STATE BOARD OF ADMINISTRATION

RULE NO.: 19-8.028
RULE TITLE: Reimbursement Premium Formula

PURPOSE AND EFFECT: This rule is promulgated to implement Section 215.555, Florida Statutes, regarding the Florida Hurricane Catastrophe Fund, for the 2020-2021 contract year.

THE FULL TEXT OF THE PROPOSED RULE IS:

19-8.028 Reimbursement Premium Formula.

(1) Purpose. This rule adopts the Premium Formula to determine the Actuarially Indicated Reimbursement Premium to be paid to the Florida Hurricane Catastrophe Fund, as required by section 215.555(5)(b), F.S.

(2) Definitions. The definitions in the Reimbursement Contract for the applicable Contract Year also apply to this rule and the forms referenced in this rule. In addition, as used in this rule:

(a) “SBA” means the State Board of Administration of Florida.

(b) “Contract Year” is defined in section 215.555(2), F.S.

(c) “Independent Consultant” means the independent individual, firm, or organization with which the SBA contracts to prepare the Premium Formula and any other actuarial services for the FHCF, as determined under the contract with the Consultant.

(3) The Premium Formula.

(a) The Formula for determining the Actuarially Indicated Reimbursement Premium to be paid to the Fund, as required by section 215.555(5)(b), F.S., is the rate times the exposure per \$1,000 of insured value and this equals the Premium to be paid

in dollars. The premium rates are determined by taking into account geographic location by zip code; construction type; policy deductible; type of insurance and other such factors deemed by the SBA to be appropriate. The Formula is developed by an Independent Consultant selected by the SBA, as required by section 215.555(5)(b), F.S.

(b) For the 2020/2021 Contract Year, the Formula developed by the SBA’s Independent Consultant, “Florida Hurricane Catastrophe Fund 2020 Ratemaking Formula Report Presented to the State Board of Administration of Florida March 17, 2020, [~~\(b\) For the 2019/2020 Contract Year, the Formula developed by the SBA’s Independent Consultant, “Florida Hurricane Catastrophe Fund 2019 Ratemaking Formula Report Revised July 25, 2019, \[\\(4\\) Special Circumstances.\]\(http://www.flrules.org/Gateway/reference.asp?No=Ref-11081,” as approved by the SBA, is hereby adopted and incorporated by reference into this rule. The premium rates are developed in accordance with the Premium Formula methodology approved by the SBA.</p>
</div>
<div data-bbox=\)~~](http://www.flrules.org/Gateway/reference.asp?No=Ref-XXXXX,” as approved by the SBA, is hereby adopted and incorporated by reference into this rule. The premium rates are developed in accordance with the Premium Formula methodology approved by the SBA.</u></p>
</div>
<div data-bbox=)

(a) Allocation of Premium. Premiums paid to the FHCF with reference to property covered by Quota Share Primary Insurance Arrangements, as that phrase is defined in section 627.351(6)(c)2.a.(I), F.S., will be allocated by the FHCF between the Company and Citizens in accordance with the percentages specified in the Quota Share Primary Insurance Arrangement for the purposes of premium billing, calculating retentions and determining reimbursement payments.

(b) Special Rating Circumstances. The Premium Formula for policies that, based upon sound actuarial principles, require individual ratemaking and which are not excluded by rule will be based on the use of computer modeling for each individual Company for which it is applicable, i.e., portfolio modeling. The Independent Consultant will recommend guidelines for individual Company portfolio reporting and modeling to estimate individual Company FHCF expected losses. Individual Company FHCF expected losses for portfolio modeling exposures will be loaded for investments and expenses on the same basis as the FHCF premium rates used for non-portfolio modeling exposures, but will also include a loading for the additional cost of individual Company modeling. The minimum exposure threshold for FHCF portfolio modeling rating will be sufficient to generate estimated FHCF premium greater than the cost of modeling and other considerations and will be calculated by the Independent

Consultant for the separate coverage levels of 45%, 75%, and 90% using the premium rates established pursuant to subsection (3). The methodology used by the Independent Consultant will be based on sound actuarial principles to establish greater actuarial equity in the premium structure. Special recognition is not given to Companies that do not have exposure for Covered Policies for an entire Contract Year, except for New Participants as required by Article X(1) and X(2) of the Reimbursement Contract.

(5) All the forms adopted and incorporated by reference in this rule may be obtained from the FHCF website at www.sbafla.com/fhcf, or from the Florida Hurricane Catastrophe Fund Administrator, Paragon Strategic Solutions Inc., at 8200 Tower, 5600 West 83rd Street, Suite 1100, Minneapolis, MN 55437.

RULE NO.: RULE TITLE:

61C-1.004 General Sanitation and Safety Requirements

The Florida Department of Business and Professional Regulation, Division of Hotels and Restaurants hereby gives notice: On May 19, 2020 the Division of Hotels and Restaurants received a Petition for an Emergency Variance for paragraph 61C-1.004(1)(a), Florida Administrative Code and Paragraph 5-202.11(A), 2017 FDA Food Code from 1815 MAC LLC located in Mt Dora. The above referenced F.A.C. addresses the requirement that each establishment have an approved plumbing system installed to transport potable water and wastewater. They are requesting to utilize holding tanks to provide potable water and to collect wastewater at the handwash sink and 3-compartment sink.

The Petition for this variance was published in Vol. 46/99 on May 20, 2020. The Order for this Petition was signed and approved on May 27, 2020. After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring the wastewater holding tank for the handwash sink is emptied at a frequency as to not create a sanitary nuisance; and potable water provided must come from an approved source and be protected from contamination during handling. The Petitioner shall also ensure that the handwash sinks are provided with hot and cold running water under pressure, soap, an approved hand drying device and a handwashing sign.

After a complete review of the variance request, the Division finds that the application of this Rule will create a financial hardship to the food service establishment. Furthermore, the Division finds that the Petitioner meets the burden of demonstrating that the underlying statute has been achieved by the Petitioner ensuring that each pan within the steam table is properly covered with an individual lid; the steam table is enclosed within a cabinet with tight-fitting doors, and is protected by an air curtain installed and operated according to the manufacturer’s specifications that protects against flying vermin or other environmental contaminants; all steam table foods must be properly reheated for hot holding at approved commissaries and held hot at the proper minimum temperature per the parameters of the currently adopted FDA Food Code; and steam table food is to be dispensed by the operator with no customer self-service.
