1. Permit holders are entitled to a refund of the fuel sales tax levied under ss. 206.41 (1)(b) and (g) and 206.87(1)(a) and (e) of Chapter 206, F.S., on gasoline, gasohol and diesel fuel purchased. The applicable tax rates are entered by the Department and are published annually in Taxpayer Information Publications on the Department's website at: **floridarevenue.com/taxes/tips**.
2. Applications are to be used only for the quarter indicated on the face of this application. Only original refund applications are acceptable. Application forms may be requested from the Department of Revenue, Refunds.
3. Refund permits are renewed on an annual basis only if the permit holder files quarterly claims during the year.
4. Applications must be filed quarterly, no later than the last day of the month immediately following the quarter. The filing date may be extended one additional month only if a justified, written excuse is submitted with the claim and only if the prior quarter's claim was filed on time.

Purchases Made During	Claims Must Be Filed By *	With A Written Excuse - No Later Than
January, February, and March	April 30	May 31
April, May, and June	July 31	August 31
July, August, and September	October 31	November 30
October, November, and December	January 31	February 28

\*Amended application for prior quarter must be received by current quarter's deadline. Example: You must submit an amended March quarterly application by July 31.

5. Each permit holder must maintain records to substantiate:
  - Fuel was used by a qualified applicant
  - Fuel taxes were paid on the refundable gallons
  - Gallons reported as Beginning and Ending Inventory
  - Fuel was used in an eligible manner

When copies of your records are required to determine the amount of refund due, the Department will issue a written request to you within 30 days of the receipt of your application. Your application for a refund is not complete until the requested records are received by the Department.

6. The Schedule of Purchases (Page 3), detailing the information listed below, may be submitted instead of original invoices. Include only one product type listed at the top of the Schedule of Purchases. Separate schedules must be used for each product type. However, first time filers of this form must submit tax paid invoices with their initial refund request.

A. Name and address of supplier that you purchased motor fuel from.

B. Department of Environmental Protection storage tank facility identification number of the tank where the motor fuel was stored prior to purchase or the federal

employee identification number of the seller.

C. Type of motor fuel you purchased using the product types listed at the top of the schedules.

D. Sales invoice number.

E. Date that you took possession of the motor fuel from the supplier (must be within this calendar quarter).

F. County in which you took possession of the motor fuel from the supplier.

G. Total price you paid for the motor fuel purchased.

H. Number of gallons of motor fuel you purchased.

7. In the event of overpayment of any refund, the Department of Revenue will refuse to make further refunds and advise the payee of the amount to be reimbursed.

8. Gallons that you purchased during the previous year and consumed during the current quarter will not be eligible for the full refundable rate for the current year. Instead, these gallons should be multiplied by last year's rate. This adjustment will compensate for any inventory that was assessed at last year's rate and carried forward to the current calendar year.
