The Rate Schedule shall be adjusted pursuant to this section as required.

Utility Cost Pass-Through. The District's rates, fees and charges shall be automatically increased without further action of the Board based upon the implementation of a rate increase to the District Utility System by any utility which provides service to the District, or upon implementation or increase of any taxes levied by a governmental authority against the District, or upon an increase of costs incurred for water quality, wastewater or irrigation quality water quality testing required by the Department of Environmental Protection, or other unfunded mandates imposed by a controlling governmental agency. Upon application of this cost pass-through provision, the District Manager shall submit to the Board of Supervisors a report detailing the amount of the escalation and the new rates as revised. The Rate Schedule shall be adjusted pursuant to this section as required.

Water Use Restriction Surcharge. Commodity charges may be adjusted from time to time temporarily by up to twenty five percent (25%) to reflect a water use restriction surcharge rate adjustment that may be implemented in response to and for the duration of general water use restrictions imposed by the South Florida Water Management District (SFWMD).
