Marine Fisheries

RULE NO.: 68B-5.003
RULE TITLE: Warren Bayou (Bay County) Special Seasonal Harvest Closure

PURPOSE AND EFFECT: The purpose of this rule amendment is to repeal 68B-5.003, Florida Administrative Code, a seasonal harvest closure in Warren Bayou (Bay County), its tributaries, and all waters within 100 yards of the mouth of the bayou.

Warren Bayou is adjacent to West Bay (a segment of St. Andrews Bay in Bay County). In this area, a power plant has historically used water from the bay as a coolant for its energy-generating processes, specifically the coal-fired generators. As a result of this cooling process, artificially-heated water was released into a canal that empties into Warren Bayou. Artificially-heated water bodies can serve as thermal refuges for marine life in winter months and often result in dense aggregations of fish seasonally. In 1993, at the request of Bay County Board of County Commissioners (BOCC), a seasonal closure was implemented in the waters of Warren Bayou to reduce harvest pressure on saltwater fish aggregating in these waters during the cold weather months of November through February.

In March 2016, the power company phased out this power plant's coal-fired generator units and, as a result, warm water is no longer discharged into the surrounding water bodies. The seasonal closure is no longer needed because of the operational changes at the power plant. This rulemaking is being conducted at the request of Bay County BOCC and stakeholders.

The effect of this rule will be to remove an unnecessary closure to harvest of marine fish from Warren Bayou, its tributaries and within 100 yards of the mouth of Warren Bayou and give anglers increased fishing opportunities by allowing fishing in that area year-round.

SUMMARY: This rule will repeal the Warren Bayou Special Seasonal Harvest Closure and allow anglers year-round access to harvest opportunities in Warren Bayou. In addition, it will reduce confusion for anglers who are aware of the power plant's operational changes, but may be unaware the rule remains in effect. This rulemaking is being conducted at the request of Bay County BOCC and stakeholders.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: the nature of the rule and the preliminary analysis conducted to determine whether a SERC was required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
