covering the cooperative work of the National Poultry Improvement Plan (NPIP).

A. The Official State Agency agrees:

1. To keep the Participant informed of all provisions governing participation in the NPIP.
2. To provide Authorized Testing Agents to conduct blood test for the disease program for which the flock is a candidate.
3. To conduct efficiently the inspection work called for in the NPIP provisions.
4. To permit the use of the prefix "U.S." in connection with other terms in describing the disease classifications for which products produced under the NPIP are qualified.
5. To investigate all reports of S. Pullorum and S. Gallinarium isolations in poultry to determine origin of infection.

B. The Participant agrees:

1. To comply with the NPIP requirements for the desired classification of the products.
2. To promptly submit to the Official State Agency the results of all testing done by authorized testing agents.
3. To keep records as required by the NPIP and to make such records available for inspection by the Official State Agency upon request.
4. To report to the Official State Agency all baby chicks, pullets, or other classes of poultry to be used as breeding flocks prior to the birds reaching 24 weeks of age.

C. Revocation of agreement:

It is mutually understood that this agreement may be revoked by the Official State Agency for cause or that the Participant may withdraw from the program by notifying the Official State Agency in writing. In case of either action, the Participant agrees to forfeit all rights and benefits derived from participating in the National Poultry Improvement Plan.
