NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 44 No. 47, March 8, 2018 issue of the Florida Administrative Register.

SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Commission meeting, the Commission concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Commission determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require

ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

THE PERSON TO BE CONTACTED REGARDING THE PROPOSED RULE IS: Lori Crawford, Executive Director, Florida Real Estate Commission, 400 W. Robinson Street, #N801, Orlando, Florida 32801, lori.crawford@myfloridalicense.com.

NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 44 No. 41, February 28, 2018 issue of the Florida Administrative Register.

The Summary of Statement of Estimated Regulatory Costs and Legislative Ratification should read:

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION: The agency has determined that this rule will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the agency.

The agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This rule decreases regulation by requiring notification rather than separate, specific informed consent prior to testing for HIV. Therefore, this rulemaking will not have an adverse impact or regulatory costs in excess of \$1 million within five years as established in Section 120.541(2)(a), Florida Statute.

Any person who wishes to provide information regarding the statement of estimated regulatory costs, or to provide a proposal for a lower cost regulatory alternative, must do so in writing within 21 days of this notice

Variance or Waiver

WATER MANAGEMENT DISTRICTS

South Florida Water Management District

The South Florida Water Management District (SFWMD or District) hereby gives notice:

that on April 5, 2018, the District issued an Order Granting Amended Petition for Variance under section 120.542, Florida Statutes, (SFWMD 2018-011-DAO-ERP) to WSR 1075, LLC (WSR) concerning a project known as the Eleven Eleven Central Project, located in Collier County; section 3, Township 50 South, Range 25 East. The Petition for Variance (Application No. 171109-10) was received by the SFWMD on November 9, 2017. Notice of receipt of the Petition was published in the Florida Administrative Register, Vol. 43, Number 221, on November 9, 2017. No public comment was received. On February 2, 2018, WSR filed an Amended Petition for Variance, providing requested additional information. This Order provides a variance for the proposed construction of commercial buildings with minimum finished floor elevations below the Federal Emergency Management Agency (FEMA) Federal Flood Insurance Rate Maps (FIRMS) designated base flood elevation which is 8.0' NAVD. The particular criterion from which the variance is sought is found at section 3.4 of the Environmental Resource Permit Applicant's Handbook Volume II for Use Within the Geographic Limits of the South Florida Water Management District, effective May 22, 2016, which is incorporated by reference in paragraph 40E-4.091(1)(a) and Rule Chapter 62-330, Fla. Admin. Code, pertaining to minimum finished floor elevations. This criterion provides, in general, that minimum finished floor elevations be at or above the 100-year flood stages, as determined from the most appropriate information, including FEMA FIRMs. The Order sets forth the basis of the SFWMD decision to grant the variance, as follows: 1) the variance is necessary to prevent a substantial hardship on WSR; and 2) the purpose of the underlying rule has been achieved by other means.

A copy of the Order or additional information may be obtained by contacting:

the Regulation Division during the normal business hours of 8:00 a.m. – 5:00 p.m., Monday through Friday, except legal holidays, at 3301 Gun Club Road, West Palm Beach, FL 33406, by telephone: (561)682-6911, by email: permits@sfwmd.gov or by accessing the District's website (www.sfwmd.gov) using the Application/Permit Search on the ePermitting page.
