69O-154.202 Definitions.

As used in this rule chapter, the following terms have the following meaning:

(1) through (9) No change.

(10) Group Long-Term Disability Income. The term group long-term disability income includes group contracts providing group disability income coverage with a maximum benefit duration longer than two years. Group long-term disability income contracts are based on a group pricing

structure. The term “group long-term disability” does not include group short-term disability (coverage with benefit periods of two years or less in maximum duration). It also does not include voluntary group disability income coverage that is priced on an individual risk structure and generally sold in the workplace.

(10) through (32) renumbered (11) through (33) No change.

Rulemaking Specific Authority 624.308(1), 625.121(14), 625.081 FS. Law Implemented 624.307(1), 625.081, 625.121 FS. History—New 4-14-99, Formerly 4-154.202, Amended 3-1-04,_____.

69O-154.203 Categories of Reserves.

Adequacy of an insurer’s health insurance reserves shall be determined on the basis of all three categories combined. However, these standards emphasize the importance of determining appropriate reserves for each of the three categories separately.

(1)(a) No change.

(b) Minimum Standards for Claim Reserves.

1. Disability Income.

a. Interest. The maximum interest rate for claim reserves is specified in subsection 69O-154.204(2), F.A.C.

b. Morbidity. Minimum standards for morbidity are those specified in subsection 69O-154.204(1), F.A.C., except that, at the option of the insurer:

(I) For claims incurred on or before December 31, 2006, with a duration from date of disablement of less than two years, reserves may at the option of the insurer be based on the insurer’s experience, if such experience is considered credible, or upon other assumptions designed to place a sound value on the liabilities.

Each insurer may elect which of the following to use as the minimum morbidity standard for claim reserves:

(A) The minimum morbidity standard in effect for claim reserves as of the date the claim was incurred, or

(B) The standards as defined in (II) applied to all open claims. Once an insurer elects to calculate reserves for all open claims on the standard defined in (II), all future valuations must be on that basis.

(II) For individual disability income claims incurred on or after January 1, 2007, the minimum standards with respect to morbidity are those specified in 69O-154.204, except that, at the option of the insurer, assumptions regarding claim termination rates for the period less than two years from the date of disablement may, at the option of the insurer, be based on the insurer’s experience, if such experience is considered credible, or upon other assumptions designed to place a sound value on the liabilities.

(III) No change.

(IV) For group disability income claims incurred on or after January 1, 2007 and on or before September 30, 2014.

(A) No change.

(B) Assumptions regarding claim termination rates for the period two or more years but less than five years from the date of disablement may, with the approval of the Office, be based on the insurer's experience, if such experience is considered credible, and for which the insurer maintains underwriting and claim administration control. The request for such approval of a plan of modification to the reserve basis must include:

(i) An analysis of the credibility of the experience;

(ii) A description of how all of the insurer's experience is proposed to be used in setting reserves;

(iii) A description and quantification of the margins to be included;

(iv) A summary of the financial impact that the proposed plan of modification would have had on the insurer's last filed annual statement;

(v) A copy of the approval of the proposed plan of modification by the commissioner of the state of domicile; and

(vi) Any other information deemed necessary by the office.

(C) Each insurer may elect which of the following to use as the minimum morbidity standard for group long-term disability income claim reserves:

(i) The minimum morbidity standard in effect for claim reserves as of the date the claim was incurred, or

(ii) The standards as defined in Paragraph (1)(b)(iii), applied to all open claims.

(iii) Once an insurer elects to calculate reserves for all open claims on a more recent standard then all future valuations must be on that basis.

(V) No Change.

(VI) For group long-term disability income claims incurred on or after October 1, 2014, and on or before December 31, 2016, the minimum standards with respect to morbidity may be based on the 2012 GLTD termination table (http://www.naic.org/documents/01_naic_2012_group_long-term_disability_valuation_table.xls) or subsequent table with considerations of:

(A) The insurer's own experience computed in accordance with Actuarial Guideline XLVII as included in the NAIC Accounting Practices and Procedures Manual, adopted by rule 69O-137.001(4), and

(B) An adjustment to include an own experience measurement margin derived in accordance with Actuarial Guideline XLVII, as included in the NAIC Accounting Practices and Procedures Manual, and

(C) A credibility factor derived in accordance with Actuarial Guideline XLVII

(D) Subject to the conditions in this paragraph, the 2012 GLTD or subsequent table with considerations outlined in paragraph (B) shall be used in determining minimum standards with respect to morbidity for group long term disability claims incurred on or after January 1, 2017.

(VII) Subject to the conditions in this Section, the 2012 GLTD or subsequent table with considerations outlined in Paragraph (b)1 shall be used in determining minimum standards with respect to morbidity for group long term disability claims incurred on or after January 1, 2017.

(A) through (B) No change.

(1)(b)1.c. through (1)(b)2. No change.

(2) through (3) No change.

Rulemaking Specific Authority 624.308(1), 625.121(14), 625.081 FS. Law Implemented 624.307(1), 625.081, 625.121 FS. History--New 4-14-99, Formerly 4-154.203, Amended 3-1-04, 4-7-05, 11-2-06, _____.

69O-154.204 Specific Minimum Standards for Morbidity, Mortality and Interest.

Specific minimum standards for morbidity, mortality and interest which apply to claim reserves according to year of incurral and to contract reserves according to year of issue:

(1) Morbidity.

(a) No change.

(b) Minimum morbidity standards for valuation of specified group contract health insurance benefits shall be as follows:

1. Disability Income Benefits Due to Accident or Sickness, where rules 69O-154.201 - 69O-154.210 reference 69O-154.204; otherwise Actuarial Guideline XLVII, as included in the most current version of the NAIC *Accounting Practices and Procedures Manual* adopted by rule 69O-137.001(4).

1. a. through b. No change.

(c) No change.
