**RULE NO.:**            **RULE TITLE:**

34-12.750            Probable Cause Hearing

**PURPOSE AND EFFECT:** Rulemaking is needed to account for a recent statutory change to Section 112.3215(8)(d), Florida Statute, by Chapter 2023-49, Laws of Florida. This change modified how the Commission on Ethics may dispose of complaints or investigations resulting from complaints or random audits of lobbying reports. It specifies these types of proceedings may be dismissed at any stage of disposition if the Commission determines that it would not serve the public interest to proceed further. Currently, Rule 34-12.750(3) requires these matters to proceed to a probable cause hearing, and states these types of matters can only be dismissed based on a finding of no probable cause. The rulemaking would update this portion of the Rule to account for the statutory change.

SUMMARY: An addition will be made to Rule 34-12.750(3) to indicate that the Commission on Ethics may dismiss a complaint concerning a violation of Section 112.3215 at any stage of disposition if it determines that the public interest will not be served by proceeding further. The addition will also indicate, tracking the language in Chapter 2023-49, that the Commission's dismissal order will state with particularity its reasons for the dismissal.

**SUMMARY OF STATEMENT OF ESTIMATED REGULATORY COSTS AND LEGISLATIVE RATIFICATION:**

The Agency has determined that this will not have an adverse impact on small business or likely increase directly or indirectly regulatory costs in excess of \$200,000 in the aggregate within one year after the implementation of the rule. A SERC has not been prepared by the Agency.

The Agency has determined that the proposed rule is not expected to require legislative ratification based on the statement of estimated regulatory costs or if no SERC is required, the information expressly relied upon and described herein: During discussion of the economic impact of this rule at its Board meeting, the Board concluded that this rule change will not have any impact on licensees and their businesses or the businesses that employ them. The rule will not increase any fees, business costs, personnel costs, will not decrease profit opportunities, and will not require any specialized knowledge to comply. This change will not increase any direct or indirect regulatory costs. Hence, the Board determined that a Statement of Estimated Regulatory Costs (SERC) was not necessary and that the rule will not require ratification by the Legislature. No person or interested party submitted additional information regarding the economic impact at that time.

Any person who wishes to provide information regarding a statement of estimated regulatory costs, or provide a proposal for a lower cost regulatory alternative must do so in writing within 21 days of this notice.
