Section II Proposed Rules

DEPARTMENT OF MANAGEMENT SERVICES

Emergency Communications Board

RULE NO.: RULE TITLE:
60FF1-5.003 911 Grant Programs

PURPOSE AND EFFECT: The Board proposes the rule
amendment to update the language and substantially rewrite the
form regarding 911 grant programs.

SUMMARY: To update the language and substantially rewrite
the form regarding 911 grant programs.

**SUMMARY OF STATEMENT OF ESTIMATED
REGULATORY COSTS AND LEGISLATIVE
RATIFICATION:**

The Agency has determined that this will not have an adverse
impact on small business or likely increase directly or indirectly
regulatory costs in excess of \$200,000 in the aggregate within
one year after the implementation of the rule. A SERC has not
been prepared by the Agency.

The Agency has determined that the proposed rule is not
expected to require legislative ratification based on the
statement of estimated regulatory costs or if no SERC is
required, the information expressly relied upon and described
herein: During discussion of the economic impact of this rule at
its Board meeting, the Board concluded that this rule change
will not have any impact on licensees and their businesses or
the businesses that employ them. The rule will not increase any
fees, business costs, personnel costs, will not decrease profit
opportunities, and will not require any specialized knowledge
to comply. This change will not increase any direct or indirect
regulatory costs. Hence, the Board determined that a Statement
of Estimated Regulatory Costs (SERC) was not necessary and
that the rule will not require ratification by the Legislature. No
person or interested party submitted additional information
regarding the economic impact at that time.

Any person who wishes to provide information regarding a
statement of estimated regulatory costs, or provide a proposal
for a lower cost regulatory alternative must do so in writing
within 21 days of this notice.
