NOTICE IS HEREBY GIVEN that on July 16, 2015, the Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety, received a petition for 100 East Pine. Petitioner seeks an emergency temporary variance of the requirements of ASME A17.3, Section 3.11.3, as adopted by subsection 61C-5.001(1), F.A.C., that requires upgrading the elevators with firefighters’ emergency operations which poses a significant economic/financial hardship. DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-5.001 Safety Standards

The Department of Business and Professional Regulation, Division of Hotels and Restaurants, Bureau of Elevator Safety hereby gives notice:

On July 16, 2015, the Division issued an order. The Final Order was in response to a Petition for an emergency temporary Variance from Jax Center Garage filed June 18, 2015, and advertised on June 22, 2015, in Vol. 41, No. 120, of the Florida Administrative Register. No comments were received in response to the petition. The Final Order on the Petition for Variance grants the Petitioner a variance from Rule 3.11.3 ASME A17.3, 1996 edition, as adopted by paragraph 61C-5.001(1)(a), F.A.C., that requires upgrading the elevators with firefighters' emergency operations because the Petitioner has demonstrated that the purpose of the underlying statute has been met and that Petitioner would suffer a substantial hardship if required to comply with this rule (VW2015-150).

A copy of the Order or additional information may be obtained by contacting: Michelle Comingore, Bureau of Elevator Safety, 1940 North Monroe Street, Tallahassee, Florida 32399-1013.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On June 17, 2015, the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), F.A.C., and Paragraph 5-202.11(A), 2009 FDA Food Code from Serendipity Creamery located in Miami. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash and three-compartment sinks.

The Petition for this variance was published in Vol. 41, No. 125, F.A.R., on June 29, 2015. The Order for this Petition was signed and approved on July 15, 2015. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash and three-compartment sinks is emptied at a frequency so as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash and three-compartment sinks are provided with hot and cold running water under pressure; the

handwash sink is provided with soap, an approved hand drying device and a handwashing sign.

A copy of the Order or additional information may be obtained by contacting: Bianca.Kirkland@myfloridalicense.com, Division of Hotels and Restaurants, 1940 North Monroe Street, Tallahassee, Florida 32399-1011.
