RULE NOS.: 68B-14.0036 68B-14.0045	RULE TITLES: Recreational Bag Limits: Snapper, Grouper, Hogfish, Black Sea Bass, Red Porgy, Amberjacks, Tilefish, Exception, Wholesale/Retail Purchase Exemption Commercial Harvest Requirements; Licenses, Season Closures, Bag and Trip Limits
--	--

PURPOSE AND EFFECT: At the September 8, 2016, Commission meeting, the Commission considered changes to rules for mutton snapper that would increase the minimum size limits, reduce the recreational bag limit, establish a year-round Atlantic commercial trip limit, reduce the Atlantic commercial trip limit during the spawning season, and remove the spawning season commercial trip limit in Gulf state waters. One of changes the Commission approved to set the recreational bag limit for mutton snapper to five (5) mutton snapper per day. The Commission also approved a commercial bag limit in Atlantic state waters of 5 mutton snapper per day or five (5) mutton snapper per trip, which is more restrictive.

The original Notice of Proposed Rule timely filed in advance of the September Commission meeting states the bag limit for recreational mutton snapper and commercial mutton snapper in Atlantic state waters would be three (3). The Commissioners, however, approved a higher bag limit of five (5). This change was inadvertently omitted by Commission staff when the rule was filed for adoption. Rather than a Notice of Change being submitted to reflect the increase in bag limit from three to five; a Notice of No Change was filed. The end result incorrectly reduced the bag limit from ten all the way to three. The Commission approved bag limit should have been changed to five. Chapter 120, Florida Statutes, provides procedures for correcting errors, however, since a Notice of No Change was filed reflecting the incorrect bag limit and the final language has been published, this unique situation was not contemplated by Chapter 120.

SUMMARY: This proposed change would correct the recreational and commercial in Atlantic state waters bag limit to the Commission-approved five mutton snapper.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

DEPARTMENT OF LAW ENFORCEMENT
Criminal Justice Standards and Training Commission

RULE NO.: RULE TITLE:
11B-27.00213 Temporary Employment Authorization

NOTICE IS HEREBY GIVEN that on October 12, 2016, the Criminal Justice Standards and Training Commission received a petition for a temporary waiver of paragraph 11B-27.00213(4)(b), F.A.C., from James Coker, Warden, Santa Rosa Correctional Institution, Florida Department of

Corrections on behalf of Recruit Blake McNeil Lamar McGee. The Petitioner wishes to temporarily waive that portion of the rule that states: Agencies applying to temporarily employ or appoint an individual who has had a previous TEA registered with the Commission in the same discipline may do so only if: (a) the individual was previously certified as a full-time or part-time officer; or (b) The individual was previously hired on a TEA and has separated from the employing agency or discontinued training while in good standing, and has had a break-in-service from the last employment for a minimum of four years. Warden Coker states that Blake McGee had a family emergency that required him to move to Texas and as a result was unable to begin an academy within the 180 days of being placed into TEA status. Petitioner is requesting a second TEA status for Blake McGee to allow him the opportunity to start the Basic Recruit Training Program under TEA status. Warden Coker states that the rule creates a hardship for Recruit McGee preventing him from starting the Basic Recruit Training Program. A copy of the Petition for Variance or Waiver may be obtained by contacting: Tina Culbertson, Florida Department of Law Enforcement, Professionalism Division, P.O. Box 1489, Tallahassee, FL 32302 or by Telephone at (850)410-8647.
