**Proposed Rules**

**DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION**

**Florida Real Estate Appraisal Board**

RULE NO.: RULE TITLE:  
 61J1-4.009 Post-Licensing Education for Registered Trainee Appraisers

PURPOSE AND EFFECT: The rule is being repealed due to a statutory change rendering the rule obsolete.

SUMMARY: The rule is obsolete.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: : During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No

person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 475.614, 475.6175 FS.

LAW IMPLEMENTED: 475.6175 FS.

IF REQUESTED WITHIN 21 DAYS OF THE DATE OF THIS NOTICE, A HEARING WILL BE SCHEDULED AND ANNOUNCED IN THE FAR.

RULE NOS.: RULE TITLES:  
 62-304.505 Middle St. Johns River Basin TMDLS.  
 62-304.805 Charlotte Harbor Basin TMDLS

PURPOSE AND EFFECT: The purpose of the rule is to adopt Total Maximum Daily Loads (TMDLs), and their allocations, for certain waters impaired for nutrients in the Middle St. Johns River Basin, and Charlotte Harbor Basin. Furthermore, in accordance with paragraph 62-302.531(2)(a), F.A.C., the nutrient TMDLs for DeLeon Spring, Gemini Springs, Sanibel Slough West and Sanibel Slough East will constitute site specific numeric interpretations of the narrative nutrient criterion set forth in paragraph 62-302.530(90)(b), F.A.C., that will supersede the otherwise applicable numeric nutrient criteria in subsection 62-302.531(2), F.A.C., for these surface water segments.

SUMMARY: These TMDLs address certain nutrient impairments in the Middle St. Johns River Basin, and Charlotte Harbor Basin. Specifically, the nutrient TMDL rules being proposed for adoption are for the DeLeon Spring (WBID 3424) and Gemini Springs (3424Z), Sanibel Slough West (WBID

2754), and Sanibel Slough East (2872A). The DeLeon Spring and Gemini Springs waterbodies were verified for nutrient impairments because elevated concentrations of nitrate contributed to an imbalance of flora caused by algal smothering in the spring run; Sanibel Slough (West and East) waterbodies were verified for nutrient impairments due to elevated chlorophyll a concentrations, using the methodology established in Chapter 62-303, F.A.C. This rulemaking has been given an OGC case number 17-0849 for rule 62-304.505, F.A.C. and 17-0850 for rule 62-304.805, F.A.C..

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The SERC estimates that there will be no additional costs within one year after the rule becoming effective, but total costs after implementation of the rule are estimated to be \$6,277,304 per year for DeLeon Spring, \$4,341,379 per year for Gemini Springs, \$323,000 per year for Sanibel Slough West and Sanibel Slough East, the majority of which is expected to be borne by governmental entities in the watersheds.

Pursuant to paragraph 403.067(6)(c), Florida Statutes, the proposed rules do not require legislative ratification.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

**RULEMAKING AUTHORITY:** 403.061, 403.067 FS.

**LAW IMPLEMENTED:** 403.061, 403.062, 403.067 FS.

**A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:**

**DATE AND TIME:** August 25, 2017, 2:00 p.m.

**PLACE:** Bob Martinez Center, 2600 Blair Stone Road, Conference Room 609, Tallahassee, Florida

Pursuant to the provisions of the Americans with Disabilities Act, any person requiring special accommodations to participate in this workshop/meeting is asked to advise the agency at least 48 hours before the workshop/meeting by contacting: Erin Rasnake, (850)245-8338. If you are hearing or speech impaired, please contact the agency using the Florida Relay Service, 1(800)955-8771 (TDD) or 1(800)955-8770 (Voice).

**THE FULL TEXT OF THE PROPOSED RULE IS:**

62-304.505 Middle St. Johns River Basin TMDLs.

(1) through (15) No change.

(16) DeLeon Spring. The nutrient TMDL for the DeLeon Spring is an annual arithmetic mean of 0.35 mg/L nitrate at the spring vent, and is allocated as follows:

(a) The WLA for wastewater point sources is not applicable.

(b) The WLA for discharges subject to the Department's NPDES Municipal Separate Storm Sewer System (MS4) Permitting Program is a 56 % reduction of nitrate based on average concentrations from the 2009-2016 period,

(c) The LA for nonpoint sources is a 56 % reduction of nitrate based on average loads from the 2009-2016 period, and

(d) The Margin of Safety is implicit.

(e) While the LA and WLA for nitrate has been expressed as the percent reduction needed to attain the applicable Class III nutrient criteria, it is the combined reductions from both anthropogenic point and nonpoint sources that will result in the restoration of nutrient conditions in the impaired waterbody. However, it is not the intent of this TMDL to abate natural background conditions.

(17) Gemini Springs. The nutrient TMDL for Gemini Springs is an annual arithmetic mean of 0.35 mg/L nitrate at the spring vent, and is allocated as follows:

(a) The WLA for wastewater point sources is not applicable.

(b) The WLA for discharges subject to the Department's NPDES MS4 Permitting Program is a 74 % reduction of nitrate based on average concentrations from the 2009-2016 period,

(c) The LA for nonpoint sources is a 74 % reduction of nitrate based on average loads from the 2009-2016 period, and

(d) The Margin of Safety is implicit.

(e) While the LA and WLA for nitrate has been expressed as the percent reduction needed to attain the applicable Class III nutrient criteria, it is the combined reductions from both anthropogenic point and nonpoint sources that will result in the restoration of nutrient conditions in the impaired waterbody. However, it is not the intent of this TMDL to abate natural background conditions.

62-304.805 Charlotte Harbor Basin TMDLs.

(1) through (3) No change

(4) Sanibel Slough West. The nutrient TMDL for Sanibel Slough West is a three-year average of annual loads of 1,903 kilograms per year (kg/year) TN and 241 kg/year TP, which are intended to achieve an annual geometric mean chlorophyll *a* concentration of 11 µg/L not to be exceed more than once in any consecutive three-year period, and is allocated as follows:

(a) The WLA for wastewater point sources is not applicable.

(b) The WLA for discharges subject to the Department’s NPDES MS4 Permitting Program is a 26 % reduction of TN and a 34 % reduction of TP from the 2007-2013 period.

(c) The Load Allocation (LA) for nonpoint sources is a 26 % reduction of TN and a 34 % reduction of TP based on average loads from the 2007-2013 period, and

(d) The Margin of Safety is implicit.

(e) While the LA and WLA for TN and TP has been expressed as the percent reduction needed to attain the applicable Class III nutrient criteria, it is the combined reductions from both anthropogenic point and nonpoint sources that will result in the restoration of nutrient conditions in the impaired waterbody. However, it is not the intent of this TMDL to abate natural background conditions.

(5) Sanibel Slough East. The nutrient TMDL for Sanibel Slough East is a three-year average of annual loads of 1,091 kg/year TN and 123 kg/year TP, which are intended to achieve an annual geometric mean chlorophyll *a* concentration of 21 µg/L not to be exceed more than once in any consecutive three-year period, and is allocated as follows:

(a) The WLA for wastewater point sources is not applicable.

(b) The WLA for discharges subject to the Department’s NPDES MS4 Permitting Program is a 54 % reduction of TN and a 74 % reduction of TP based on average loads from the 2007-2013 period.

(c) The LA for nonpoint sources is a 54 % reduction of TN and a 74 % reduction of TP based on average loads from the 2007-2013 period, and

(d) The Margin of Safety is implicit.

(e) While the LA and WLA for TN and TP has been expressed as the percent reduction needed to attain the applicable Class III nutrient criteria, it is the combined reductions from both anthropogenic point and nonpoint sources that will result in the restoration of nutrient conditions in the impaired waterbody. However, it is not the intent of this TMDL to abate natural background conditions.

59A-3.252 Classification of Hospitals

59A-3.275 Organized Medical Staff

The Agency for Health Care Administration hereby gives notice:

That on July 3, 2017, the Agency for Health Care Administration entered an order disposing of the petition for variance and waiver filed by Southern Baptist Hospital of Florida, Inc. and Wolfson Children’s Hospital of Jacksonville, Inc. on April 10, 2017, and advertised in Vol. 43, No. 73, Florida Administrative Register on April 14, 2017. The Petition was assigned Agency Case Number 2017003887. The Agency for Health Care Administration has issued a Final Order Approving Petition For Permanent Waiver Of Rule 59a-3.079(9), Permanent Variance Of Rule 59a-3.2085(2), And Denying Petition As To Waiver Or Variance Of Rules 59a-3.252(3)(B), 59a-3.275(2) F.A.C, which require an on-site pharmacy for hospitals, staffing standards, and related policy and procedures. The Petition as to waiver of 59A-3.079(9), and

permanent variance of the portion of 59A-3.2085(2) specifying "...each Class I or Class II hospital shall have on the premises,..." is granted. The Petition for Permanent Waiver or Variance of Rules 59A-3.252(3)(b), 59A-3.275(2) is denied upon a finding that the Petitioner failed to demonstrate that the purpose of the underlying statute will be or has been achieved by other means and that application of the rule to Petitioner would create a substantial hardship or violate principles of fairness.

A copy of the Final Order Approving Petition For Permanent Waiver Of Rule 59a-3.079(9), Permanent Variance Of Rule 59a-3.2085(2), And Denying Petition As To Waiver Or Variance Of Rules 59a-3.252(3)(B), 59a-3.275(2) F.A.C may be obtained by writing to: Richard Shoop, Agency Clerk, Agency for Health Care Administration, 2727 Mahan Drive, Bldg. 3, MS 3, Tallahassee, FL 32308.

CFX Project Nos: Section 429-202 (1A)

Section 429-203 (1B)

**Project Description:** Sections 1A and 1B extend from where the SR 429 currently ends at the Connector Road near US 441, to a new interchange at Kelly Park Road.

The Central Florida Expressway Authority (CFX) is set to open its first five miles of the Wekiva Parkway (SR 429) on July 27. The event entrance is via the SR 429 southbound on ramp at Kelly Park Road. Parking will be on the southbound mainline shoulders. The event location is at the Belgian Street Bridge (North of SR 429 / Connector Road).

State and local elected officials and other dignitaries will be on hand to commemorate the event.

Sections 1A and 1B, totaling \$102.6 million in construction costs, extend from where the SR 429 currently ends at the Connector Road near US 441, to a new interchange at Kelly Park Road. Work began in summer of 2015.

The 5-mile stretch includes interchanges near US 441 at Connector Road and Kelly Park Road, along with bridges at Southfork Drive, Yothers Road, Ponkan Road and other locations. The Wekiva Parkway is the first expressway in Central Florida to feature all electronic tolling for customer convenience and to keep traffic moving. A Section 1A toll gantry also features the eye-catching aesthetic features found throughout the project.

CFX is building five parkway sections totaling 10 miles and more than \$271 million in construction costs. The entire \$1.6 billion Wekiva Parkway, which is being built in conjunction with the Florida Department of Transportation – District Five, will complete Central Florida’s beltway, while helping to protect the natural resources surrounding the Wekiva River.

**GENERAL SUBJECT MATTER TO BE CONSIDERED:** The Florida Department of Transportation (FDOT) will host a public meeting for the NE 36th Avenue design project. The project is approximately 1.5 miles in length and begins at State Road (S.R.) 492 (NE 14th Street) and ends at NE 35th Street. The project has been divided into three segments: Segment 1 (FPID 431798-2-52-01) is from S.R. 492 (NE 14th Street) to NE 20th Place; Segment 2 (FPID 431798-3-52-01) is from NE

20th Place to NE 25th Street; and Segment 3 (FPID 431798-4-52-01) is from NE 25th Street to NE 35th Street. Segment 2 includes NE 36th Avenue going over the existing CSX railroad. The improvements to all three segments of NE 36th Avenue include: widening the existing two-lane road to a four-lane roadway; five-foot buffered bicycle lanes; six-foot sidewalks; a 20-foot median; and drainage and signalization improvements. With the bridge over the CSX railroad in Segment 2, there also will be a Texas U-turn and access road to retain access to adjacent properties. Additional right-of-way will be needed to accommodate these improvements. For Segments 1 and 3, right-of-way acquisition and construction are not funded. For Segment 2, right-of-way acquisition is funded in Fiscal Year 2017 and construction is funded in Fiscal Year 2019.

The meeting will be an open house format with a focus on the project refinements in Segment 2. Project information will be available for review along with the opportunity to provide public input. Throughout the meeting, a project presentation will run on a continuous loop. FDOT representatives will be available to discuss the project, answer questions, and receive comments.

Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. UF-621 AE Selection Notice

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of architecture will be required for the project listed below:

Project: UF-621, Veterinary Medicine Small Animal Hospital 3rd Floor Addition

The project consists of a single story third floor addition roughly 8,500GSF facility dedicated to provide additional office space, both closed and open, a call center and support space.

The estimated construction budget is approximately \$3,800,000. The project will be delivered using the Construction Manager At-Risk method. (Gold) LEED (Leadership in Energy and Environmental Design) certification by the U.S. Green Building Council is mandatory.

The selected firm will provide design, construction documents and construction administration services for the referenced project. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes.

Blanket design professional liability insurance will be required from the architect, mechanical, electrical, plumbing, fire protection, structural, and civil engineering consultants for this project and will be provided as a part of Basic Services. The selected applicant will also be required to provide insurance coverage for General Liability, Automotive Liability, and Workers' Compensation.

Applicants will be evaluated on the basis of their past performance, experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

At the time of application, the applicant and engineering consultants must possess current design licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. If the applicant is a corporation, must be chartered by the Florida Department of State to operate in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the facilities program, Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the PQS Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services, design intent, schedule, and other goals and considerations as outlined in the Project Fact Sheet and facilities program.
2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes, LEED accreditation, and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant's corporate status in Florida (if applicable) and copies of current licenses for applicant firm and

all engineering and landscape architecture consultants (firms) from the appropriate governing board.

5. Proof of the applicant's and all engineering consultants' ability to be insured for the level of professional liability coverage demanded for this project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, facilities program, UF Design and Commissioning Services Guide, UF Design and Construction Standards, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Planning Design & Construction office by 3:00 PM local time, on Tuesday, August 10, 2017. Facsimile (FAX) submittals are not acceptable and will not be considered.

DEPARTMENT OF EDUCATION

University of Florida

NOTICE TO PROFESSIONAL CONSULTANTS:

The University of Florida Board of Trustees announces that Professional Services in the discipline of transportation planning services will be required for the project listed below:  
 Project: PL-00011, Transportation and Parking Strategic Plan (Gainesville)

The project consists of strategic intermodal transportation planning with a focus on a ten-year (2018 through 2028) planning horizon. Recommendations will include near-term and mid-term priorities, but with an eye toward strategic long-term goals and efficiencies consistent with the University's Strategic Development Plan. The plan will specify a strategic policy framework, implementation actions for facilities and

programs, cost estimates, and phasing for an enhanced multimodal and intermodal campus transportation system including transit, campus vehicular circulation, bicycle and pedestrian facilities/programs, parking, and a transportation demand management plan. The strategic plan will consider campus student/staff growth, traffic congestion levels, campus master plan facility recommendations, and local transportation system plans and programs. Reviews of peer university systems, industry best practices, and input from stakeholders will be part of the planning process. Stakeholder involvement is anticipated to include an online survey developed and administered as part of the project. A project steering committee will be appointed to interface with the project consultant team throughout the planning process. The project also anticipates that an in-house Bicycle Master Plan will be developing in parallel with this planning effort, and the two initiatives should be integrated to the degree necessary.

The selected firm will provide strategic transportation planning services for the referenced project to include transportation demand management, parking management, bicycle/pedestrian facilities and programs, transit planning, traffic operations, and complete streets. Plans and specifications for University of Florida projects are subject to reuse in accordance with the provisions of Section 287.055, Florida Statutes. The selected applicant will be required to provide insurance coverage for General Liability, Automotive Liability, and Workers' Compensation.

Applicants will be evaluated on the basis of their experience, personnel, design ability, references, workload, and responses to questions posed both in the shortlist and interview phases. The Selection Committee may reject all proposals and stop the selection process at any time.

Prior to execution of any agreements between applicant and University relating to the project, the applicant (if an architecture or engineering firm) and its consulting architectural and engineering firms must possess current licenses from the appropriate governing board and be properly registered to practice its profession in the State of Florida. Also prior to execution of any agreements between applicant and University relating to the project, the applicant entity must be authorized by the Florida Department of State to transact business in Florida.

Applicants desiring to provide professional services for the project shall submit a proposal only after thoroughly reviewing the Project Fact Sheet, and other background information. The proposal shall be prepared as specified in the Professional Qualifications Supplement (PQS) Instructions and shall include:

1. A Letter of Application that concisely illustrates the applicant's understanding of the scope of services,

schedule, and other goals and considerations as outlined in the Project Fact Sheet.

2. A completed, project-specific "Professional Qualifications Supplement" (PQS) proposal with signed certification. Applications on any other form will not be considered.
3. Resumes and other pertinent credentials for all proposed staff (applicant and consultants).
4. Proof of the applicant entity's corporate status in Florida, or an affirmative statement that it will be authorized to transact business in the State of Florida prior to execution of any agreements between applicant and University relating to the project.
5. Copies of current licenses for applicant firm (if architect or engineer) and all consulting engineering and architecture firms from the appropriate governing board, or an affirmative statement that the applicant firm and consultant firms will be licensed in the State of Florida, as required for architectural and engineering firms, prior to execution of any agreements between applicant and University relating to the project.

As required by Section 287.133, Florida Statutes, an applicant may not submit a proposal for this project if it is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected professional must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$15,000.00 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Incomplete proposals will be disqualified. Submittal materials will not be returned.

Additional information to assist the applicant in preparing a complete proposal – including the project-specific PQS forms, instructions, Project Fact Sheet, UF Design and Commissioning Services Guide, standard University of Florida Owner-Professional agreement, and other project and process information – can be found on the Planning Design & Construction website.

Finalists may be provided with supplemental interview requirements and criteria as needed.

Provide the number of copies prescribed in the Project Fact Sheet. Submittals must be received in the Planning Design & Construction office by 3:00 p.m. local time, on Monday, August 7, 2017. Facsimile (FAX) submittals are not acceptable and will not be considered.

Florida State University

Florida State University

## NOTICE TO DESIGN/BUILD TEAMS

Florida State University announces that Qualifications Based Design/Build Services will be required for the project listed below:

Project No. FS - 274

Campus Dining and Kitchen Renovations

Tallahassee, Florida

The project consists of the planning, design and construction of approximately 37,500 GSF of two existing Dining venues for Florida State University in Tallahassee, Florida. It is envisioned that each facility will be renovated to create new dining experiences and upgrade food preparation areas transforming the Fresh Food Company / Seminole Cafe into the Seminole Test Kitchen (STK) and to renovate the Historic Suwannee Room. Improvements to dining areas, kitchens, and support spaces will be included. Additional building envelope work, mechanical work, and renovations to related venues/spaces may be included as necessary. All work is expected to be in place and complete by December 2018.

The Design/Build Services contract shall be in compliance with Design/Build selection provisions in Section 287.055, F.S. and 6C-14-.007, F.A.C., including design and pre-construction fees, construction related service costs and a guaranteed maximum price. The University will contract with a single contract entity whose Design/Build Team shall provide all professional services including, but not necessarily limited to programming, budgeting, estimating, construction services, labor, materials, and equipment required to design and construct the project. Blanket professional design liability insurance will be required for this project in the amount of \$1,000,000 and will be included in Basic Services. The development of a Guaranteed Maximum Price (GMP(s) at 100% documents will be required.

The overall project budget is approximately \$10,000,000 with a construction value of approximately \$8,000,000. The respondent becomes the single point of responsibility for performance of the construction of the project and shall publically bid all trade contracts and be capable of bonding 100% of the value of the construction contract with a surety licensed to do business in the State of Florida with a Best rating of A, Class IX. Project development including professional services is contingent upon availability of funds.

## INSTRUCTIONS:

Teams desiring to provide design/build services for the project shall submit a letter of interest and a completed Florida State University "Design/Build Qualification Supplement" form (DBSQS), dated June 2014, with attachments and additional information as described in the DBSQS. Applications in any

other format will not be considered. The Design/Build Services Qualifications Supplement Form and Project Fact Sheet may be obtained via the Facilities website: <https://www.facilities.fsu.edu/depts/designConstr/advertisedProjects.php>

Each applicant/team must be properly licensed and registered at the time of application to practice its profession in the state of Florida. If the applicant is a corporation, or a joint venture, it must be registered by the Department of State to do business in the State of Florida at the time of application. If the applicant is the contract entity and has a consultant to perform the design and construction services, the contract entity and consultant must have an agreement at the time of application to formally contract for consulting services. Firms applying as "Associations" without a registered joint venture agreement or a contract entity and consultant without an agreement will not be considered.

Selection of finalists for interview will be made on the basis of qualifications of the proposed design/build team, including team qualifications, team related experience, and the ability to provide service in meeting the project requirements. Florida State University strongly encourages the use of certified Small, Minority, Veteran, and Women Owned Business enterprise, (SWV/WBE) in the provision of the design and construction-related services by providing a fair and equal opportunity to compete for, or for participation in, design and/or construction related services. Applications that do not comply with the above instructions may be disqualified. Submittals are part of the public record and no submittal material will be returned. Plans and specifications for Florida State University projects are subject to reuse in accordance with the provisions of Section 287.055, F.S. As required by Section 287.133, F.S., a design/build team may not submit a proposal for this project if any member is on the convicted vendor list for a public entity crime committed within the past 36 months. The selected design/build team must warrant that it will neither utilize the services of, nor contract with, any supplier, subcontractor, or consultant in excess of \$50,000 in connection with this project for a period of 36 months from the date of their being placed on the convicted vendor list.

Submit four (4) bound copies of the above requested data bound in the order listed above and one (1) electronic copy. Submittals must be received at the address listed below by 2:00 p.m., local time, on Tuesday, August 8, 2017. Facsimile (fax) or electronic submittals are not acceptable and will not be considered. Applications which do not comply with the above will not be considered.

Send submittals to:

Lynetta Mills, FSU Facilities Design & Construction, 969 Learning Way, Suite 109 MMA, Tallahassee, Florida 32306-4152, ph: (850)644-3591

For further information on the project, contact: Brad Adams, Project Manager, at the address above, through email at jbadams@fsu.edu or at (850)644-0281.

The University reserves the right to suspend or discontinue the selection process at any time and return or reject any or all submissions of Design/Build proposals without obligation to the respondent. The award of this contract is subject to availability of funds. If additional funding is realized, the University has the option to incorporate additional scope/funding under this contract.

Emergency Action

On July 7, 2017, the State Surgeon General issued an Order of Emergency Restriction Order with regard to the license of Brigitte G. Arnold, R.Ph., License No. # PS 21715. This Emergency Restriction Order was predicated upon the State Surgeon General's findings of an immediate and serious danger to the public health, safety and welfare pursuant to Sections 456.073(8) and 120.60(6) Florida Statutes (2016). The State Surgeon General determined that this summary procedure was fair under the circumstances, in that there was no other method available to adequately protect the public.
