RULE NO.:       RULE TITLE:

6A-6.0576       CAPE Industry Certification Funding List

PURPOSE AND EFFECT: To specify the procedures and timelines for implementation of an industry certification process and adoption of the CAPE Industry Certification Funding List changes; changes to the industry certification process and funding list are required by House Bill 1507 (2021). This new rule will incorporate language from rules 6A-6.0573, Industry Certification Process, and 6A-6.0574, CAPE Postsecondary Industry Certification Funding List. As a result rules 6A-6.0573 and 6A-6.0574 will be repealed.

SUMMARY: This new rule is created for the implementation of statutory changes included in House Bill 1507 (2021) to section 1008.44, Florida Statutes as they relate to the Career and Professional Education (CAPE) Act. These changes require the adoption of a single industry certification funding list for use in implementation sections 1011.62(1)(o), 1011.80, and 1011.81, F.S. In addition to prior provisions, the rule has been reorganized and included references to the Master Credential List. Beginning with the 2022-23 school year, industry certifications must be included on the Master Credentials list adopted by the Credentials Review Committee to be eligible for inclusion on the CAPE Industry Certification Funding List. This CAPE Industry Certification Funding List adopted in this rule is a combination of the certifications approved for secondary FEFP funding eligibility and postsecondary school district and Florida College System performance funding.

SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: This is because the rule authorizes industry certifications through which school district technical colleges and FCS institutions earn performance incentive funding. These certifications have been evaluated to be rigorous and tied to the statewide occupational demand in Florida. Based upon the nature of these changes and experience with similar changes in the past, no adverse impact or regulatory cost is expected and certainly none that will exceed any of the criteria of s. 120.541(2)(a), F.S.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.

RULEMAKING AUTHORITY: 1001.02(2)(n), 1003.4203(9), 1003.491(5)(D), 1011.62(1), F.S.

A HEARING WILL BE HELD AT THE DATE, TIME AND PLACE SHOWN BELOW:

DATE AND TIME: August 17, 2022, 9:00 a.m.

(i) “Master Credentials List” means the list adopted by Credentials Review Committee and CareerSource Florida and transmitted to the Department in accordance with Section 445.004, F.S. (k) “Proctor” is the individual assigned to administer industry certification exams.

(l) “Remote proctoring” is the process of taking an exam while the test taker is in one location and the virtual proctor is in another location.

(m) “Virtual proctor” is a live human who remotely watches the test taker during the exam. This person must see the test candidate and the exam synchronously, as well as the environment in which the test is taken.

(3) Adoption of the Master Credentials List. The “2022-2023 Master Credentials List” submitted to the Department by CareerSource Florida (reference link) is adopted by the State Board of Education and incorporated by reference in this rule. The list may be obtained from the Department of Education,

Room 744, Turlington Building, 325 West Gaines Street, Tallahassee, FL 32399.

(4) Adoption of the annual Funding List. The Funding List is composed of industry certifications, certificates, and courses as specified in Sections 1008.44 and 1011.62(1), F.S.

3. CAPE Digital Tool Certificates.

(b) Industry certifications on the Funding List are designated as postsecondary funding eligible in accordance with ss. 1011.80 and 1011.81, F.S., based upon the postsecondary funding recommendation provided by CareerSource Florida on the Master Credentials List.

(c) The Funding List contains waivers of age, grade level, diploma or degree, and post-graduation work experience. Students earning a certification with a waived requirement may be reported for funding if the student completed all requirements for earning the certification except for the waived component.

(d) The “2022-2023 CAPE Industry Certification Funding List” (reference link) published by the Department of Education and is incorporated by reference in this rule. The list may be obtained from the Department of Education, Room 744, Turlington Building, 325 West Gaines Street, Tallahassee, FL 32399.

(5) General requirements for inclusion on the Funding List. For inclusion on this list, each certification must:

(a) Require written or performance-based examinations for students that are designed to award a certificate only when a student demonstrates competency or proficiency in the certification area;

(b) Be developed by a third party and administered in accordance with the test administration procedures specified by the certifying agency;

(c) Require all written examinations be proctored by a third party and not proctored by the individual providing direct instruction for the industry certification;

(d) Require performance-based competency examinations be independently evaluated and not performed by the student’s direct instructor;

(e) Require the exam questions be delivered in a secure manner and not available to the test proctor for an extended period of time, other than the time necessary to receive, distribute, and return any written materials to the scoring entity; and,

(f) Require that the written examinations be scored by the certifying agency.

(6) Designation of K-12 funding eligibility on the Funding List. In order for a certification or digital tool certificate to be

eligible for additional FTE membership funding pursuant to Section 1011.62(1), F.S., the following criteria must be met:

(a) To be included as a CAPE Industry Certification or a CAPE Acceleration Industry Certification on the Funding List, a certification must:

1. Be on the Master Credentials List,
2. Be requested by a school district for inclusion with K-12 funding eligibility,
3. Be achievable by students in a secondary level program or a career dual enrollment program offered by a school district; and,
4. Require a minimum of one hundred fifty (150) hours of instruction.

(b) To be included as a CAPE Acceleration Industry Certification, the certification must have a statewide articulation agreement approved by the State Board of Education in Rule 6A-10.0401, F.A.C., with fifteen (15) or more college credits.

(c) To be included as a CAPE Digital Tool Certificate, the certificate must be designated on the Master Credentials List as a certificate that meets the requirements in Sections 1003.4203(3) and 1008.44(1)(b), F.S.

(7) Publication Date for the Funding List. The Funding List for the school year shall be published no later than August 1.

(8) Funding weights for certifications on the Funding List. Pursuant to Section 1011.62(1), F.S., the weight used for CAPE Industry Certifications and CAPE Acceleration Industry Certifications in the FEFP is based on statewide articulation agreements approved by the State Board of Education in Rule 6A-10.0401, F.A.C., which is incorporated herein by reference (reference link). If an articulation agreement is no longer current and is removed from Rule 6A-10.0401, F.A.C., after the start of the academic year, the funding weight will be updated during the adoption cycle for the following academic year. A copy of Rule 6A-10.0401, F.A.C. may be obtained from the Department of Education, Room 744, Turlington Building, 325 West Gaines Street, Tallahassee, FL 32399.

(9) Conditions for Florida Education Finance Program (FEFP) calculation and reporting.

(a) A school district is eligible for additional FTE membership under the following conditions:

1. Middle grades or high school student is enrolled in a registered career-themed course and completes a related CAPE Industry Certification or CAPE Acceleration Industry Certification on the Funding List, or
2. Elementary or middle grades student completes a CAPE Digital Tool Certificate on the Funding List, or
3. Middle grades or high school student is enrolled in a CAPE Innovation Course and completes all of the requirements for the CAPE Innovation Course.

(b) Pursuant to Section 1011.62(1), F.S., middle grades students who earn additional FTE membership for a CAPE Digital Tool Certificate may not use the previously funded examination to satisfy the requirements for earning a CAPE Industry Certification, CAPE Acceleration Industry Certification, or CAPE Innovation Course. The district shall not report a certification for which a portion of the industry certification exams were previously funded as a CAPE Digital Tool Certificate.

(c) To report successful attainment of certifications, certificates, and course completion on the Funding List, the following test administration procedures for all examinations associated with earning the industry certification must be followed:

1. The written exam is not proctored by the individual providing the direct instruction for the industry certification or certificate, except if the only individual permitted to be a proctor by the certifying agency is providing direct instruction for the industry certification and only one (1) eligible proctor is approved in a school. In this situation, all written tests are independently monitored by a second individual who does not provide direct instruction for the industry certification to the individuals taking the test(s).

2. The written exam questions are delivered in a secure manner and paper-based tests are not available to the test proctor for a period of time, other than the time necessary to receive, distribute, and return any written materials to the scoring entity.

3. The exam is scored by the certifying agency for the industry certification or certificate or an approved vendor of the certifying agency and may not be scored by a representative of the school district or the examinee.

4. The exam has been administered in accordance with the test administration procedures specified by the certifying agency; and,

5. ## Section XI Notices Regarding Bids, Proposals and Purchasing

**TOWN OF LAKE PARK**

Town of Lake Park Florida P3 Redevelopment of the Lake Park Harbor Marina and Adjacent Property.

**TOWN OF LAKE PARK, FLORIDA**

**LEGAL NOTICE**

NOTICE IS HEREBY GIVEN as required by § 255.065(3)(b) that the Town of Lake Park, Florida (Town) is accepting proposals from private entities with regards to the proposed redevelopment of the parcels of land owned by the Town which comprise the Lake Park Harbor Marina and an adjacent property which currently provides boat trailer parking (the Qualifying Project). The parcel control numbers of the above parcels and adjacent property (collectively, the Site) are set forth below. Private entities who make proposals shall note that pursuant to Fla. Stat. § 255.065(1)(i), a Qualifying Project and its infrastructure must serve a public purpose and be used by the public at large or in support of an accepted public purpose or activity.

**PROCUREMENT STATUS**

In January 2021 the Town received two unsolicited proposals for this Qualifying Project. The Town accepted and reviewed both of these proposals. The Mayor and Commission voted to select the unsolicited proposal submitted by Forest Development P3 LPM, LLC (Forest Development). The Forest Development proposal generally consists of the renovation and enhancement of the marina and the development of various uses and improvements to support the marina, enhance the waterfront, and attract visitors and residents to this area.

Having accepted the unsolicited proposal of Forest Development, the Commission hereby gives notice that prior to entering into a Comprehensive Agreement as delineated in Florida Statute 255.065(7), it will consider other proposals from developers who want to be considered as the Town's private entity partner for the Qualifying Project. A brief description of the Qualifying Project is as follows:

As part of a public private partnership (known as a P-3) with a developer the Town proposes to redevelop the Site with a mixed-use recreation-focused destination-type development, which provides the public with access to commercial businesses, public spaces, and access to the waterfront. The redevelopment of the Site would enhance the public's current access and use of the Site's services and amenities.

The Site includes an existing 'peninsula' Marina parcel (zoned Public), along with adjacent inland parking lot parcels that extend from US HWY 1, east to the Intracoastal Waterway (zoned Mixed Use and located in the Town's Federal Highway

Mixed Use District Overlay (FHMUDO). The inland parking-lot parcels are governed by the FHMUDO and as such have land development regulations that provide for redevelopment in accordance with the Federal Highway Corridor regulating plan as set forth in the FHMUDO. The Site also includes an area that was purchased by the Town with Palm Beach County bond funds from the County's "Access to the Waterfront" bond issue. The Town owns this area of the Site (PCN 36434220011140160), and it currently serves as a boat/vehicular parking lot and boat launching ramp area. The Town envisions that the Site along with other areas along the US Hwy 1 corridor should provide the public with enhanced public access and use of the waterfront as part of the Site's redevelopment into an exceptional new waterfront destination. The Town invites proposals from developers that have a demonstrated history of successful mixed use projects to be the Town's partner in the redevelopment and expansion of the Site. Parcel control numbers of the properties which comprise the Site include:

- PCN. 36-43-42-20-01-114-0281
- PCN. 36-43-42-20-01-114-0250
- PCN. 36-43-42-20-01-114-0260
- PCN. 36-43-42-20-01-114-0160
- PCN. 36-43-42-21-00-004-0010

Proposers should examine the status of title of these parcels and are hereby notified that some of the parcels contain clauses that could cause title to a parcel to revert to the Trustees of the Internal Improvement Fund if the deed restrictions are not met. Proposers are encouraged to contact the Florida Department of Environmental Protection for further information regarding the deed restrictions.

**Review Fee and Deadline for Submission of Proposals**

Each proposer shall submit \$30,000 as a non-refundable proposal review fee to cover the Town's expenses for the evaluation of a proposal. Payment of the review fee shall be by cashier check, payable to the Town of Lake Park.

All proposals must be received by the Town within 30 days from the last date of publication of this notice and must include the name, address, and contact information of the authorized representative of the Proposer.

Proposals may be submitted to the Town addressed as follows: Town of Lake Park, 535 Park Avenue, Lake Park, Florida 33403, Attention Town Clerk Staffing

Marina operations are currently staffed by the Director of the Lake Park Harbor Marina and other Town employees. The employees of the marina are covered under a Collective Bargaining Agreement between the Town and the Federation of Public Employees, a Division of the National Federation of Public and Private Employees, (AFL-CIO).
