures
58N-1.013	Quality Assurance Standards
58N-1.015	Utilization Review
58N-1.017	Grievance and Conflict Resolution
58N-1.019	Service Satisfaction

PURPOSE AND EFFECT: The Department of Elder Affairs ("Department") proposes the repeal of rules 58N-1.001, 58N-1.009, 58N-1.011, 58N-1.013, 58N-1.015, 58N-1.017 and 58N-1.019, Florida Administrative Code, because the legislature eliminated the sections of the Florida Statutes that provided for the establishment of long-term care community diversion pilot projects during the 2014 legislative session; therefore, the Department has determined that these rules are unnecessary.

SUMMARY: The proposed rulemaking repeals rules 58N-1.001, 58N-1.009, 58N-1.011, 58N-1.013, 58N-1.015, 58N-1.017 and 58N-1.019, Florida Administrative Code, which establish criteria for the operation of long-term care community diversion pilot projects. The legislature eliminated the sections of the Florida Statutes that provided for the establishment of long-term care community diversion pilot projects during the 2014 legislative session; therefore, the Department has determined that these rules are unnecessary.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department conducted a review of the rules' requirements and determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rules will not require ratification by the Legislature.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF ENVIRONMENTAL PROTECTION

RULE NO.: 62-330.420 RULE TITLE: General Permit for Public Mooring Fields
PURPOSE AND EFFECT: The Department proposes to adopt a new environmental resource general permit for public mooring fields. This general permit is required by Chapter 2013-92, Laws of Florida, which amended Section 373.118(4), F.S., that became effective July 1, 2013. Under Section 373.118(1), F.S., this general permit must result in, individually and cumulatively, no more than a minimal adverse environmental effect on water resources. In accordance with Section 373.118(4), F.S., this general permit shall: (1) require any public mooring field to be constructed, maintained, and operated for the exclusive use of the general public; (2) include provisions to ensure compliance with Part IV of Chapter 373, F.S.; (3) incorporate criteria necessary to be included in a state programmatic general permit issued by the United States Army Corps of Engineers under Section 404 of the Clean Water Act, Public Law 92-500, as amended, 33 U.S.C. ss. 1251 et seq.; (4) be consistent with the local government manatee protection plan required by Chapter 379, F.S.; and (5) authorize up to 100 vessels for a public mooring

field. All of these requirements are addressed by the proposed new general permit, except number (3) which will require future coordination between the Corps of Engineers and the Department after the general permit becomes effective, and will require additional rulemaking.

This general permit additionally requires sovereignty submerged land leases when these public mooring fields are located on state-owned submerged land. The Department will seek formal delegation of authority from the Board of Trustees of the Internal Improvement Trust Fund to the Department to issue leases for public mooring fields that qualify under Section 373.118(4), F.S.

In accordance with Section 373.118(4), F.S., any facility authorized under this general permit that complies with the comprehensive plan of the applicable local government, will be exempt from review as a development of regional impact.

SUMMARY: Chapter 62-330, F.A.C., Environmental Resource Permitting, will be amended to add a new general permit for public mooring fields.

OTHER RULES INCORPORATING THIS RULE: None; this is a proposed new rule.

EFFECT ON THOSE OTHER RULES: None.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: Based upon the Department’s economic review, neither a SERC or legislative ratification is required because the adoption of a general permit does not increase costs to the regulated public. Currently, an applicant would be required to obtain an individual permit, which costs more and requires more time for processing and review.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 373.043, 373.044, 373.118(4), 373.4131 FS.

LAW IMPLEMENTED: 373.117, 373.118, 373.413, 373.414, 373.416, 373.422 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: September 21, 2015, 1:00 p.m., EDT

PLACE: This hearing will be broadcast via webinar. Parties can register to attend the webinar via their personal computers with audio by telephone (regular long distance telephone charges will apply) or by speakers connected to their computer (no telephone charges will apply). THE FULL TEXT OF THE PROPOSED RULE IS:

62-330.420 General Permit to Local Governments for Public Mooring Fields.

(1) A general permit is granted to any local government to construct, operate, and maintain a public mooring field for up to 100 vessels, including a dinghy dock and sewage pumpout dock directly supporting the mooring field.

(2) The Notice of Intent to use this general permit required under Rule 62-330.402(1), F.A.C., shall include the following additional information.

(a) Mooring Field Management Plan (Management Plan) that provides reasonable assurance that the mooring field and supporting land-based facility will comply with all of the requirements of this general permit. The Management Plan shall be binding on the permittee for the life of the mooring field. Any revisions or modifications to the Management Plan require written approval, by the Department, prior to becoming effective.

(b) All drawings and documents in support of the proposed mooring field and associated land-based support facility, including details on the anchoring systems proposed for mooring vessels in the mooring field, and any docks, pumpout facilities, kiosks, and in-water navigational signs and markers proposed.

(c) A scaled bathymetry plan showing water depths throughout the proposed mooring field, including any ingress and egress channels directly associated with the mooring field and water depths at any docks proposed at the land-based support facility.

(d) A benthic resource inventory of the proposed mooring field location as well as the areas for the proposed dinghy and pumpout docks.

(3) To qualify for this general permit, the local government must comply with the following specific conditions, in addition to the general conditions in Rule 62-330.405, F.A.C.

(a) Management Plan:

1. At least 30 days prior to submittal of a notice to use this general permit, the local government shall conduct at least one pre-application meeting with the Department to discuss the adequacy of the Management Plan, existing or proposed land-based support facility, project design, and implementation details.

2. Example Management Plans are included in the "References and Design Aids" for Volume I, available at <http://www.dep.state.fl.us/water/rulesprog.htm#erp>. Entities using this general permit are not required to follow the examples.

(b) Siting Criteria:

1. Navigational access must already exist between the mooring field and the nearest customarily used access channel or navigable waters for the sizes of vessels for which the mooring field is designed to serve, such that no new dredging is required to create access or adequate mooring depths.

2. The mooring field and mooring areas associated with the dinghy dock and pumpout vessel dock shall be sited in an area with adequate circulation and flushing based on the bathymetry plan required in paragraph (2)(c) above and the proposed drafts and types of vessels to be moored.

3. The mooring field shall be associated with an existing or permitted land-based support facility that is operational prior to the mooring field being occupied. The land-based support facility shall provide amenities and conveniences for the number of occupants that are using the mooring field (e.g., parking, bathrooms, shower facilities, laundry facilities, etc.). These details shall be included in the Management Plan.

4. The mooring field, dinghy dock, and sewage pumpout dock shall not be located in the following areas.

a. Within any marked or customarily used navigational channel, or within setbacks established by the U.S. Army Corps of Engineers for federal channels.

b. Where they would adversely affect waters classified by the Department of Agriculture and Consumer Services as approved, conditionally approved, restricted, or conditionally restricted for shellfish harvesting as set forth in Chapter 5L-1, F.A.C. This can be demonstrated by providing a letter of no objection from the Department of Agriculture and Consumer Services. However, no letter is required if a project will be located in Palm Beach, Broward, or Miami-Dade County.

c. Where they would adversely affect critical habitat designated by the U.S. Fish and Wildlife Service or U.S. National Marine Fisheries Service for any federally-listed threatened or endangered species under the Endangered Species Act of 1973.

d. In predominantly fresh waters as defined in Chapter 62-302, F.A.C.

(c) Design criteria:

1. The mooring field shall accommodate no more than 100 vessels (excluding any dinghies that may be attached to parent vessels).

2. Vessel mooring systems and the installation plans must be designed by a Florida registered professional so that the mooring systems with vessels attached withstand, at a minimum, tropical storm force winds and so that the associated tethers, lines, and buoys do not scour or damage the bottom. The mooring system and associated tethers, lines, and buoys shall be maintained for the life of the facility.

3. The mooring field shall be permanently associated with a land-based support facility that provides the following:

a. Pumpout either fixed or portable, or a pumpout vessel under contract for service or owned by the land-based support facility capable of serving all vessels using the mooring field, and a plan for regular pumpouts of vessels when needed.

b. A landing platform or dinghy dock for mooring field users to access the land-based support facility, as well as a dock for a fixed sewage pumpout or mooring for the pumpout vessel if one is requested. Such docks are authorized to be constructed under this general permit, provided neither dock exceeds 500 square feet of structure over wetlands and other surface waters, and sufficient water depth exists at the dock for the sizes of vessels for which the dock is designed to serve.

4. The mooring field shall be marked in accordance with Florida Fish and Wildlife Conservation Commission requirements under Chapter 327, F.S., including markings of the outside boundaries of the mooring field.

5. Dredging and filling of wetlands or other surface waters is authorized only for the installation of pilings; mooring buoys; vessel mooring systems; mooring field regulatory, boundary, and information markers; dinghy dock; and sewage pumpout dock.

6. If located in a county with a Manatee Protection Plan (MPP) approved by the Florida Fish and Wildlife Conservation Commission, the mooring field shall be designed and maintained in conformance with the MPP. Documentation of plan consistency must be submitted concurrently with the notice to use the general permit in the form of a letter of consistency from the Commission. A review by the Commission can be requested at ImperiledSpecies@myFWC.com.

(d) Operational Criteria:

1. The local government or its contracted entity shall operate and maintain the mooring field and land-based support facility in accordance with the terms of this general permit, the Management Plan, and sovereign submerged lands lease (if applicable) throughout the life of the mooring field.

2. Occupied vessels with Type III marine sanitation devices shall be required to have their holding tanks pumped out, at a minimum, on a 7-day interval while continuously moored in the mooring field. The Management Plan shall specify a pumpout plan, tracking and inspection times, which generally shall not be less than a minimum 7-day interval. The pumpout plan shall include a flag notification system for facilities that are using a pumpout vessel and a proposed inspection schedule for Type I or II systems.

3. The local government must provide, at the land-based support facility, for the regular collection of solid waste, sewage, and recyclable goods from vessels moored at the mooring field. All collected sewage waste must be discharged at a facility permitted by the Department or the Florida Department of Health.

4. The local government must provide information to users explaining ways to minimize discharges of grey water, including encouragement to use land-based support facilities. This information also shall be included in the Management Plan.

5. The following activities are prohibited in the mooring field and at the dinghy dock and sewage pumpout dock at the land-based support facility, unless specifically authorized in the Management Plan or a separate, valid authorization under Part IV of Chapter 373, F.S.

a. Major boat repair and maintenance.

b. Fueling activities. However, this shall not prevent fueling at the land-based support facility.

c. Boat hull scraping or painting.

6. The local government shall identify in the Management Plan whether it will provide brochures, or install and maintain a kiosk or permanent information display board in a clearly visible location at the land-based support facility, providing information on:

a. Operational provisions and restrictions associated with use of the mooring field and land-based support facility;

b. Manatee protection and applicable manatee zones as adopted in Chapter 68C-22, F.A.C., which is incorporated by reference in subparagraph 62-330.417(3)(c)2, F.A.C.;

c. Location and availability of sewage pumpout facilities and procedures;

d. Navigational ingress and egress to the mooring field and land-based support facility, including identification of channel markers, shoals, and other significant navigational issues, such as controlling water depths; or by providing charts for sale or a location where they may be purchased.

e. Seagrasses, corals, and other significant resources in the adjacent waters, such as their location, protection, and avoidance of impacts, and their importance to the water resources; and

f. Prohibitions on discharging trash, sewage, and hazardous wastes into the water, and ways to minimize discharging grey water into the water.

(e) Sovereignty Submerged Lands Lease:

1. All public mooring fields and associated land-based support facilities located on sovereignty submerged lands require a lease from the Board of Trustees of the Internal Improvement Trust Fund in accordance with the application procedures and requirements of Chapters 18-18, 18-20, and 18-21, F.A.C., as applicable.

2. The lease boundary shall include the over-water surface area of the mooring field, encompassing all of the swing areas and square footage between the swing areas including internal thoroughfares.

3. The lease boundary shall include the preempted area for the dinghy dock and the sewage pumpout dock that contains a temporary mooring area to access a fixed sewage pumpout and for the mooring of a sewage pumpout vessel, if these structures are proposed and located on sovereignty submerged lands and not part of an existing lease or other forms of authorization by the Board of Trustees of the Internal Improvement Fund.

4. The Management Plan shall be referenced in the lease, when located over sovereignty submerged lands.

State Board of Education

RULE NO.: RULE TITLE:

6A-1.09433 Voluntary Prekindergarten Pre- and Post-Assessments

The Florida Department of Education hereby gives notice: The Department issued an order denying the request made by Redlands Christian Migrant Association, for a variance from paragraph 6A-1.09433(1)(b), F.A.C., Voluntary Prekindergarten Pre- and Post-Assessments. The petition was filed with the Department of Education's Clerk on or around June 8, 2015 and is dated May 18, 2015. Notice of the petition was published on June 10, 2015 in Volume 41, page 112 of the Florida Administrative Register. The order denying the request was filed on August 17, 2015. The order denies the request of the VPK provider to use an alternative to the Teaching Strategies Gold assessment. The reasons for the denial of the request, set out more fully in the order, are (1) the agency lacks the authority to grant the request, (2) the request is inconsistent with the purpose of the statute to create a uniform system of measurement for VPK providers, and (3) the petition fails to demonstrate a substantial hardship created by imposition of the rule as noticed and adopted.

A copy of the Order or additional information may be obtained by contacting: Department of Education’s Office of the Clerk: Cathy Schroeder, Agency Clerk, Department of Education, 325 West Gaines St., Tallahassee, FL 32399 or email: cathy.schroeder@fldoe.org.

FLORIDA HOUSING FINANCE CORPORATION

RFQ 2015-201 – Multifamily Energy Retrofit Program (MERP)

This Request for Qualifications (RFQ) is soliciting Responses from qualified Respondents that commit to make improvements that result in measurable energy savings and water conservation; to provide ongoing property management, staff education, and resident outreach to maximize the benefits of the retrofit; and to submit reports on energy use/savings. The Corporation will develop the retrofit scope of work in consultation with the Respondent using an Energy Audit/Critical Repair Needs Analysis (CRNA) prepared by a Qualified Energy Auditor previously procured by the Corporation.

This RFQ will make available up to \$7,533,084 in loans to property owners proposing the retrofit of existing multifamily rental developments that meet all of the following conditions: (i) the Development consists of at least 15 units; (ii) the Development currently is subject to a Corporation Land Use Restriction Agreement, Extended Use Agreement, and/or other non-Corporation restriction agreement with income set-asides; (iii) the Development will commit at least 70 percent of the total units to households with incomes at or below 80 percent of Area Median Income (AMI); and (iv) the Development was originally Completed prior to January 1, 2005. If the Development does not currently commit at least 70 percent of the total units to households with incomes at or below 80 percent AMI, this requirement shall be met after the MERP funding award has closed by rental of all units that become vacant to tenants with household incomes at or below 80 percent of AMI until at least 70 percent of the total units are restricted to these households. Respondents will be required to commit to an affordability term of at least 10 years from the date the Multifamily Energy Retrofit Program (MERP) funding is closed.

The maximum available funding amount of \$15,000 per unit or \$3,000,000, whichever is less, may be awarded to any single Development. MERP funding may be used for the following improvements:

- Air infiltration (e.g., envelope sealing, duct sealing, weather stripping);
- Replacement of appliances with Energy Star qualified appliances, lighting, faucets/showerheads, HVAC systems, programmable thermostats, boilers/water heaters, insulation, window film, high efficiency windows; and
- Other building improvements which will result in reduced energy and/or water consumption.

Responses will be accepted by the Corporation on a first come, first served basis beginning 10:00 a.m. on Tuesday, August 25, 2015. Responses will continue to be accepted until the earlier of the following two (2) events: the combined maximum eligible funding amount of all of the eligible Responses in the Response Queue is \$30 million; or December 31, 2015 ("Response Acceptance Period"). Any Responses that are submitted during the Response Acceptance Period will be placed in the Response Queue, based on the date and time of the electronic submission of the Response.

For questions or additional information, please contact Ken Reecy at Ken.Reecy@floridahousing.org. The RFQ, which outlines selection criteria and Respondent's responsibilities, can be downloaded from the Florida Housing Finance Corporation web site at <http://www.floridahousing.org/Developers/MultiFamilyPrograms/Competitive/2015-201/>

Any modifications that occur to the Request for Qualifications will be posted at the web site and may result in an extension of the Response Acceptance Period. It is the responsibility of the Applicant to check the website for any modifications prior to the Response Acceptance Period.
