PURPOSE AND EFFECT: The purpose of this rulemaking is to amend the rule to accommodate use of the Fresh From Florida brand identifiers on hemp grown in Florida and to create a new identifier indicating when the commodity is grown, processed and manufactured in Florida. Incorporated forms and documents will be updated to reflect the addition of hemp to Florida-grown commodities.

SUMMARY: Licensed hemp growers will be permitted to use the Florida Hemp Identifier for their product when the hemp is grown, processed and manufactured in Florida. Use of the Florida Hemp Identifier, the Fresh From Florida Identifier and participation in the Florida Agricultural Promotional Campaign are voluntary.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: The Department’s economic analysis of the adverse impact or potential regulatory costs of the proposed rule did not exceed any of the criteria established in Section 120.541(2)(a), Florida Statutes, as use of the Florida Hemp Identifier, the Fresh From Florida Identifier and participation in the Florida Agricultural Promotional Campaign are not required.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

STATE BOARD OF ADMINISTRATION

Estimated Capacity

NOTICE IS HEREBY GIVEN by the State Board of Administration of Florida (the “Board”) of the estimated borrowing capacity, estimated claims-paying capacity, and projected balance of the Florida Hurricane Catastrophe Fund (the “Fund”) as of December 31, 2020, in compliance with the requirements of subparagraph 215.555(4)(c)2., Florida Statutes. These estimates relate to the 2020-2021 Reimbursement Contract Year. For May 2020, based on an estimated borrowing capacity of \$7.2 billion, and \$11.6 billion projected year-end cash balance, the Fund’s total estimated claims-paying capacity over the next 12 months is \$18.8 billion, which amount exceeds the \$17 billion limit on the Fund’s single-season obligations as specified by subparagraph 215.555(4)(c)1., Florida Statutes, for the contract year. The borrowing capacity estimate is dependent on many factors, such as the credit rating of the debt, the amount of emergency assessments available for funding the debt, the limitations or

constraints of the financial markets to absorb potential debt issuances, the time necessary to access such markets, and the existing level of interest rates at the time of issuance. The projected year-end balance available for reimbursement of participating insurers on December 31, 2020, is estimated to be \$11.6 billion, which represents the amount of assets available to pay claims resulting from Covered Events which may occur during the June 1, 2020 through May 31, 2021 Contract Year, not including any bond proceeds. The estimated claims-paying capacity consists of the estimated borrowing capacity and the projected year-end cash balance. Additional liquidity is provided by \$650 million from Series 2016A pre-event bonds. The projected year-end fund balance of \$11.6 billion reflects losses and loss reserves from Hurricane Irma (2017), which the FHCF's consulting actuary has estimated to be \$6.0 billion, and losses and loss reserves from Hurricane Michael (2018), which the FHCF's consulting actuary has estimated to be \$1.45 billion. Greater detail may be obtained in the May 19, 2020 Claims-Paying Capacity Estimates Report, which can be found on the Fund's website at www.sbafla.com/fhcf/ under "Bonding Program." The Board recognizes that its good faith estimates are subject to changing market conditions that can dramatically impact the Fund's actual claims-paying capacity either positively or negatively. Current conditions may or may not be the same if and when the Board determines that it is necessary to issue revenue bonds. Participating insurers who rely on these estimates should recognize the potential impact the financial market can have on the Board's claims-paying ability and plan accordingly.
