or
3. scanning the ticket using the Florida Lottery’s App or the self-ticket checker feature available at retailers; or
4. presenting the ticket for validation on the terminal at a Lottery retailer or Lottery office.

(g) A ticket having a  and in the YOUR NUMBERS play area shall entitle the prizewinner to a prize of the progressive jackpot (“jackpot”).

1. Progressive Jackpot. The progressive jackpot starting amount is \$5,000 and as STRUCK BY LUCK ticket sales increase, the jackpot amount will also increase up to a maximum of \$75,000. There are two jackpot periods:

- a. Period 1- 11:30:00 p.m. ET through 1:59:59 p.m. ET; and
- b. Period 2- 2:00:00 p.m. ET through 11:29:29 p.m. ET.

The jackpot will be updated at the end of each Period, at 2:00 p.m. ET and at 11:30 p.m. ET, and shall increase at each update until a winning jackpot ticket is validated, or until the jackpot reaches the maximum value. Once a winning jackpot

ticket is validated, the jackpot shall be updated and reset to the starting amount at the beginning of the next period.

2. Progressive Jackpot Prize Determination.

a. A prizewinner may choose when to validate his or her ticket to “lock in” the current jackpot amount by validating the ticket at a retailer or the prizewinner may wait for the jackpot to grow larger. A jackpot prize winner shall be entitled to a prize of the amount of the jackpot at the time the ticket is validated on the terminal at a Lottery retailer or Lottery office. A jackpot prize cannot be locked in by any means other than through validation of the jackpot winning ticket on the terminal at a Lottery retailer or Lottery office. If multiple jackpot winning tickets are validated in the same jackpot period, the prizewinner of each ticket shall be entitled to the full amount of the jackpot for that jackpot period. Once a jackpot winning ticket is validated and that jackpot period concludes, the jackpot will be reset to \$5,000. Once a jackpot winning ticket is validated, the amount locked in by a jackpot prize winner shall be final. Examples follow:

(i) In Scenerio 1, the current jackpot amount in Period 1 is \$50,000 and Player X and Player Y both have jackpot winning tickets. Both players choose to validate their jackpot winning tickets during Period 1 and lock in the current jackpot amount. Period 1 concludes, and Player X and Player Y each win a jackpot prize of \$50,000.

(ii) In Scenerio 2, the current jackpot amount in Period 1 is \$50,000 and Player X and Player Y both have jackpot winning tickets. Player X chooses to validate his or her jackpot winning ticket early into Period 1 and locks in the current jackpot amount. Player Y does not know that Player X has validated his or her jackpot winning ticket and chooses to wait to see if the jackpot will grow in one or more subsequent jackpot periods before validating his or her jackpot winning ticket. Period 1 concludes, and Player X is the sole winner of the jackpot prize of \$50,000. Player X’s ticket validation triggers the jackpot amount to be reset to \$5,000 at the beginning of Period 2.

b. All winning STRUCK BY LUCK tickets must be submitted for validation or before the 60th calendar day after the official STRUCK BY LUCK end of game. For any prizewinner who validates his or her jackpot winning ticket during the period of the day after the end of game through the claiming deadline, the prizewinner or prizewinners will each win the full amount of the jackpot as of the Period 2 update on the end of game date. All jackpot prizes shall be paid in a single cash payment, less applicable federal income tax withholding.

c. In the event of a discrepancy between the advertised jackpot prize amount and the jackpot prize amount recorded in the official records of the Lottery at the time a jackpot prize ticket is validated on a terminal at a Lottery retailer or Lottery Office, the amount recorded in the official records of the Lottery shall be controlling.

(h) A player may win up to fifteen times on a ticket.

(10) Interactive Game. To use the interactive features associated with the STRUCK BY LUCK game, players may download the STRUCK BY LUCK app (“app”) from the App Store, Google Play, or by using a QR Code found on STRUCK BY LUCK marketing materials; or may visit the STRUCK BY LUCK microsite through flalottery.com/struckbyluck. Players can play the interactive game to reveal STORM prizes, view the current progressive jackpot level, share wins, view a map of winners, and get notifications of recent wins. Players will be prompted to opt-in or opt-out of sharing location data. Jackpot winners and other prizewinners with tickets valued at \$600 or more will also receive claiming instruction messaging. The validation barcode and the ticket number and Entry Code are located on the front of STRUCK BY LUCK tickets. Scratch the bottom of the play area to reveal the barcode, ticket number and 10-digit Entry Code that includes a 3 digit PIN in the numbers surrounded by a box. If using the Struck by Luck app to play, scan the validation barcode. If using the website, enter the ticket number and 10-digit Entry Code. Players can replay the interactive game to reveal any winnings, however, the outcome will not change if the same ticket is used. Using the app or microsite is not required to play or win.

(11) \$1,000,000 Top Prize Payment Options.

(a) A winner of a \$1,000,000 top prize may choose one of two payment options for receiving his or her prize. Payment options are Cash Option or Annual Payment. At the time, the \$1,000,000 top prize is claimed, the terminal will produce a player claim instructions ticket. The winner has sixty (60) days after the date the player claim instructions ticket is produced to file a claim choosing the Cash Option. Once the winner files a claim and exercises the winner’s chosen option, the election of that option shall be final. The Annual Payment method of payment will also be final when it is applied due to a top prize winner not making his or her payment election within sixty (60) days after the player claim instructions ticket is produced.

(b) Cash Option prizes will be paid in a single cash payment. A winner of a \$1,000,000 top prize who elects the Cash Option shall receive a single cash payment of \$880,000, less applicable federal income tax withholding.

(c) Annual Payment prizes will be paid in twenty-five (25) equal annual installments. A winner of a \$1,000,000 top prize who elects the Annual Payment option, or who has had the Annual Payment option applied as described in paragraph (11)(a) above, shall receive annual installments of \$40,000 per year, less applicable federal tax withholding.

RULE NO.: RULE TITLE:

61H1-28.0052 Number of Sittings, and Granting of Credit, Release of Grades and Completion of Examination, Transition Rules

The Board of Accountancy hereby gives notice: of the issuance of an Order regarding the Petition for Waiver or Variance, filed on May 25, 2021, by Marina Hernandez. The Notice of Petition for Waiver or Variance was published in Vol. 47, No. 106, of the June 2, 2021, Florida Administrative Register. Petitioner sought a waiver or variance of paragraph 61H1-28.0052(1)(b), F.A.C., that requires candidates to pass all four test sections of the CPA Examination within a rolling eighteen-month period, which begins on the NASBA grade release date for the first test section(s) passed. The Board considered the instant Petition at a duly-noticed public meeting, held June 18, 2021, via telephone and video conference. The Board’s Order, filed on July 26, 2021, granted the petition finding that Petitioner had established that the purpose of the underlying statute, Section 473.306, Florida Statutes, would be met by granting a variance from paragraph 61H1-28.0052(1)(b), F.A.C. The Board further found that Petitioner had established that applying the requirements of the aforementioned rule to her circumstances would violate principles of fairness and impose substantial hardship.

DEPARTMENT OF EDUCATION

State Board of Education

The State Board of Education announces an emergency meeting to which all persons are invited.

DATE AND TIME: August 17, 2021, 4:00 p.m. until completion of business

PLACE: Conference Call: 1(888)207-0293, Confirmation Code: 681654. This meeting will also be webcast on the Florida Channel at <https://thefloridachannel.org/>.

GENERAL SUBJECT MATTER TO BE CONSIDERED:

This is an emergency meeting of the State Board of Education to consider the compliance of school districts, including Broward and Alachua, with the Parents' Bill of Rights, Ch. 2021-199, Laws of Florida, and the Department of Health's Emergency Rule 64DER21-12. The Commissioner of Education is expected to report his findings of probable cause or a finding of no probable cause for these districts under the provisions of Section 1008.32, Fla. Stat.

The Department of Education finds that the failure to follow the Department of Health's emergency rule for controlling the spread of COVID-19 in school settings creates an immediate danger to the public health, safety, or welfare now that schools are opening in Broward and Alachua counties for the 2021-22 school year. Failure to faithfully follow the Parents' Bill of Rights and the Department of Health's emergency rule endangers the safety and educational opportunities of students in these districts and has the potential to cause learning loss for students. The procedure for noticing the meeting is fair under the circumstances given that notice was posted in the Florida Administrative Register, on the Department of Education's website and to persons or entities on the Department of Education's list serve, in order to reach as many interested persons as possible. Moreover, the meeting is arranged to occur as quickly as possible after the Department of Education receives responses from Broward and Alachua to the Department of Education's inquiries about compliance with the health protocols found in the Department of Health's emergency rule.

The agenda will be posted prior to the meeting on the Department of Education's website at <http://www.fldoe.org/policy/state-board-of-edu/meetings>.

Notice of Florida Building Code Binding Interpretation

RULE NO.: RULE TITLE:

61G20-1.001 Florida Building Code Adopted

NOTICE IS HEREBY GIVEN THAT the Binding Interpretation Panel has issued a binding interpretation pursuant to Section 553.775, Florida Statutes, submitted by R&M Construction, LLC, and accepted by BOAF on July 20, 2021. The following is a summary of the interpretation:

Appeal question requesting a response:

The local building official has placed a “Stop work” order on a residential construction project due to failure to comply with building code requirements for application of a stucco finish on a new residence under construction. The solution offered by the contractor was rejected due to failure to provide additional construction documents which will provide corrections to work by a registered design profession under the authority granted to the building official under Section [A]107.1 of the Florida Building Code, Building Volume. The petitioner requests that the building official’s determination to “Stop Work” should be removed, and seeks an interpretation from the Panel which will allow the work on the dwelling to proceed.

Answer: The Panel concluded that the building official has the authority to require the petitioner to provide corrections to work by a registered design profession under the authority granted to the building official as provided in the Florida Building Code before proceeding with work.

Coastal Partnership Initiative Request for Grant Applications

Coastal Partnership Initiative Request for Applications FY 2022-23

The Florida Coastal Management Program (FCMP) announces the availability of federal funds for innovative coastal projects under its COASTAL PARTNERSHIP INITIATIVE (CPI) for

fiscal year 2022-23. Proposals will be accepted from August 16, 2021, through October 15, 2021.

Eligible applicants include Florida’s 35 coastal counties and the local governments within their boundaries that are required to include a coastal element in their comprehensive plan. Florida public colleges and universities, regional planning councils, national estuary programs and nonprofit groups may also apply for CPI funds if an eligible local government is a partner in the project.

The purpose of the Coastal Partnership Initiative is to promote the protection and effective management of Florida’s coastal resources in four priority areas: RESILIENT COMMUNITIES, COASTAL RESOURCE STEWARDSHIP, ACCESS TO COASTAL RESOURCES and WORKING WATERFRONTS.

1. Rule Sections 62S-4.004 and .007, F.A.C., describe the procedures for submitting applications and the criteria by which applications will be evaluated. The CPI Application Form and a copy of Chapter 62S-4, F.A.C., are available on the FCMP Grants website at <https://floridadep.gov/rcp/fcmp/content/grants>.

2. Please note the following important information regarding the CPI grant process for FY 2022-23. Applications must be received by the Department no later than 4:00 p.m. ET, October 15, 2021. Applicants must email the completed application and all required attachments to FCMPMail@FloridaDEP.gov or mail to the address below.

Florida Coastal Management Program, ATTN: CPI Application, Department of Environmental Protection, 2600 Blair Stone Road, MS 235, Tallahassee, Florida 32399-2400.

3. Projects are anticipated to begin July 1, 2022 and must be completed within 12 months. Selected projects will be included in the FCMP application to the National Oceanic & Atmospheric Administration (NOAA) for fiscal year 2022-23. Maximum award of \$30,000 for planning, design and coordination activities and up to \$60,000 for construction projects, habitat restoration, invasive exotic plant removal and land acquisition. Minimum CPI award is \$10,000.

4. Recipients are required to provide 100% matching contributions (cash or in-kind) in the form of goods and services that directly benefit the specific grant project. No more than 50% of match can be provided by a third party and none from federal funds.

5. There are additional requirements for applications involving construction, invasive exotic plant removal, habitat restoration and land acquisition, including:

a. To show the project is feasible and able to be completed within 12 months, applicants proposing construction, invasive exotic plant removal and habitat restoration must conduct a preliminary consultation with appropriate local, state and federal regulatory agencies to ensure there are no environmental concerns that would delay or prevent project

startup. A summary of the consultation along with the 306A questionnaire must be included in the CPI application to be considered responsive.

b. Nonprofit organizations (NPOs) are not eligible to receive funds for construction, habitat restoration, invasive exotic plant removal, or land acquisition. Applications submitted by NPOs that propose these activities will be disqualified.

c. Pursuant to NOAA’s direction, Section 306A funds shall not be used for beach restoration, beach nourishment or projects that are predominantly hard structure erosion control.

d. Infrastructure projects must have a clear coastal management component.

e. Construction and land acquisition activities occurring in designated Coastal Barrier Resource Act units are subject to additional review and approval by NOAA and/or the U.S. Fish & Wildlife Service.

A webinar on the Coastal Partnership Initiative opportunity will be presented in August 2021. The date, time, and webinar link will be available on the FCMP Grants website: <https://floridadep.gov/rcp/fcmp/content/grants>.
