1. requesting from a child the child’s parent’s name, address, phone number, and e-mail address;

2. contacting the name provided by the child and confirming that the parent is the child’s parent by obtaining documents or information sufficient to evidence that relationship; and

3. utilizing any commercially reasonable method regularly used by the government or business to verify that parent’s identity and age.

(2) Notice of Alleged Violation –

(a) Consumers and authorized persons who seek to exercise their rights pursuant to Section, 501.705, F.S., may file a complaint with the department. After receipt of a consumer complaint with the required information, the department shall provide written notice thereof to the controller named in the complaint. The required information for a complaint shall include:

1. The consumer’s name, address, telephone number, email address and any username or identity with the controller;

2. The authorized person’s name, address, telephone number, email address, and relationship with the consumer, if an authorized person is submitting a complaint on behalf of a consumer;

3. The controller’s name and website; and

4. A description of all actions the consumer or authorized person requested the controller to take in connection with the rights provided in Section 501.705.

(b) The written notice of violation shall include a copy of the complaint received by the department or a portion thereof, which may be redacted to comply with applicable laws protecting personal or confidential data of the consumer and the authorized person, if any.

(c) As provided in Section 501.72(2), F.S., the written notice of violation may inform the controller of whether the department is granting the controller a forty-five (45) day cure period, the date by which the cure is required, and the name and contact information of the person within the department to whom the controller shall provide proof of any curative measures it takes.

(d) In determining whether to grant a forty-five (45)-day period to cure, the department may consider the number and frequency of violations, the substantial likelihood of injury to the public, and the safety of persons or property. The department will not grant a forty-five (45)-day period to cure for alleged violations involving a child. Any action taken by the department against a controller for a violation of Section 501.701, F.S., shall not be limited to violations identified in the consumer’s complaint.

(3) Effect of Appeal – A consumer’s filing or submission of an appeal to a controller for refusal to take action on a request pursuant to Section 501.707, F.S., shall not be a condition precedent to the department’s initiation of an action against the controller for violation of Section 501.701, F.S.

(4) Willful Disregard –

(a) A controller willfully disregards a consumer’s age if it, based on the facts or circumstance readily available to the controller, should reasonably have been aroused to question whether a consumer was a child and thereafter failed to perform reasonable age verification.

(b) The department will not find a controller willfully disregarded a consumer’s age if that controller utilizes a reasonable age verification method with respect to all its consumers and that reasonable age verification method determined that the consumer was not a child unless the controller later obtained actual knowledge that the consumer was a child and failed to act.

(5) Determination of a Parent – In determining whether someone is a parent entitled to exercise rights under Section 501.705, F.S., or any other provision of part V of Chapter 501, for a known child, a controller shall conduct reasonable parental verification before allowing the exercise of any right.

2-3.004 Florida Digital Bill of Rights – Standards for Authenticated Consumer Requests.

(1) Authentication – Upon receipt of a request to exercise consumer’s rights pursuant to Section 501.705, F.S., and prior to taking any action thereon or providing any response thereto, a controller shall use a commercially reasonable method to authenticate the consumer. In the event a person submits a request on behalf of another consumer, the controller shall use a commercially reasonable method to authenticate the person and determine whether the requestor is an authorized person who is entitled to submit the request on the consumer’s behalf.

(a) To determine whether a method of authentication is commercially reasonable, the controller shall consider:

1. The rights the requestor is seeking to exercise;
2. The type, sensitivity, value and volume of personal data at issue;
3. The degree of possible harm that could be suffered by the consumer in the event of improper access, use or deletion of their personal data; and
4. The cost to the controller for completing the authentication method.

(b) A controller shall avoid requesting additional personal data from a consumer or authorized person for the purpose of authentication. If the controller cannot authenticate the consumer or the authorized person’s authority to act on the consumer’s behalf, the controller may request additional information from the person submitting the request, which shall only be used for the purpose of completing the authentication. The controller shall immediately delete the newly obtained, additional data upon completion of the authentication process.

(c) A controller shall not require either a consumer, or an authorized person to pay a fee to either the controller, or any third party, for the purpose of authenticating either the person submitting the request, or their authority to submit the request.

(d) Authentication of Consumers Holding Password-Protected Accounts –

1. Where a consumer holds a password-protected account with the controller, the controller shall authenticate a consumer through the existing authentication method for the consumer’s account.
2. A controller shall not require a consumer to create a new password-protected account to facilitate any form of authentication.
3. A controller shall implement effective security measures to detect and prevent fraudulent authentication activity.
4. In the event the controller detects potentially fraudulent or malicious authentication activity by or from the password-protected account, the controller shall:
 - a. Notify the consumer of the activity as soon as practicable;

b. Attempt to authenticate the consumer using commercially reasonable means as described in Section 1(a)-(c); and

c. Refrain from complying with or responding to the request as described in Section 501.706, F.S., until and unless the consumer can be authenticated.

(e) Where a consumer elects to appeal the controller’s refusal to take action on a request pursuant to Section 501.707, F.S., and the appeal was requested by a person other than the person who submitted the original request, the controller shall authenticate the person requesting the appeal utilizing the same commercially reasonable authentication method established under Section 1(a)-(d).

Section VII Notice of Petitions and Dispositions Regarding Declaratory Statements

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Construction Industry Licensing Board

NOTICE IS HEREBY GIVEN that the Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Kyle Van Trieu, on February 08, 2024. The following is a summary of the agency's disposition of the petition:

Petitioner sought the determination from the Board regarding his licensure and qualifying credentials as a FDEP Distribution System Operator, LVL 1, FW&PCOA certified Reclaimed Water Field Site Inspector, Backflow Prevention Assembly Testing, Maintenance & Repair Specialist. The Notice of Petition for Declaratory Statement was published in Vol. 50, No. 30, on February 13, 2024, in the Florida Administrative Register. The Boards Order was filed on April 5, 2024. The Board, at its meeting held on March 15, 2024, declined to answer the Petition for Declaratory Statement, finding that the Petitioner lacked standing to bring the present request as he is not a substantially affected person as he does not have a Florida Contractors License. Furthermore, the Board determined that the request of the Petitioner is not properly before the Board as a Petition for Declaratory Statement as he is essentially requesting the Board enter into rulemaking.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Amanda Ackermann, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, Florida 32399-1039 or telephone: (850)487-1395, or by electronic mail to Amanda.Ackermann@myfloridalicense.com.

DEPARTMENT OF BUSINESS AND PROFESSIONAL REGULATION

Construction Industry Licensing Board

NOTICE IS HEREBY GIVEN that the Construction Industry Licensing Board has issued an order disposing of the petition for declaratory statement filed by Michael Flanagan, on January 31, 2024. The following is a summary of the agency's disposition of the petition:

Petitioner asked the Board, “Does the scope of work for Residential Swimming Pool and Spa Contractors (Section 489.103(3)(k), F.S.) include installation of swimming pool and spa equipotential bonding?” The Notice of Petition for Declaratory Statement was published in Vol. 50, No. 28, on February 9, 2024, in the Florida Administrative Register. The Boards Order was filed on April 5, 2024. The Board, at its

meeting held on March 15, 2024, declined to answer the Petition for Declaratory Statement, finding that the Petitioner was not present at the duly noticed hearing to present his Petition to the Board. Furthermore, the Board determined that the Petitioner does not meet the definition of a “substantially affected person,” as required by section 120.545(1), F.S., and therefore lacks standing to bring this petition.

A copy of the Order Disposing of the Petition for Declaratory Statement may be obtained by contacting: Amanda Ackermann, Executive Director, Construction Industry Licensing Board, 2601 Blair Stone Road, Tallahassee, Florida 32399-1039 or telephone: (850)487-1395, or by electronic mail to Amanda.Ackermann@myfloridalicense.com.

DEPARTMENT OF HEALTH

Board of Nursing

The Petitioner seeks a Declaratory Statement from the Board as to whether it is within the scope of practice for a Florida Registered Nurse to be delegated the task of medication administration of neurotoxins, such as Botox Cosmetic, and dermal fillers from a future medical director who would perform an exam for each patient, write an order for the prescribed cosmetic medication with descriptions of the muscle, number of units per injection site, tissue layer, or any relevant injection notes. Except for good cause shown, motions for leave to intervene must be filed within 21 days after the publication of this notice.

A copy of the Petition for Declaratory Statement may be obtained by contacting: Joe R. Baker, Jr., Executive Director, Board of Nursing, 4052 Bald Cypress Way, Bin #C02, Tallahassee, Florida 32399, MQA.Nursing@flhealth.gov, or by telephone at (850)245-4125.
