Proposed Rules

FISH AND WILDLIFE CONSERVATION COMMISSION

Marine Fisheries

RULE NOS.: RULE TITLES:
68B-14.0036 Recreational Bag Limits: Snapper, Grouper, Hogfish, Black Sea Bass, Red Porgy, Amberjacks, Tilefish, Exception, Wholesale/Retail Purchase Exemption
68B-14.005 Regulation and Prohibition of Certain Harvesting Gear: Allowable Gear, Incidental Bycatch, Violation

PURPOSE, EFFECT AND SUMMARY: This federal consistency action would modify existing reef fish regulations

to increase the Atlantic black sea bass recreational bag limit from five to seven fish and require buoy line marking for commercial Atlantic black sea bass traps that is consistent with current and proposed regulations for Atlantic federal waters. The purpose of these rules is to achieve consistency between the Commission's Atlantic black sea bass regulations and regulations in adjacent federal waters.

The South Atlantic Fishery Management Council (Council) recently approved two management changes for Atlantic black sea bass. First, they approved increasing the Atlantic black sea bass recreational bag limit from five to seven fish per person to provide anglers greater access to the federal recreational quota. Under the previous five-fish bag limit, recreational anglers were only able to harvest between 36 to 57% of their quota. This bag limit increase took effect August 12, 2016, in Atlantic federal waters. Second, they approved a buoy line marking requirement for the commercial black sea bass trap fishery so that in the unlikely event of an endangered right whale becoming entangled in black sea bass trap gear, the gear could be undisputedly linked to the fishery and the Council could respond accordingly. The line marking requirement will take effect in federal waters on January 30, 2017.

The effect of the rule amendment is that state and federal regulations can be applied more consistently to recreational and commercial fishing activity for black sea bass in the Atlantic. The recreational bag limit increase will allow anglers greater access to their quota and create consistent regulations across state and federal waters. Commercial buoy line marking requirements will create consistent trap regulations between state and federal waters.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Division of Hotels and Restaurants

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice:

On December 21, 2016 the Division of Hotels and Restaurants received a Petition for a Routine Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code, and Paragraph 5-202.11(A), 2009 FDA Food Code from Karma Juice Bar & Eatery in Saint Petersburg. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink.

The Petition for this variance was published in Vol. 42, No. 247, F.A.R., on December 22, 2016. The Order for this Petition was signed and approved on January 6, 2017. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved

source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sink is provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign. A copy of the Order or additional information may be obtained by contacting: Daisy.Aleman@myfloridalicense.com, Division of Hotels and Restaurants, 2601 Blair Stone Road, Tallahassee, Florida 32399-1011.
