PUBLIC SERVICE COMMISSION

RULE NO.: RULE TITLE:

25-6.0345 Safety Standards for Construction of New Transmission and Distribution Facilities

PURPOSE AND EFFECT: To update the rule so that the 2017 Edition of the National Electrical Safety Code is incorporated by reference into the rule.

Docket No. 170034-EU

SUMMARY: The rule requires electric utilities to, at a minimum, comply with the National Electrical Safety Code as the applicable guidelines used by electric utilities for the construction of new transmission and distribution facilities.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has been prepared by the Agency.

The SERC examined the factors required by Section 120.541(2), FS, and concluded that the rule amendment will not have an adverse impact on economic growth, business competitiveness, or small business. Affected entities should benefit from safer installations due to the revised National Electrical Safety Code guidelines.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

Each investor-owned electric utility, rural electric cooperative, and municipal electric system shall, at a minimum, comply with the standards in these provisions. DEPARTMENT OF HEALTH

Board of Physical Therapy Practice

RULE NO.: 64B17-5.001
RULE TITLE: Requirements for Reactivation of an
Inactive License

PURPOSE AND EFFECT: The updated requirement promotes public safety by ensuring that a physical therapist or physical therapist assistant sufficiently understands the physical therapy laws and rules of the state of Florida to pass the required examination.

SUMMARY: Reactivation of an inactive or retired license no longer requires a 2-hour continuing education course on laws and rules; instead, passage of the Florida laws and rules examination developed by the Federation of State Boards of Physical Therapy is required.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal

for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

FISH AND WILDLIFE CONSERVATION COMMISSION

The Florida Fish and Wildlife Conservation Commission announces a public meeting to which all persons are invited.

DATE AND TIME: June 9, 2017, 2:00 p.m.

PLACE: Electronic Media Technology, Adobe Connect/Teleconference

GENERAL SUBJECT MATTER TO BE CONSIDERED: The Florida Fish and Wildlife Conservation Commission (FWC) will have a special meeting at 2 p.m. EDT Friday, June 9, to discuss substantive and procedural issues and take action by providing direction regarding the Gulf red snapper season for private recreational anglers in state and federal waters. Recent discussion between the U.S. Department of Commerce and the Gulf states indicate that there may be a way to add a substantial number of additional red snapper fishing days in federal waters this summer of 2017. Staff will be requesting Commission direction and guidance regarding this season alignment, which would require giving up some state waters fishing days during the week through the summer and possibly in the fall. These changes would apply only to private recreational anglers. No changes to the commercial or recreational for-hire seasons are being considered.

This special meeting is being held solely by electronic media technology, using adobe connect and a conference line, and the Commissioners will be participating remotely via conference call. There will be opportunities for the public to comment during the meeting.
