RULE NO.: 64B15-9.008 RULE TITLE: Board Member Compensation
PURPOSE AND EFFECT: The proposed rule amendments are intended to remove language which is unnecessary in the rule.
SUMMARY: The proposed rule amendments remove language in the rule which is not necessary regarding Board member compensation.
SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The changes in the rule simply remove unnecessary language. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULE NO.: RULE TITLE:

64B15-14.0015 Notice to the Department of Mailing

Address and Place of Practice of Licensee

PURPOSE AND EFFECT: The proposed rule amendment is intended to remove the requirement that the notification to the Department of the licensee’s mailing address and place of practice be made by mail.

SUMMARY: The proposed rule amendment deletes the requirement that the notification of the licensee’s mailing address and place of practice be made by mail.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will actually make it easier for licensees to notify the Department of the mailing address and place of practice because the licensee will be able to utilize other forms of written communication instead of providing the notification by mail. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 456.035 FS.

LAW IMPLEMENTED: 456.035 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

RULE NO.: 64B15-19.007
RULE TITLE: Citations

PURPOSE AND EFFECT: The proposed rule amendment is intended to set forth a citation violation to address the failure of a designated physician in a pain management clinic to submit required data.

SUMMARY: The proposed rule amendment sets forth a citation violation in the amount of \$1,000 for failure of a designated physician in a pain management clinic to submit data required by Section 459.0137(2)(j)2., F.S. The rule amendment also requires the submission of the delinquent data within 30 days.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule amendment will actually reduce costs to physicians because the issuance of a citation is less costly than going through the regular disciplinary process. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On May 22, 2015, the Division of Hotels and Restaurants received a Petition for an Emergency Variance for subsection 61C-4.010(7), F.A.C., and subsection 61C-4.010(6), F.A.C., from America’s Best Inn located in St Petersburg. The Petitioner shall also ensure directional signage is installed within or outside the establishment clearly stating the location of the bathrooms. If the ownership of Courtyard by Marriott (Pennsylvania Hotel Associates LLC) changes, an updated signed agreement for use of the bathroom facilities will be required immediately.
