NOTICE OF CORRECTION

Notice is hereby given that the following correction has been made to the proposed rule in Vol. 45 No. 39, February 26, 2019 issue of the Florida Administrative Register.

The SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION should have included the following:

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or, if no SERC is required, the information expressly relied upon and described herein: The proposed changes will update and adopt materials incorporated by reference and will update material references. According to the department's economic analysis, the adverse impact or potential regulatory costs of the proposed rules do not exceed any of the criteria established in paragraph 120.541(2)(a), Florida Statutes. The department relied upon the Fair Rides database and the American Society for Testing and Materials (ASTM) website to determine approximate costs of each standard identified. The department also determined that

some regulated entities will not incur any costs due to the proposed rules because the national standards being adopted in Florida are already in use within the industry and have already been adopted in other jurisdictions where the regulated entities have operated. Additionally, no interested party submitted additional information regarding the economic impact.

PLACE: Wildwood Community Center – Jefferson Room, 6500 Powell Rd., Wildwood, FL 34785

GENERAL SUBJECT MATTER TO BE CONSIDERED: Financial Project Identification (FPID) No.: 991900-3

The Florida Department of Transportation (FDOT) will hold a public hearing about proposed plans to improve safety on Gulf Atlantic Highway (State Road (S.R.) 44) between Main Street (U.S. 301) and Legion Avenue. The proposed improvement consists of two phases of construction, interim works and long-term improvements.

The interim work consists of the installation of “Quick-Curb” with delineator posts east of the Main Street intersection. This work is anticipated to take place in late 2019/early 2020. The proposed long-term improvements involve the construction of an additional westbound left turn lane at the Main Street intersection and construction of a concrete median from Main Street to west of Legion Avenue, with a bi-directional opening at the Wildwood Townhomes area. This type of median opening allows left turns from Gulf Atlantic Highway into the driveways, but will only allow right turns out of those driveways. Construction of the long-term improvements is expected to begin in early 2022 as part of a resurfacing project. The public hearing will be Wednesday, March 27, 2019, at the Wildwood Community Center – Jefferson Room, 6500 Powell Rd., Wildwood, FL 34785. The hearing will begin as an informational open house at 5:00 p.m. where displays and other project information will be available for review. Staff also will be available to discuss the project and answer questions. A presentation will begin at 6:00 p.m., followed by public comments.

A court reporter will be present to record proceedings, and assist with comments, as part of the project record. Written comments can be submitted at the hearing, sent by mail to Dave Mixon, Florida Department of Transportation, 719 S. Woodland Boulevard M.S. 562, DeLand, FL 32720; or emailed to Dave.Mixon@dot.state.fl.us no later than Monday, April 8, 2019.
