RULE NO.: RULE TITLE:

61G10-11.004 Practical Experience in Landscape
Architecture

PURPOSE AND EFFECT: The Board proposed an amendment to the language to update the rate of hour experience credit for each hour of documented experience and to allow for an hour for hour credit for students.

SUMMARY: To update the rule text.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. These services may be used for projects anywhere in the buildings and spaces owned or operated by SMHCS, however it is anticipated that the vendors selected will primarily be activated for projects on the Sarasota main campus.

PROJECT DESCRIPTION: The construction manager will be a single point of responsibility for performance of multiple construction contracts up to \$2,000,000.00 individually, functioning as an independent contractor, publicly bidding trade contracts. Three construction management contracts will be awarded, for a period of three years.

Typical projects assigned under this contract may include new construction, renovations, remodeling, alterations, equipment installation, additions, and code compliance corrections. The maximum per-project construction cost is \$2,000,000. If the Applicant is a corporation, it must be properly chartered by the Florida Department of State to practice its profession in the State of Florida at the time of application. It is the Sarasota Memorial Health Care System's responsibility to negotiate a fair, competitive and reasonable compensation per Section 287.055, Florida Statutes.
