<u>Change of Permit Association – Class III Pharmacy</u>

HEALTH Section 465.019(2)(d), F.S., provides that "Class III institutional pharmacies" are those institutional pharmacies, including central distribution facilities, affiliated with a hospital that provide the same services that are authorized by a Class II institutional pharmacy permit. Rule 64B16-28.750, F.A.C., provides that all Class III Institutional Pharmacies must be affiliated with a hospital.

This request for a change of permit association allows a Class II Institutional Pharmacy, who currently holds an <u>active</u> pharmacy permit, to change its pharmacy permit association from a Class II Institutional Pharmacy association to a Class III Pharmacy association. Rule 64B16-28.2021(1), F.A.C., provides that a pharmacy permit is not transferable. If there is any change in the identity (i.e. – change in the entity's Federal Employer Identification Number) of the business entity which holds the current pharmacy permit, a new application must be completed and a new permit obtained.

Application Type - Please ch	oose one of the follow	<u>ving:</u>				
Change of Permit Association (\$255.00 fee) Complete: Section A only.		Change of Location (\$100.00 fee) Complete: Sections A and B.

Policy and Procedure Questions

To be completed <u>only</u> by applicants who currently hold a license by the Board of Pharmacy as a Class II Institutional Pharmacy

The Consultant Pharmacist of Record is responsible for developing and maintaining a current policy and procedure manual. A copy of the permittee's policy and procedure manual as provided herein shall accompany the permit application. The original policy and procedure manual shall be kept within the Class III Institutional Pharmacy and shall be available for inspection by the Department of Health. The board office will approve the policy and procedure manual based upon answers submitted for the following questions, where applicable, by using excerpts or summaries from the policy and procedure manual.

- Describe practices and procedures for the preparation, dispensing, prepackaging, distribution, and transportation of medicinal drugs and prepackaged drug products.
- 2) Describe practices and procedures for maintaining records to monitor the movement, dispensing, distribution, and transportation of medicinal drugs and prepackaged drug products.
- 3) Describe practices and procedures for maintaining records of pharmacy staff responsible for each step in the preparation, dispensing, prepackaging, transportation, and distribution of medicinal drugs and prepackaged drug products.
- 4) Describe practices and procedures for identification of medicinal drugs and prepackaged drug products that may not be safely distributed among Class III Institutional Pharmacies and Health Care Establishment Permits under common control.
